

The Experience Engineering Summer Program (EESP) Scholarship Application

As an institution founded on the principles of offering education with equal opportunity, the University of Mount Union deliberately works to create an inclusive culture that values diversity. Mount Union is now offering scholarship dollars for underrepresented groups of students with a passion for engineering, allowing them to gain a better understanding of the wide range of fields that make up the profession with the option of earning college credit.

Name: _____

Permanent Address: _____

City: _____ State: _____ Zip code: _____

Home Phone: _____

Local Address: _____

Cell Phone: _____

- ❖ **Applicant must be a high school sophomore, junior, senior, or recent high school graduate preparing to enroll as a college freshman.**
- ❖ **Applicant must have successfully completed Algebra I.**
- ❖ **Student with an interest in pursuing a career in engineering and have some exposure to engineering courses in high school are strongly encouraged to sign up. Students with little or no engineering exposure are also welcome and encouraged.**
- ❖ **Please share, in 500 words or less, how the underrepresented population that you identify with has shaped you into the student you are today, and explain why you are interested in pursuing a career in engineering.**

By signing this application, the student gives permission to release this application to the members of the University of Mount Union faculty and staff.
