The University of Mount Union reserves the right to change policies, regulations, courses and fees at any time subsequent to the publication of this Graduate Catalogue.

The Mount Union Graduate Catalogue in effect at the time of a student’s admission to the University shall govern such student’s degree requirements; an extended period of non-enrollment at the University may, at the time of return, result in a change to requirements as specified in a later issue of the Graduate Catalogue.

Each student has the responsibility to be aware of and to meet the Graduate Catalogue requirements for graduation, and to adhere to all rules, regulations and deadlines published in this Graduate Catalogue.

It is the policy of the University of Mount Union not to discriminate on the basis of race, sex, sexual orientation, religion, age, color, creed, national or ethnic origin, marital or parental status, or disability in student admissions, financial aid, educational or athletic programs, or employment as now or may hereafter be required by Title VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act of 1990, regulations of the Internal Revenue Service, and all other applicable federal, state and local statutes, ordinances and regulations. Inquiries regarding compliance may be directed to (330) 823-7288, Associate Dean of Students, Hoover-Price Campus Center, or to (330) 829-6560, Director of Human Resources and Employee Development, Beeghly Hall.

The University

Institutional Mission
The University of Mount Union offers a liberal arts education grounded in the Judeo-Christian tradition. The University affirms the importance of reason, open inquiry, living faith, and individual worth. Mount Union’s mission is to prepare students for meaningful work, fulfilling lives, and responsible citizenship.

Heritage
The University of Mount Union is proud of its religious heritage and its background in the Methodist Church. For more than a century, the University has been officially connected with the Methodist Church. It is now affiliated with the East Ohio, West Ohio and Western Pennsylvania Conferences of the United Methodist Church.

The Christian commitment of the University goes beyond historical and institutional ties even though the United Methodist Church exercises no direct control over the educational functions of the University. The Christian and liberal arts traditions reinforce each other in the striving for excellence, concern for the inherent dignity and worth of each individual and the emphasis on the spiritual as well as the intellectual achievements of humanity.

Admission to the University graduate programs is predicated on academic excellence and promise. We are aware that we cannot do everything for every student who seeks a graduate degree, but we do believe that we must do something vital for each student who enrolls in the University’s graduate programs. Mount Union believes in the fundamental equality of all human beings and in the right of equal opportunity for all it seeks to serve and for all whom it employs.
History

The University of Mount Union is the outgrowth of a town meeting held by forward-looking citizens of the village of Mount Union on October 4, 1846. At that time, the people gathered to hear Orville Nelson Hartshorn outline the need for a new institution in the area, where men and women could be educated with equal opportunity, where science would parallel the humanities, where laboratory and experimental subjects would receive proper emphasis, and where there would be no distinction due to race, color, sex or position. On October 20, 1846, this young man organized and taught on the third floor of the “Old Carding Mill” a “select school” of six students.

The school grew rapidly under his inspired leadership and in 1849 became known as “Mount Union Seminary.”

In 1853 a “normal department” was added for the training of teachers. On January 9, 1858, the institution was chartered and incorporated under the laws of the State of Ohio as “Mount Union College.”

Although Mount Union had not been established by church efforts, its founder and early faculty members were dedicated Methodist laymen. One of the articles in the charter of the institution looked to the day when Mount Union would come under the patronage of some annual conference of the Methodist Episcopal Church. The Pittsburgh Annual Conference “heartily endorsed” the new University in 1858, but it was not until 1864 that Mount Union was granted full patronage by the conference.

In September 1911, Scio University, located at Scio, Ohio, was united with Mount Union. By the articles of consolidation, the liberal arts alumni of the former institution were made alumni of the latter.

Scio was established in 1857 at Harlem Springs, Ohio, as “The Rural Seminary.” In 1867 the school was moved to New Market, where it was known variously as New Market College, the One-Study University, and finally, Scio University in 1878.

For many years Mount Union has claimed the distinction of being one of the first institutions to have a summer school. Started in 1870, this first summer school was actually a fourth term in the school year. Since that time, summer instruction has been offered each year at the institution.

On August 1, 2010, the institution officially became known as the University of Mount Union. The change to a “university” designation was made in an effort to better describe what Mount Union is today and more effectively communicate all that the institution has to offer. This decision, unanimously approved by the Board of Trustees, came after careful review of data gathered through numerous research efforts and thoughtful consideration and discussion.

Accreditations and Affiliations

The University of Mount Union is accredited by the following organizations: the Higher Learning Commission of the North Central Association of College and Schools (www.ncalhc.org) as a Degree-Granting Institution; Department of Education of the State of Ohio; University Senate of the United Methodist Church; Ohio Board of Regents (Certificate of Authorization); National Collegiate Athletic Association (NCAA); Ohio Athletic Association; Association of Independent Colleges and Universities of Ohio; National Association of Schools of Music (NASM); American Association for Health Education (AAHE); and National Association of Sport and Physical Education (NASPE). The athletic training program is approved by the Commission on Accreditation of Athletic Training Education (CAATE), and Mount Union’s teacher education program is approved by the Ohio Department of Education and accredited by the National Council for Accreditation of Teacher Education (NCATE). The Physician Assistant Program has received a provisional accreditation from the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA).

The Five College Commission

The Five College Commission, which operates as a division of The Commission on Higher Education of the United Methodist Church in Ohio, includes in its membership the five United Methodist Colleges in the state: Mount Union, Baldwin-Wallace, Ohio Northern, Ohio Wesleyan and Otterbein. The purpose of the Five College Commission is to promote communication and understanding and to serve as liaison between the five United Methodist Colleges and the United Methodists of the State of Ohio for their mutual benefit.

Alumni and Related Organizations

The University of Mount Union Alumni Association was officially organized in 1948, having functioned for many years as an informal organization. Its purpose is to promote interest in Mount Union through a variety of programs. All former students are automatically members of the association. Activities are coordinated through the Office of Alumni Relations, part of the University’s administrative staff and the Alumni Council from the association.

The Association holds local meetings each year in many areas throughout the nation. Special programs for alumni from all areas are provided at the University on Alumni Weekend and also on Homecoming Day. Mount Union Magazine, a quarterly publication, keeps alumni and friends informed of the programs and activities of the association and of the University.

The Mount Union Women, founded in 1933, is an organization of local chapters with the National Cabinet as its governing body. Its purposes are to foster the interests of Mount Union, to promote the education of women, to provide an effective medium of contact between alumnae and the University and to organize local chapters of Mount Union Women.

Any woman who has attended Mount Union is a member of Mount Union Women. Associate memberships may be held by the wife of an alumnus and the mother, daughter or sister of an alumnus or alumna. Honorary memberships are given to the wife of the president of the University, the wives of all members of Administrative Council, the director of alumni activities and women members of the University’s Board of Trustees. Honorary memberships may be given to women professors and wives of professors.
Academic Policies and Procedures

Student Responsibility
Each student has the responsibility to be aware of and to adhere to all rules, regulations and deadlines published in this Graduate Catalogue, and in any Handbooks provided by graduate programs.

The University of Mount Union Educational Records Policy
In accordance with the Family Educational Rights and Privacy Act (commonly referred to as FERPA, or the “Buckley Amendment”), Mount Union has adopted the following policies and procedures to protect the privacy of educational records. Students will be notified of their FERPA rights annually by publication in the Graduate Catalogue and on the University’s website.

Definitions
The University of Mount Union uses the following definitions in this policy
Student: any person who attends or has attended the University.
Education records: any record in whatever form (handwritten, taped, print, film or other medium) which is maintained by the University and is directly related to a student, with the following exceptions:
• personal records kept by a University staff member if the record is not revealed to others and is kept in the sole possession of the staff member;
• student employment records that relate exclusively to the student in the capacity of an employee;
• records maintained separately from educational records solely for law enforcement agencies of the same jurisdiction;
• counseling records maintained by the University chaplain or the University counselor;
• medical records maintained by the University solely for treatment and made available only to those persons providing treatment; and
• Office of Alumni Activities records.

Rights Under FERPA
A student shall have the right and parents of a dependent student may have the right to do the following:
• inspect and review the student’s education records;
• request that the student’s education records be amended to ensure the records are not inaccurate, misleading or otherwise in violation of a student’s privacy or other rights;
• consent to disclosures of personally identifiable information contained in the student’s educational records, except to the extent that FERPA authorizes disclosure without consent;
• file a complaint with the U.S. Department of Education concerning the failure of the University to comply with the requirements of FERPA; and

Procedure to Inspect Education Records
Students may inspect and review their education records upon request to the appropriate record custodian(s). Students must submit a written request that identifies as precisely as possible the record(s) the student wishes to inspect.
Access will be provided within 45 days of the written request. Information contained in educational records will be fully explained and interpreted to students by University personnel assigned to, and designated by, the appropriate office.
Student records are maintained in the following offices:
• admissions and academic records in the Office of the Registrar;
• financial aid records in the Office of Student Financial Services;
• financial records in the Office of Business Affairs;
• progress and advising records in the departmental offices and faculty offices;
• disability-related records in Disability Support Services;
• counseling records in the Office of the Chaplain and Counseling Services;
• academic dishonesty records in the Office of Academic Affairs;
• disciplinary and student conduct records in the Office of Student Affairs.

Right of the University to Refuse Access
The University reserves the right to refuse to permit a student to inspect the following information:
• the financial statement of the student’s parents;
• letters of recommendation for which the student has waived his or her right of access;
• records of applicants who were neither admitted to nor attended the University of Mount Union;
• records containing information about more than one student, in which case the University will permit access only to that part of the record which pertains to the inquiring student; and
• records which are excluded from the FERPA definition of educational records.
Right to Challenge Information in Records
Students have the right to challenge the content of their education records if they consider the information contained therein to be inaccurate, misleading or inappropriate. This includes an opportunity to amend the records or insert written explanations by the student into such records. The student may not initiate a FERPA challenge of a grade awarded unless it was inaccurately recorded; in such cases the correct grade will be recorded.

Procedures for Hearings to Challenge Records
Students wishing to challenge the content of their education records must submit, in writing to the appropriate office, a request for a hearing which includes the specific information in question and the reasons for the challenge.

Hearings will be conducted by a University official who does not have a direct interest in the outcome of the hearing. Students will be afforded a full and fair opportunity to present evidence relevant to the reasons for the challenge. The hearing officer will render a decision in writing, within a reasonable period of time, noting the reason and summarizing all evidence presented.

If the hearing results are in favor of the student, the record shall be amended. Should the request be denied, an appeal may be made, in writing, and submitted to the registrar within 10 days of the student’s notification by the hearing officer. The appeal shall be heard by an Appeals Board of three disinterested senior University officials. The board will render a decision, in writing, within a reasonable period of time.

Should the appeal decision be in favor of the student, the record shall be amended accordingly. Should the appeal be denied, the student may choose to place a statement with the record commenting on the accuracy of the information in the record and/or setting forth any basis for inaccuracy. As long as the student’s record is maintained by the University, when disclosed to an authorized party, the record will always include the student’s statement and the board’s decision.

Disclosure of Education Records
The University will disclose “non-directory” information contained in a student’s educational record only with the written consent of the student, with the following exceptions:

• to school officials, including teachers, who have a legitimate educational interest in the record;
• to officials of another school in which the student seeks or intends to enroll;
• to federal, state and local agencies and authorities as provided under law;
• to the parents of an eligible student if the student is claimed as a dependant for income tax purposes;
• accrediting organizations;
• to comply with a judicial order or lawfully issued subpoena;
• emergencies affecting the health or safety of the student or other persons; and
• as otherwise permitted by FERPA.
• Any student who wishes to authorize release of his or her grades to one or both parents should complete a disclosure form in the Office of the Registrar.

Directory Information
Disclosure of directory information normally may be made without the student’s consent. Directory information includes the student’s name; school and permanent addresses; school, permanent and cellular telephone numbers; school mailbox address; school e-mail address; date and place of birth; majors and minors; dates of attendance; enrollment status; class level; degree(s) received and dates of conferral; honors and awards earned; previous institutions attended; weight and height of athletes; participation in officially recognized activities and sports; and photograph.

A student who wishes to have all directory information withheld must submit an “Authorization to Withhold Directory Information” form to the registrar. The hold will become effective the first day of class in the next regular semester (fall or spring). Once filed this request becomes a permanent part of the student’s record until the student instructs the registrar in writing to have the request removed. Because the University’s computer system is unable to put a “hold” on selective directory information, all directory information will be placed on hold or all directory information except name and e-mail address will be placed on hold. Moreover, this request does not restrict the release of this information to individuals and agencies list in “Disclosure of Educational Records” above.

Petitions and Appeals Regarding Non-Disciplinary Academic Matters
Any student with a concern about a non-disciplinary academic matter (for example, the assignment of a grade or the substitution of a course) should attempt to resolve the matter with the instructor, if one is involved, or the graduate program director. If the matter then remains unresolved, the student may submit a petition to the Academic Policies Committee for review. Petition forms and information are available from the Office of the Registrar.

The student may appeal decisions of the Academic Policies Committee to the Vice President for Academic Affairs of the University. The student must submit a written request for an appeal to the Office of Academic Affairs no later than five business days following the notification of the committee’s decision.
Program of Study
Physician Assistant Studies

Admission Requirements
Admission to the Mount Union Physician Assistant Studies Program is based on the following requirements.

1. Degree: A bachelor’s degree from a regionally accredited college or university is required. Applicants with degrees from any discipline are welcome to apply to the program as long as the prerequisite coursework is complete (see below).
2. GPA: The program requires an overall GPA of 3.0 or above on a 4.0 scale and a cumulative 3.0 GPA on a 4.0 scale in prerequisite coursework. Overall and science GPAs greater than 3.0 are preferred.
3. Prerequisite Coursework: The following coursework is required.

<table>
<thead>
<tr>
<th>Prerequisite Course</th>
<th>Mount Union Equivalents</th>
<th>Semester Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>English Composition</td>
<td>EH 100 or EH 120</td>
<td>3</td>
</tr>
<tr>
<td>General Psychology</td>
<td>PY 110</td>
<td>3</td>
</tr>
<tr>
<td>General Biology I and II with labs or higher level biology courses</td>
<td>BI 140 and BI 270</td>
<td>8</td>
</tr>
<tr>
<td>Anatomy and Physiology I and II with labs*</td>
<td>BI 210 and BI 211</td>
<td>8</td>
</tr>
<tr>
<td>Genetics</td>
<td>BI 240W</td>
<td>2-4</td>
</tr>
<tr>
<td>Inorganic Chemistry with lab</td>
<td>CH 111W</td>
<td>3-4</td>
</tr>
<tr>
<td>Organic Chemistry I with lab</td>
<td>CH 231</td>
<td>3-4</td>
</tr>
<tr>
<td>Elementary statistics or Biostatistics**</td>
<td>MA 123 or PY 201</td>
<td>3-4</td>
</tr>
<tr>
<td>Microbiology with lab</td>
<td>BI 305</td>
<td>4</td>
</tr>
<tr>
<td>Medical Terminology***</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

All prerequisite coursework must be completed with a grade of “C” or better. No grade of “C-” or lower will be accepted. All prerequisite science and math coursework must have been completed within the past 10 years. Coursework older than 10 years will be reviewed on a case by case basis for acceptance.

One semester of Human Anatomy PLUS one semester of Human Physiology plus labs can substitute for Anatomy and Physiology I and II.

** Elementary Statistics cannot be replaced by any other math (like calculus)

*** Medical Terminology requirement may be met via a proficiency exam given on the day of the interview. Failure of the proficiency exam will require the student to complete and pass a self-directed medical terminology course prior to matriculation.

4. Physician Assistant Shadowing Experience: All applicants to the program must complete 40 hours of shadowing a NCCPA-certified physician assistant prior to application to the program. The applicant is responsible for the arrangement of the shadowing experience. Documentation verifying the shadowing experience must be submitted with the supplemental application to the program. Applicants with more than the minimum 40 hour requirement will be preferred.
5. The Supplemental Application must be submitted to the University of Mount Union, Office of Admission by the application deadline.
6. Applicants must complete an application via the Central Application Service for Physician Assistants (CASPA) and submit it by the October 1 deadline.
7. Graduate Record Exam (GRE): General Exam. Please designate code 5966 on the GRE registration. Test scores should not be older than three years. While there is no minimum GRE score required for admission, the competitive candidate will have scores above the 50th percentile. Combined scores greater than 1000 are preferred.
8. Candidates must have the ability to meet the Technical Standards of the program. See p. 16 for a listing of technical standards.
9. Three letters of recommendation must be submitted via the CASPA web site. One recommendation must be from a practicing physician or physician assistant.
10. **For International Students Only**

For International Students Only

Foreign Transcripts: All transcripts from an institution in any country other than the United States must have a course-by-course evaluation, plus determination of letter grade equivalence. Either of the following agencies may be used for foreign transcript evaluation:

- **World Education Services**
  P.O. Box 745, Old Chelsea Station
  New York, NY 10113-0745
  Phone: (212) 966-6311 or (800) 937-3898
  Fax: (212) 739-6139
  Web: http://www.aes-edu.org/

- **Education Credentials Evaluators**
  PO Box 514070
  Milwaukee, WI 53203-3470
  Phone: (414) 289-3411
  Fax: (414) 289-3400
  Web: http://www.ece.org/

  a. International students must submit official TOEFL scores. Scores of 550 or above on the paper-based test, 213 or above on the computerized test or 100 or above on the internet test are required for citizens of non-English speaking countries.

  b. International students also are required to have U.S. visa information if they are currently residing in the United States.

11. **Background Check:** Students must request and pay online for a criminal background check prior to program matriculation. Information will be provided upon acceptance.

12. **Patient Care Experience:** This experience is not required, but is preferred.

13. **Preference:** Preference will be given to University of Mount Union graduates who meet all other admission prerequisites. Up to 20 percent of the 25 available seats in each entering class may be granted to University of Mount Union graduates in a preferential manner, if all other admission requirements are met.

14. **Priority Admission:** The University of Mount Union Physician Assistant Studies Program offers priority admission to some applicants.

**Note:** The University of Mount Union Physician Assistant Studies Program does not offer credit for experience.

**Note:** There is no advanced placement within the University of Mount Union Physician Assistant Studies Program.

**Note:** The PA Program does not accept transfer credit from a student previously enrolled in another PA program, nor does it accept experiential credit. All students accepted in the PA program must satisfy all requirements of the didactic and clinical years of study.

## Tuition and Fees

Tuition and fees for the entire 27-month Physician Assistant Studies Program is as follows:

### Tuition and Fees - 2011 Cohort

<table>
<thead>
<tr>
<th>Description</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Entire 27-month PA program</td>
<td>$56,700</td>
</tr>
</tbody>
</table>

### Other Costs – 2011 Cohort

<table>
<thead>
<tr>
<th>Description</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Textbooks</td>
<td>$3,700</td>
</tr>
<tr>
<td>Laptop Computer</td>
<td>$3,500</td>
</tr>
<tr>
<td>Lab Costs, equipment, etc.</td>
<td>$2,500</td>
</tr>
<tr>
<td>PDA (Clinical Year)</td>
<td>$250</td>
</tr>
<tr>
<td>Health Record Maintenance (FileMD)</td>
<td>$80</td>
</tr>
<tr>
<td>Graduate Studies Program Fee</td>
<td>$500</td>
</tr>
<tr>
<td>University Technology Fee</td>
<td>$600</td>
</tr>
<tr>
<td>Total Other Costs Estimate</td>
<td>$10,880</td>
</tr>
</tbody>
</table>

**Note:** Living and travel expenses may vary widely, so they are not included in this estimate.

**While most clinical rotations are within a one-hour driving distance from University of Mount Union, students may elect to attend a clinical rotation in a more remote area. In these instances, the student will be responsible for costs associated with student housing, if necessary, unless previous arrangements have been made between the University and the clinical rotation site.

## Withdrawal Process

A student who wants to withdraw after classes have started for the semester initiates the process with the Program Director to indicate that he/she is withdrawing. The official date of withdrawal is the date the student contacted the Program Director OR the midpoint of the semester if the student leaves without notifying the institution OR the student’s last day of attendance at a documented academically related activity, whichever is the latest. This policy applies to students who withdraw from all their classes for the semester or are suspended.

Students who participate in activities on campus prior to the first day of classes and then submit written notice of withdrawal prior to the first day of classes shall be assessed an early withdrawal fee of $100.

The charges for tuition and fees assessed to the student are based on the number of calendar days (including Saturday and Sunday) that the student is enrolled on campus in direct proportion to the period of enrollment (number of calendar days in the semester). The student who withdraws after 60 percent of the enrollment period will be charged for the whole semester.
Financial Aid for Graduate Students

The primary goal of the financial aid program at Mount Union is to assist students in meeting their University expenses by providing financial resources. Financial assistance from the University should be considered as supplemental to the family effort. The investment of the family includes parental support for dependent students and a contribution from the students themselves. Mount Union will strive to assist eligible students to the greatest extent possible based on the University’s available resources.

Eligibility and Determination for Financial Aid for Graduate Students

To be eligible for financial assistance, the student must be classified as having at least half-time enrollment and show satisfactory progress toward meeting the requirements for a degree (see page 6). Institutional funds and federal grants are not available to graduate students.

Consideration for Federal Stafford Loans requires the student to file the Free Application for Federal Student Aid (FAFSA) each academic year and meet the federal eligibility requirements. Students must show financial need (according to the FAFSA) to qualify for Subsidized Stafford Loan funds. Maximum annual amounts equal $8,500 (subsidized) and $12,000 (unsubsidized). Amounts may not exceed the cost of attendance (direct and indirect costs associated with the program) in the given loan period.

Additionally, graduate students have the option to explore Federal Graduate PLUS Loans and private loans to assist with their costs. Amounts may not exceed the cost of attendance (direct and indirect costs associated with the program) in the given loan period.

Financial Aid Application Procedures for Graduate Students

The following steps are necessary in order to apply for financial aid at Mount Union:

A. The student applies for admission to the University.
B. The student files the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov to determine financial aid eligibility for need-based financial aid. The federal school code for Mount Union is 003083. The process begins on January 1 preceding the student’s entry term.
C. The process of sending award letters begins in March.

Financial Aid Renewal Procedure for Graduate Students

All financial aid awards are reviewed annually to accurately analyze any changes in the financial position of the student and his or her family. The annual review also permits the University to take into consideration any change in educational costs. The following information relates to renewal of financial aid:

A. File the Free Application for Federal Student Aid (FAFSA) renewal form online at www.fafsa.ed.gov. All renewal applicants are encouraged to file by March of each subsequent year.
B. The Office of Student Financial Services will provide reminders to students electronically.
C. Award letters are electronically available to students in March.

Applying for Graduation

All students who wish to graduate must apply for graduation at least one semester prior to their planned date of graduation. Application for Graduation forms are available in the Office of the Registrar or online at the registrar’s website. The University recommends that students apply at least one semester before graduation to ensure that all graduation requirements can be identified and completed by the expected graduation date. Once an application is received, the Office of the Registrar and the Director of your program will identify any remaining requirements for graduation on a Degree Clearance Form, a copy of which will be given to the student.

Degree Conferral

At the end of each cohort, the registrar presents to the program director the names of all students who have at that point successfully completed all requirements for graduation. The program director must then approve these potential graduates before they can be awarded a degree. Once the faculty have approved the candidates for a specific degree, that degree will be conferred on those students by the University.

“Walking” at Commencement

Students who are completing the Physician Assistant program will be permitted to “walk” at Commencement if they are making satisfactory progress toward the Master of Science degree, with no more than nine (9) hours of coursework remaining toward the completion of the program. The Director of the PA Program will confirm the eligibility of each student who submits an application to the Registrar to participate in the event.

Although the students in question will not receive their diplomas at the time of the Commencement ceremonies, they will be allowed to participate in the ceremonies in every other way. They will attend the ceremonies in academic regalia, and their names will appear in the program. These students will receive a diploma case (without diploma) during the ceremonies. Diplomas will be distributed to students at a later date, upon the completion of the program, once all degree requirements have been met.

Academic Honesty

(For more information, please refer to the current program student handbook.)

The practice of medicine requires sound judgment, honor, and integrity. All students enrolled in the University of Mount Union Physician Assistant Studies Program are expected to conform to the principles of academic honesty. Academic dishonesty will not be tolerated by the program faculty or the University.

Cheating also includes plagiarism, which, is the act of using another person’s ideas or expressions in your writing without acknowledging the source. It is giving the impression that you have written or thought of something that you have in fact borrowed from someone else.

Further forms of cheating include but are not limited to purchasing of papers, and presenting the same written work for more than one course without the permission of the instructor of the course in which the student is enrolled. The use of cellular phones and transmitting or recording devices during exams or exam review sessions is prohibited, and will be considered academic dishonesty. For students in the clinical year, honesty is expected in the recording of historic information, physical findings, laboratory data or other information not obtained directly by the student.
Requirements for the Degree in Physician Assistant Studies

The degree offered is a master of science in physician assistant studies. All students accepted into the Physician Assistant Program will be enrolled in an identical course schedule for the didactic year (first four semesters). During the clinical year students are required to complete eight required clinical rotations and two elective clinical rotations.

The grading scale will be that of the physician assistant program, which differs from that of the University of Mount Union grading scale. Students must pass all requirements and maintain good academic standing to continue in the program.

### Grading Scale

- 90-100%   A
- 80 - 89%   B
- 70- 79%   C
- < 70%   F

### Course Sequence

PA Program Course Descriptions

PA 501  The Physician Assistant Profession (1 credit)
Introduction to the PA Profession, including information about the history of the profession, AAPA Code of Ethics, credentialing and recertification requirements of the PA profession, the PA professional’s role in healthcare delivery and reimbursement systems, relationship with the supervising physician and other healthcare professionals; information about legislation and governing bodies that affect the profession. Use of appropriate referral sources when patient management is outside scope of PA practice; introduction to principal of intellectual honesty.

PA 502  Clinical Anatomy (4 credits)
In-depth study of clinical anatomy of the human body. Emphasis on important anatomical landmarks required in physical evaluation of patient, anatomical relationships of structures to each other, anatomical components of body systems, and blood and nerve supply to organs and body regions; includes common pathological processes and topical landmarks related to common surgical procedures. Students analyze, synthesize and apply clinically relevant anatomical information for physical examination, proper diagnosis, appropriate therapy, accurate prognosis in patient care and other clinical procedures. Students will have the opportunity to apply anatomical knowledge through the use of case studies and cadaver laboratory experiences.

PA 510  History and Physical Exam I (3 credits)
Introduction to obtaining and recording the complete medical history; course will provide an overview of the medical record as well as development of writing and organizational skills for medical record keeping and oral presentation skills. Introduction to lifelong learning skills and cultural diversity influences on all aspects of medical practice. Patient counseling and/or patient education theory and techniques discussed; skills will be developed through structured laboratory exercises.

PA 503  Human Physiology (4 credits)
A comprehensive study of the physiology of the human. Emphasis will be directed toward advanced instruction in membrane physiology, control of cellular activity, neuromuscular physiology, renal physiology, endocrinology, cardiovascular, respiratory and central nervous system.

PA 505  Molecular Mechanisms of Health and Disease (3 credits)
Principles of clinical genetics and the use of traditional and molecular methods for the understanding, diagnosis, and treatment of genetic disorders; includes genetic counseling concepts for disease prevention.

PA 504  Human Pathophysiology (4 credits)
Course covers basic pathologic and pathophysiologic concepts of diseases per organ system commonly encountered in primary care practice.

PA 506  EKG (1 credit)
Technique of 12-lead EKG recording and interpretation presented; designed to allow students to recognize and interpret electrocardiography (EKG) tracings and their clinical significance

PA 507  Patient Diagnostics (2 credits)
Introduction to diagnostic and therapeutic procedures utilized to evaluate body systems, including laboratory, radiography, and respiratory methods and techniques, their indications and general principles of interpretation. Simulated cases will be included to further develop clinical decision-making skills.

PA 511  History and Physical Exam II (4 credits)
Instruction, study, and practice of skills required for conduction of a complete physical examination using appropriate equipment, techniques and accurate medical terminology to document findings. Includes instruction to identify and discuss normal and abnormal anatomical structures, body system physiology, pathological conditions, common symptoms of disorders, clinical findings and provide appropriate patient education.

PA 512  Clinical Medicine I (6 credits)
An intensive study of human diseases and disorders in the broad scope of clinical medicine including the perspectives of epidemiology, etiology, historical data, clinical manifestations, progression, therapeutic management, pertinent preventative medicine, laboratory medicine perspectives, and prognosis. In addition, an overview of physiological and pathologic processes that influence the human organism at the cellular, organ and systemic levels. Emphasis will be on disease processes common to primary care practices, and the development of differential diagnoses and plan based upon the patient’s clinical presentation.

PA 515  Pharmacology I (4 credits)
Preparation for appropriate administration/prescription of medicines is accomplished through a study of drug classifications, pharmacodynamic actions, and rationale for therapeutic use of prescription and non-prescription medications.

PA 513  Clinical Medicine II (6 credits)
Part II of an intensive study of human diseases and disorders in the broad scope of clinical medicine including the perspectives of epidemiology, etiology, historical data, clinical manifestations, progression, therapeutic management, pertinent preventative medicine,
laboratory medicine perspectives, and prognosis. In addition, an overview of physiological and pathologic processes that influence the human organism at the cellular, organ and systemic levels. Emphasis will be on disease processes common to primary care practices, and the development of differential diagnoses and plan based upon the patient’s clinical presentation.

**PA 516 Pharmacology II** (4 credits)
Continuation of a two-part course. Preparation for appropriate administration/prescription of medicines is accomplished through a study of drug classifications, pharmacodynamic actions, and rationale for therapeutic use of prescription and non-prescription medications.

**PA 517 Medical Ethics** (2 credits)
The course will focus on moral problems which arise in the day-to-day practice of health-care professionals, administrators, and researchers within the framework of existing institutions, social policies, and laws. It will include readings on controversial moral issues in clinical ethics and apply forms and strategies of moral reasoning to selected cases.

**PA 518 Clinical Skills** (2 credits)
Bedside and surgical procedures including aseptic technique, air and blood-borne pathogen transmission prevention, Foley catheter insertion, injections, surgical techniques and casting.

**PA 519 PA Research Methods and Evidence-Based Medicine** (3 credits)
Course is intended to enable the students to evaluate the findings in current literature in light of current clinical practice. Students will become proficient in database search techniques, the interpretation of published research, and in determining the quality of published research to guide clinical practice decisions.

**PA 520 Behavioral Medicine and Preventive Measures** (2 credits)
Instruction focused on the detection and application of preventive measures and treatment of health risk behaviors including stress, abuse and violence, substance abuse and psychological symptoms and syndromes through basic counseling, patient education and/or appropriate referrals that are sensitive to culture and ethnicity. Introduction to strategies to identify and ease patient reaction to illness and end of life issues and application of those strategies to overcome resistance, encourage therapeutic cooperation, and assist in changing patient risky behaviors. Cultural diversity and its relationship to health, disease, and death will be addressed. Other topics include sexuality and health.

**PA 521 Health Care Policy and Delivery** (3 credits)
Explores trends in health care delivery, related public policy, and funding issues, as well as theoretical and ethical considerations in delivering care. Topics include healthcare disparities, the medically underserved, and managed care.

**PA 522 Leadership and Preparation for Practice** (2 credits)
Course reviews leadership roles in healthcare, and provides review techniques and sessions for the NCCPA exam.

**PA 523 Emergency Medicine** (4 credits)
Provides an overview of potentially life-threatening illnesses and injuries encountered in emergency situations or in the critically ill patient. Discusses the essentials of assessment and management for the initial evaluation, stabilization, assessment, management and treatment, patient education, disposition and follow-up of an acutely ill patient requiring expeditious medical, surgical, or psychiatric attention.

**PA 514 Clinical Medicine III** (6 credits)
Presentation of medical problems and diseases encountered in primary care practice, emphasizing obstetrics, gynecology, and pediatrics. Etiology, signs, symptoms, diagnostic data interpretation, clinical course, methods of management and potential complications provide framework for lecture and discussion. Differential diagnosis of related and similar diseases included.

**PA 524 Integrative Patient Care Management** (3 credits)
Using Problem-based scenarios, students work through patient cases to develop appropriate differential diagnoses.

**Clinical Practicum I-X** (2 credits each):

**PA 610 Family Medicine**
Four-week rotation in clinical health care settings designed to emphasize the role of the Physician Assistant to the primary care physician.

**PA 620 Internal Medicine**
Four week rotation designed to provide the Physician Assistant student with the opportunity to develop proficiency in the addressing common medical issues via patient encounters in a clinical setting.

**PA 630 Women’s Health**
This four-week obstetrics/gynecology rotation is designed to provide the Physician Assistant student with an opportunity to develop proficiency in the unique medical history, physical examination and treatment of the prenatal/gynecology patient. The student will also become familiar with tests and procedures unique to this patient population.

**PA 640 Primary Care**
This four-week rotation is designed to enhance the Physician Assistant student’s experience in a Primary Care setting. The rotation scope is
broad and encompasses such specialties as inpatient Hospital Medicine, Physical Medicine and Rehabilitation, Palliative Medicine, Pediatric Inpatient Medicine, and Urgent Care.

PA 611  Pediatrics
This four-week pediatric rotation is designed to provide the Physician Assistant student with an intense exposure of primary care pediatric problems with the objectives of developing skills in well-child preventative care, the care of common pediatric illnesses and the care of the newborn and children.

PA 621  General Surgery
This four-week rotation is designed to provide the Physician Assistant student with opportunities to become proficient in pre-operative, intraoperative, and post-operative patient care. Student expected to become able to first-assist a surgeon in a surgical setting.

PA 631  Psychiatry/Behavioral Medicine
This four-week psychiatric rotation is designed to provide the Physician Assistant student with a behavioral medicine experience in caring for ambulatory and hospitalized patients with psychiatric disorders. The student will be able to perform basic psychiatric evaluations, monitor medications, and support the clinical management plan for patients after psychiatric evaluation and treatment. The student will also be able to refer to psychiatrists and psychiatric facilities as needed.

PA 641  Emergency Medicine
This four-week emergency medicine rotation is designed to provide the Physician Assistant student with exposure to and development of skills in managing patients in the emergency room setting. Learned skills will include those necessary for appropriate triage, stabilization, diagnosis and management of patients with traumatic injuries and illnesses as well as the management of less life-threatening problems that present to the emergency room. Physician Assistant student will develop skills in working with the pre-hospital emergency medical team and secondary referral systems.

PA 650/PA 651  Clinical Practicum Electives I and II (2 credits each)
Four-week clinical rotation designed to provide the Physician Assistant student with an elective opportunity in any of the following disciplines: dermatology, gastroenterology, plastic surgery, cardiology, radiology, ENT, subspecialties in surgery, urology, gerontology, pulmonology, ophthalmology, and oncology or another area of interest to the student or to extend any of the required rotations. The student will be able to recognize conditions treatable by these specialties, so they can refer patients appropriately and/or work in a supportive role for such specialists.

PA 660  Introduction to the Master’s Capstone Project (1 credit)
Designed to allow PA students to conceptualize Master’s project to be completed in Summer Semester III; includes summative evaluation OSCE.

PA 615  Professional Development Seminar I (1 credit)
Integrates concepts and knowledge gained from field experience rotations into the total learning process. Focus on patient and professional communication, various professional practice issues and topics, and lifelong learning. Other discussions on current issues included.

PA 625  Professional Development Seminar II (1 credit)
Integrates concepts and knowledge gained from field experience rotations into the total learning process. Focus on patient and professional communication, various professional practice issues and topics, and lifelong learning. Discussions on current clinical issues and student presentations on patient casework included.

PA 635  Professional Development Seminar III (1 credit)
Integrates concepts and knowledge gained from field experience rotations into the total learning process. Focus on patient and professional communication, various professional practice issues and topics, and lifelong learning. Discussions on current clinical issues and student presentations on patient casework included.

PA 671  Summative Evaluation (1 credit)

PA 670  Capstone Master's Project (3 credits)
Designed to allow PA students to complete a Master's degree project while under the guidance of a faculty advisor. Students will identify a health care topic/issue, conduct appropriate library research, develop a research paper, and make an oral presentation on their topic at the conclusion of their Master of Science in Physician Assistant Studies curriculum. Students will be responsible for developing appropriate audiovisual, handouts, etc. for the oral presentation.
**Graduate Student Handbook**

**2011-2012**

**Dining Services**

*Students must have their Purple Plu$ Cards to access the dining room and cards are not to be lent to anyone to use.*

**Mount Union Computer Labs and IT Helpdesk**
Mount Union offers a variety of labs for student use. Students needing general computer assistance can also contact the helpdesk by calling HELP (ext. 4357) from any on-campus phone. The off-campus phone number is (330) 829-8726. Students’ personal computer support is free of charge at the Helpdesk. Antivirus software is required on all student computers and is available at no additional charge by contacting the Helpdesk. Non-public labs such as HPCC are subject to the building hours and department labs (Education - Tech lab, T-H 200, Bracy Science lab, Art lab, Geology lab and all other specialty labs) are run by those departments.

**Mount Union Lab Hours**
KHIC PC Lab 35:          Open 24 hours
KHIC MAC Lab 36:         Open 24 hours
KHIC PC Lab 112:         Open during Library hours
HPCC PC Lab:             Open during building hours
                         (8 a.m. - 1 a.m. during class session)
T-H 200 Lab:             Open during building hours
Bracy 303 Lab:           Open during building hours
Faculty Lab:             8 a.m. - 5 p.m. (Summer by appointment)
Department Labs:         Check with the individual department
Residence Hall Labs:     Open 24 hours (located in various residence halls)
Helpdesk:                Open Monday - Thursday 8 a.m. - midnight
                         Open Friday 9 a.m. - 5 p.m.
                         Open Saturday 2 - 5 p.m.
                         Open Sunday 6 p.m. - midnight
Helpdesk summer hours:   8 a.m. - 5 p.m
For up-to-date information, visit [http://portal.mountunion.edu/CampusOffice/OfficeHours](http://portal.mountunion.edu/CampusOffice/OfficeHours)

**Campus Services**
Alcohol, Drug and Wellness Education

The Office of Alcohol, Drug and Wellness Education strives to facilitate student growth and development and encourage exploration of and balance within the social, intellectual, spiritual, occupational, physical and emotional components of wellness. This office works collaboratively with Mount Union faculty, staff and students to develop proactive programming, education and counseling opportunities. The primary goal is to address issues related to substance use and abuse in the context of holistic student education, so that the University community may grow toward its mission of preparing students for meaningful work, fulfilling lives and responsible citizenship.

The Office of Alcohol, Drug and Wellness Education provides programming and outreach in the form of campus-wide “awareness” events (e.g., Breast Cancer Awareness Month, National Collegiate Alcohol Awareness Week, Great American Smoke Out and Safe Spring Break), hall and floor programs and individual/group counseling sessions. The office provides education and counseling for students concerned about alcohol, drug and other wellness related issues. Additionally, the Office of Alcohol, Drug and Wellness Education is a campus-wide resource, providing wellness-related information and referrals for students, whether for a class project or personal use.

Two student organizations work in conjunction with the Office of Alcohol, Drug and Wellness Education: C.H.O.I.C.E.S. (Choosing Healthy Options in Celebration of Educational Success) and GAMMA (Greeks Advocating Mature Management of Alcohol). C.H.O.I.C.E.S. provides information and opportunities for students interested in health and wellness issues. C.H.O.I.C.E.S. offers programs on stress management, healthy decision making, responsible alcohol use, sexual responsibility and many others. GAMMA is composed of and works with students participating in fraternity and sorority life. GAMMA offers programs designed to improve risk-management and promote responsible attitudes toward alcohol use.

The Office of Alcohol, Drug and Wellness Education is located in the Office of Student Affairs behind the Information Desk in the Hoover-Price Campus Center and welcomes any and all visitors.

Business Affairs

Financial Responsibility: Prior to each academic semester the Office of Business Affairs sends a billing packet to each student. Payments for the full-payment plan are due prior to the start of each semester. Payments for the monthly payment plan option are due on the 5th of the month. Registration and housing may be held and food service privileges will not be available until satisfactory financial arrangements have been made. Transcripts will not be released until all financial obligations to the University have been met. All questions should be referred to the Office of Business Affairs.

Cashier: The cashier’s window is open from 8:30 a.m. to 4:30 p.m., Monday through Friday. With proper picture identification, personal checks may be cashed up to a limit of $50. Any checks over $50, but not exceeding $500, can be approved by the cashier to be cashed at our local bank.

Meal Plans: For first-time students, the University offers an unlimited meal plan. Returning students have the option of an unlimited meal plan, a 14-meal plan with $50 flexible money or a 10-meal plan with $100 flexible money. A block meal plan is also available for commuters. A meal plan is required for any student who lives in campus housing. Declaration of the plan option must be made 30 days prior to the start of the semester.

Refund Checks: When a student’s account reflects a credit balance, the student must contact the Office of Business Affairs to request the balance. Refunds over $50 will be issued by check on a weekly basis. Students can sign up to receive their refund electronically via the Finance tab in Self-Service.

Campus Card and Facilities Scheduling

Facilities Scheduling: All facilities on campus must be scheduled through the Office of Campus Card and Facilities Scheduling, which maintains an accurate schedule of all activities occurring on campus and other events of interest related to Mount Union wherever they may take place. This provides one central location where an event can be scheduled and details arranged for use of any facility on campus. Faculty, staff or students can reserve facilities by creating an EMS account located at http://calendar.mountunion.edu/VirtualEMSProfessional and reserving a room online or by calling (330) 823-2881. Once a room is requested, the Office of Campus Card and Facilities Scheduling will review the request for approval and if approved, a confirmation e-mail will be sent to the faculty member, staff member or student requesting the reservation. The calendar of events can be viewed from the Mount Union home page at http://calendar.mountunion.edu/mastercalendar.

Purple Plus Cards: All students, faculty and staff receive a Purple Plus Card. The card is used to access residence halls and meals, check out books in the library or as a debit card at various locations on campus as well as certain authorized off-campus vendors. The card is the property of Mount Union and is non-transferable. There is a $15 fee for the replacement of lost cards. There is a variable fee for broken/damaged cards. Replacement for first broken/damaged card is $5.00, second card is $10.00 and third card is $15.00. Replacement of broken/damaged cards requires that the recognizable pieces be presented to the Office of Campus Card and Facilities Scheduling. If the broken pieces are not recognizable, a $15 fee will be charged for the replacement. In order to protect personal funds and maintain security, students should deactivate their cards online at www.mountunion.edu/purpleplus in the event that their ID card is missing and the Office of Campus Card and Facilities Scheduling are closed. To obtain a new card, please visit the Office of Campus Card and Facilities Scheduling. The office is located in the Hoover-Price Campus Center, adjacent to the Information Desk. For more information, call (330) 823-2881 or visit www.mountunion.edu/purpleplus.
Campus Recreation: Campus Recreation contributes to the Mount Union experience by providing quality facilities, programs and services to all members of the campus community. Throughout the year the recreation staff offers a variety of fitness programs and intramural sport activities. The McPherson Academic Athletic Complex (MAAC) consists of cardio machines, free weights, nautilus equipment, an aerobic room, pool and auxiliary gymnasium. The Peterson Field house has a 200 meter track, two basketball courts, four tennis courts and four volleyball courts. During the academic year students, faculty and staff may participate in intramural sports such as flag football, sand night volleyball, inner tube water polo, basketball, indoor soccer and many more. Fitness programs such as yoga, step aerobics, zumba and pilates are offered as well. The wide variety of programs allows members of the Mount Union community to be physically active in a safe and fun environment.

Career Development

The Office of Career Development, located in The Hoover-Price Campus Center, in The Center for Student Success, offers a wide variety of services and activities for all levels of students and alumni. The focus of the office is to assist all students during their years as a graduate student and as they embark on a career.

Among its many functions, the Office of Career Development can assist students with resume preparation and their search for full-time employment upon graduation. Employers from many types of businesses and government agencies regularly notify the center of their employment needs. All employment opportunities coming to the Office of Career Development are available through our website, collegecentral.com. Additionally, area employers who are seeking candidates to fill entry-level jobs in many different fields participate in the on-campus recruitment program. Students who plan to interview with company representatives must register with the Office of Career Development and complete the College Central electronic registration and resume upload.

Counseling Services

The aim of counseling at Mount Union is to assist students in living as well as possible. Counseling here is a partnership; people working together to find solutions and possibilities in life. Staff members in the Office of Counseling Services work to help Mount Union students sort out life’s problems and move toward life goals. Counseling staff members provide free, short-term counseling by appointment to enrolled students.

The primary service requested by students is individual counseling. During counseling, students typically discuss problems with relationships, adjusting to life as a graduate student, stress or burnout, the death or illness of a friend or relative, academic difficulties, career or work decisions, substance abuse problems, family dilemmas, sports injuries or setbacks, the effects of violence or prejudice and/or balancing school, work and social life. Counseling is short-term, as it addresses normal life problems faced by graduate students.

Students experiencing serious emotional, medical or behavioral problems (including but not limited to suicidal or homicidal thoughts or actions, eating disorders, substance addictions and disorders which impair the ability to think logically or relate with others constructively) are referred for outside treatment, often with the aid of parents or guardians. To promote safety and recovery, students who seem a danger to themselves and/or others may be withdrawn from the University (see Interim Suspension). In addition, as there are no psychiatric services available on campus, students must find such services off campus.

As time allows, other services include presentations and consultation. Presentation subjects might include creating good relationships, learning relaxation methods, finding the right path in life, making and reaching goals and communicating effectively with friends and loved ones. In addition, the staff consults with students on mental health, relationship or general life decisions or concerns.

Health Services

Services Available

The Health Center is designed to serve the needs of undergraduate students. Graduate students should contact the Health Center or the Director of their graduate program for information on alternatives.

Emergency Information

Students who have medical emergencies should go to the emergency room at the nearest hospital. The nearest hospital in Alliance is Alliance Community Hospital.

Health Requirements Prior to Arrival on Campus

All requirements are program specific. Please consult the Handbook for your graduate program for full details on the rules that pertain to that program. The Handbook will also describe the mandatory health standards and immunizations, if any.

Hoover-Price Campus Center

Rules and Regulations
Mount Union expects that, in consideration of the rights of others, all students will observe reasonable standards of good taste in the matter of dress in all public areas. The following standards should be observed:

- All persons entering the Campus Center will wear clothing to appropriately cover the body, including shoes and shirt.
- Gambling is prohibited in any part of the Campus Center.
- The Campus Center is a tobacco-free environment.
- Rollerblades, skateboards and bicycles are not permitted inside.
- Furnishings and audio-visual equipment may not be removed from the Campus Center.
- A Mount Union I.D. must be left at the Information Desk before a student can use any game equipment or obtain office keys. Only Mount Union students and employees are permitted to use the game equipment.
- Students are not permitted to use the phone at the Information Desk.
- Room reservation inquiries for the use of facilities should be made through the Office of Campus Card and Facilities Scheduling or online.
- The paging of individuals through the Campus Center sound system is restricted to emergencies only.
- Animals (exception of service animals) are not permitted in the building.

**Posting Policy – Hoover-Price Campus Center**

Any department, club or organization affiliated with Mount Union may post materials in the Campus Center. In order to ensure that materials are posted appropriately, the following policies must be observed.

- Signs may only be posted on general posting bulletin boards.
- General posting space is on a first-come, first-served basis.
- Materials posted on reserved office or student organization boards that are not affiliated with that office or organization will be removed.
- Signs with no event date will be marked by Campus Center staff and removed after one week.
- The removal or covering of previously posted materials is prohibited unless the event’s date has passed.
- Materials may be posted on bulletin boards with either pushpins or staples only. Signs posted with anything else, including thumbtacks, will be removed.
- Materials may not be posted on any of the Campus Center walls, doors, floors or windows. Wall clocks, fire alarms, fire extinguishers and electrical outlets are not to be covered. Materials may be posted in the restrooms provided they are limited to one per stall or one above each urinal only.
- Signs placed on bulletin boards or in bathrooms must be smaller than 17” x 22”.
- Banners, limited to eight feet in length, may only be hung in designated areas. Banners must be removed by the organization responsible for hanging the banner within two hours after the event. Banner space in the Campus Center must be reserved in advance with the Office of Campus Card and Facilities Scheduling. Space is reserved on a first-come, first-served basis.
- Materials must not promote the use of alcohol or tobacco products in any way or display any alcohol/tobacco manufacturer or bar location or name.
- Materials must be consistent with the University policy regarding sexist, racist and other discriminatory behavior.
- The Campus Center staff will remove all outdated signs and signs in violation of this policy.

**Library**

Libraries include the Main Library located in the Kolenbrander-Harter Information Center and the Sturgeon Music Library located in Cope Music Hall.
The circulation period for most library materials is 30 days. Items may be renewed before their due date for an additional 30 days, up to three times, if there are no holds on the materials. Library materials may be renewed online through the “My Account” section of the catalog. Fines for overdue books are 25 cents per book per day and 50 cents per day for videos. After an item is 30 days overdue a $25 overdue fee will be assessed. Borrowers will be charged $100 for each lost or damaged Mount Union item, which includes the $25 overdue fee.

Borrowers may request items not currently available in our library system from other OPAL and OhioLINK institutions through the online catalog. These materials from other schools circulate for 21 days and may be renewed before their due date up to four times if there are no holds on the item. Overdue fines for these items are 50 cents per book per day and $1 per video per day for the first 29 days, then a fine of $50 on overdue day 30. The replacement charge for lost or damaged OhioLINK books is $125.

Reserve materials, items intended for use by a particular class, are available either for use in the library or for a circulation period selected by the professor. There is a $5 per item per reserve period fine for all overdue reserve materials. These fines are assessed around the clock for items removed from the library.

Hard copy and microform periodicals are intended for library use only. Digital copies of microform materials can be produced on demand. This is a free service but please allow up to 48 hours for processing.

Over 180 research databases and 50,000 full-text journals are available via the library home page. Full-text journal articles can be located easily using the journal finder listed under the “Research by Journal Titles” function on the library home page.

Research materials (including books, articles, etc.) not currently available in the library or through OPAL and OhioLINK institutions may be borrowed from another library through the interlibrary loan process. Request forms are available at the circulation desk and online. There is no fee for this service. Loan periods vary as they are determined by the lending institution. Overdue fines on these items are charged at the rate of $1 per day per item. Renewals are at the discretion of the lending library and a request must be submitted before the due date.

Students who do not participate in the campus e-mail system must provide the library with an active e-mail address in order to receive timely reminders about the arrival of OhioLINK items and interlibrary loan requests.

The Mount Union Library has a long tradition of excellent support for its Education Department and Teacher Education program. The library’s general collections include 195,000 books, over 70,000 electronic books, 500 paper journal subscriptions, access to over 50,000 full-text journal titles, over 180 databases, and 400,000 government documents. The library also offers 450 study seats, 6 group study rooms, 4 computer labs, 40 public computers, and a Writing Center.

The library web pages offer an education subject page with links to both general and education specific databases and other electronic resources. These resources include four major collections of full-text education journals, including Education Abstracts (Wilson), Education Research Complete (EBSCO), Educator’s Reference Complete (Gale), and the Professional Development Collection (EBSCO). We also offer access to ERIC, a children’s literature database, and the Educator’s Reference Desk for lesson plans and curriculum materials. Materials cited in any one database are linked to full-text in other databases through OLinks. Over 220 full-text journal titles are available in the OhioLINK EJC collection and are complimented by older journal titles in our JSTOR collection. A Serials Solutions journal finder provides easy access to both print and electronic journals by journal title.

Library book collections reflect 150 years of collecting for the support of teacher training. Access to electronic books include such collections as the OhioLINK Electronic Book Center, including publishers like Sage and Springer, and the Ebrary academic collection, which provides titles from major academic publishers. A 10,000 volume reference collection is supplemented by electronic reference materials from such publishers as Oxford, Sage and Gale.

A newly established Curriculum Resource Center occupies 2,300 square feet in the Main Library and includes a 600 square foot multimedia classroom with a teacher observation station and an electronic smart board. The CRC provides an outstanding collection of library resources which support both undergraduate and graduate level teacher education programs. These resources emphasize educational methods, materials for student instruction and curriculum objectives for preschool through grade twelve, including special education. During the course of the summer library staff will be developing a separate CRC web page for easy external access to these materials.

In preparation for the new education graduate program we will expand our holdings to further support concentrations in curriculum and instructional design, information management and evaluation, school law and ethics, personnel administration and supervision, administrative policy making, fiscal management, and statistical tools. While there will be a planned increase in departmental book budgets, much of the new funding will be used to purchase specialized collections of electronic books which can be easily accessed by remote students. Our already substantial collections of education databases and electronic journals are already remotely accessible through a proxy server arrangement managed by OHIONET.

Our students have direct access to materials at 90 OhioLINK libraries as well as free access to full interlibrary loan services with most materials delivered digitally via e-mail. Electronic reserve materials are already widely in use and can be accessed through the library catalog. Library staff have already begun to make use of LibGuides to develop resource lists with live electronic links which can be added to course pages through our Angel courseware system.

An extensive library orientation program will be included as part of the initial orientation programming for all incoming graduate students. For the PA program this orientation session consists of a two hour demonstration of subject resources delivered by the instruction librarian and the library director. Graduate education orientation will be provided by the instruction librarian and the department liaison librarian.
Multicultural Student Affairs

The Office of Multicultural Student Affairs falls under the Office of Student Affairs, reporting to the vice president for student affairs and dean of students. The Office of Multicultural Student Affairs primarily serves as a resource for students of color in matters of academic, social, cultural and personal well-being. However, we also offer our services to all students who are interested in/concerned with issues of diversity within the campus community. Mount Union believes that an appreciation of diversity among campus constituencies creates a welcoming campus environment that is crucial to the success of all of our students. As such we sponsor a variety of programs to meet these needs including our Kaleidoscope Multicultural Student Orientation Program, Not Another Statistic Conference, Diversity Month programs and various other events that seek to educate the community on issues of ethnic diversity and promote racial understanding and inclusion.

While student needs are the primary focus, diversity-focused programming, resources and training is available to the entire Mount Union community during the academic year. The Office of Multicultural Student Affairs also oversees the operation of the Black Cultural Center, located at 243 W. Simpson Ave. To contact the office, please call (330) 823-2138.

Residence Life

Currently, the University does not provide housing for graduate students. Questions about temporary housing (such as nearby hotels), and housing for special programs held during the summer may be addressed to the Residence Life staff at (330) 823-2496.

Security

The University attempts to provide for the security of individuals and their belongings through a security system which includes locks for rooms and buildings, controlled access to buildings, the employment of professional security people and an extensive night-time lighting system. Campus security officers patrol the campus 24-hours a day. In addition, the duty officer carries a cellular phone to be accessible to students 24-hours a day in the event of an emergency.

Security measures are only as effective as the individuals on campus choose to make them. Students are encouraged to use sound judgment at all times. All residence halls are under a 24-hour locked condition. Access is granted using an authorized student ID card. All other campus buildings have controlled access at night and on weekends. All individuals entering these facilities may be asked to show a valid ID card and may be denied permission to enter if they are unable to produce an ID card. At times it may be necessary to establish other security checks and procedures and it is expected that students will cooperate fully in carrying out security procedures, all of which are designed to promote the safety and security of the University community.

In case of trouble, students should call Campus Security at (330) 428-1344 (or by dialing “SAFE” from any campus phone) or the Alliance Police Department at (330) 821-3131 (or 2255 from any campus phone.) When calling for assistance, the caller should clearly state the nature of the problem and its location.

In addition, Blue Light Phones are located strategically across campus for emergencies. Students need only to push a button on these phones to alert the Alliance Police of an emergency situation. It is important to speak clearly, state the nature of the problem and its location.

Service-Learning and Community Service

The Office of Service-Learning and Community Service, located in van den Eynden Hall, is a center of resources for students wishing to participate in community service opportunities, faculty wanting to add curricular service to a course and community partners needing student volunteers. The office coordinates extracurricular volunteer community service activities, such as Make a Difference Week, Trick or Treat for Canned Goods, MLK Day of Service, National Girls and Women in Sports Day and annual Alternative Spring and Fall Break programs. Students can also seek regular community service placements through the office in a variety of fields and student organizations or other groups can also seek help in planning and scheduling community service projects. Service internships in fields such as grant writing, non-profit management and public relations are also available with some of our partners.

Service-learning is a method of teaching and learning that involves using the information and ideas learned in class in community service experiences outside the classroom. Assistance for faculty and students can be provided by the director.

More resources are also available at www.mountunion.edu/service-learning and in the Service Learning Library, located outside the Faculty and Staff Commons in the Kolanbrander-Harter Information Center. Information about jobs, internships and other opportunities are frequently posted on Enannouncements and on the bulletin boards near the Academic Support Center and the Service-Learning Library.

Students who would like more information about community service, volunteer opportunities or service-learning can contact the Office of Service-Learning and Community Service at (330) 823-2838.

Spiritual Life

All spiritual life programming and scheduling is handled through the Office of the Chaplain located in Room 128 of Dewald Chapel. The coordinating body of student spiritual life organizations is the Religious Life Council (RLC), which is advised by the chaplain. Each of the organizations is student led with a faculty or staff advisor. In addition to weekly meetings, the annual calendar includes retreats, lock-ins,
alternative break mission trips and special holy day services and activities. Worship takes place in the sanctuary of Dewald Chapel throughout the week. Sunday services include Catholic Mass at 6:30 p.m. and Praise and Prayer at 9 p.m. In addition to scheduled worship times, there is a 24-hour meditation room available. Students, faculty and staff are always welcome to be a part of spiritual life activities and worship. For more information about spiritual life on campus, contact the Office of the Chaplain at (330) 823-2838 or go to the Mount Union website.

Student Involvement and Leadership

The Office of Student Involvement and Leadership prepares Mount Union students for meaningful work, fulfilling lives, and responsible citizenship through engaging and intentional co-curricular activities, programs, services, and partnerships. Through immersed participation, training, practice and reflection, the Mount Union student will gain skills that will complement their academic endeavors and further enable their success after graduation, regardless of undergraduate or graduate status.

Leadership programming, campus programming, student organizations, and more can be found as part of the Office of Student Involvement & Leadership.

Leadership Programming

Much of what the office does is viewed through the lens of student leadership development. Our leadership programs provides students at a variety of abilities and engagement levels with appropriately designed leadership opportunities to further enhance their learning and engagement on campus. Workshops and seminars are available throughout the year to meet the needs of student leaders and organizations.

In support of the leadership program and student organizations, the Center for Student Involvement and Leadership, located in the lower level of the Health Center, is a resource center and meeting space for student leaders and organizations.

Campus Programming

Sponsored by the Office of Student Involvement and Leadership, the Mount Union After Hours program is designed to provide a late night weekend alternative for student social interaction. After Hours strives to give students activities free of charge while creating a fun and exciting atmosphere both on and off the Mount Union campus. The office staff also advises the Raider Programming Board (RPB). RPB is responsible for most of the student-initiated campus entertainment, including events that occur during Week of Welcome, Homecoming, Welcome Back Week and Springfest. All events are open to any Mount Union student for attendance.

Family Day provides any and all students and their families an opportunity to re-connect during the middle of the fall semester. Including a Raider football game, a luncheon and other entertainment, Family Day provides resources for families to continue to support the educational pursuits of their students.

Student Organizations

In support of the leadership development that takes place in student organizations, the Office of Student Involvement and Leadership also serves as a resource center and clearinghouse for the approximately 80 active student organizations on campus. Student can learn about becoming involved in these student organizations by participating in the Student Involvement Fair held during the second week of the fall semester.

All student organizations are required to register with the office and maintain current contact information for presidents and advisors as well as accurate constitutions. Students interested in starting a new student organization can obtain materials and learn the appropriate process by contacting the office.

Student Success Center

The Student Success Center (SSC), located in the Hoover-Price Campus Center, includes the Office of Academic Advising, the Office of Academic Support, and the Office of Student Accessibility Services.

Academic Advising (AA) primarily services undergraduates in need of identifying an appropriate academic path, but graduate students are welcome to use the office for answering questions about their academic strengths and interests.

Academic Support (AS) offers assistance with time management, study strategies that consider both the demands of specific courses and individual learning styles, and ways to prepare for tests and deal with test anxiety.

Student Accessibility Services (SAS) provides educational opportunities for qualified persons with disabilities through accessible programs, services, and a campus environment in compliance with the Americans with Disabilities Act and other disability rights legislation. SAS also serves as a resource to the University community in regard to compliance issues.

For more information call the Student Success Center, at (330) 823-8685.

Writing Center

The Writing Center offers writing support to Mount Union students across disciplines, academic levels and abilities. Staffed by student consultants, the center provides responsive support adaptable to the needs of most student writers. The Writing Center can help student writers in any stage of the writing process, anywhere from thinking about an assignment to editing and proofreading a paper. The Writing
Center provides writing tutors who work with students to improve writing and editing skills for many different types of papers, including essays, research papers, and lab reports. Graduate students may also make an appointment to work with the Faculty Director of the Writing Center.

**Vehicles**

Mount Union maintains a fleet of vehicles that are available for University-sponsored activities and functions. The use of a University vehicle is a privilege that entails specific responsibilities. Failure to follow University, state and federal rules and regulations, or irresponsible use of a vehicle, will result in that privilege being withdrawn.

All drivers must be authorized to drive University-owned vehicles. Drivers must annually fill out the driver’s application form authorizing the University to obtain a motor vehicle check through the human resource office and submit a copy of their driver’s license to the Physical Plant office. New drivers must have this done seven days in advance to using a University vehicle.

**Student Disciplinary Process**

**Purposes of the Student Disciplinary Process**

The University of Mount Union student disciplinary process is composed of students, faculty members, and administrators whose purpose is to aid in the development of higher values and proper citizenship in all of life, not in campus life alone. Student discipline concerns those experiences and processes that help a student to achieve self-control, to make mature decisions, and to accept responsibility for her/his decisions. To this end, Mount Union supports the concept of educational discipline. The University will make an effort to educate students through sanctions. However, should a student be considered a danger to the university community or demonstrate unwillingness to adhere to the behavioral expectations of the University, s/he will be treated in a similar manner as one who has failed academically, and may be separated from the University.

**Article I: Definitions**

For the purposes of the student disciplinary process, the following definitions will apply:

1. The term “University” means University of Mount Union.
2. The term “student” includes all persons taking courses at the University, either full-time or part-time. Persons who withdraw after allegedly violating the Student Code of Conduct, who are not officially enrolled for a particular term but who have a continuing relationship with the University, or who have been notified of their acceptance for admission are considered to be “students”.
3. The term “graduate student” means any person enrolled in a University of Mount Union graduate program.
4. The term “faculty member” means any person hired by the University to conduct classroom or teaching activities or who is otherwise considered by the University to be a member of the faculty.
5. The term “administrator” means any person employed by the University to perform assigned administrative or professional responsibilities.
6. The term “member of the University community” includes any person who is a current student, faculty member, administrator, or any other person employed by the University.
7. The term “University property” includes all land, buildings, facilities, and other property owned, leased, or controlled by the University or any student organization.
8. The term “student organization” means any number of persons who have complied with the formal requirements for University recognition.
9. The term “administrative hearing officer” means a University administrator authorized by the dean of students to determine whether a student has violated the Student Code of Conduct and to impose sanctions accordingly.
10. The term “student conduct board” means any persons authorized by the dean of students to determine whether a student has violated the Student Code of Conduct and to impose sanctions accordingly.
11. The term “college appeals board” means any persons authorized by the dean of students to consider an appeal of the determination of responsibility and/or sanctions given by an administrative hearing officer or student conduct board.
12. The term “complainant” means any person who submits a charge alleging that a student violated the Student Code of Conduct. In all cases before the student conduct board, a representative of the University shall act as a complainant. In cases before the student conduct board or an administrative hearing officer where a member of the University community believes that s/he has been a victim of an alleged violation, this individual may also be considered a complainant.
13. The term “charged student” means any student charged with violating the Student Code of Conduct.
14. The vice president for student affairs and dean of students is the person designated by the president of the University to be responsible for the administration of the Student Code of Conduct and is referred to in this document as the dean of students.
Article II: Jurisdiction

The submission of an application for admission to University of Mount Union is an optional and voluntary action. Institutional approval of that application is, in turn, an extension of privilege to join the academic and social community and to remain a part of it as long as academic and behavioral standards are met. These expectations have been established so that the educational purpose of the University may be pursued in an atmosphere conducive to such an undertaking. When a student or group of students violates the Student Code of Conduct, these students must accept responsibility for their actions.

Students are expected to exhibit good judgment and responsibility in their behavior on University property, at University sponsored events, and off campus. The University reserves the right to address student behaviors that occur off-campus, including those that are also being acted upon by legal authorities. Although the University will not automatically impose sanctions in addition to those imposed by law enforcement agencies, it does have the obligation to introduce counseling and/or disciplinary action if the student’s behavior conflicts with the University’s educational objectives or its responsibilities to members of the community. The dean of students or her/his designee shall decide whether the Student Code of Conduct shall be applied to conduct occurring off campus, on a case by case basis, in her/his sole discretion. Disciplinary action taken on this basis shall conform to the student disciplinary process, including appeal.

Each student shall be responsible for her/his conduct from the time of application for admission through the actual awarding of a degree. This includes during the academic year, before classes begin or after classes end, as well as during periods between terms of actual enrollment. The Student Code of Conduct shall apply to a student’s conduct even if a student withdraws from school while a disciplinary matter is pending.

In general, any non-academic violation by a student or group of students at the University will come under the jurisdiction of the student disciplinary process.

Article III: Student Disciplinary Process Authority

The student disciplinary process at University of Mount Union consists of the resident directors, the director of residence life, the associate dean of students, the dean of students, a student conduct board, a college appeals board and, on occasion, other administrators as deemed appropriate by the dean of students. Disciplinary cases are handled by one of the above individuals or groups depending on the nature and severity of the offense. The dean of students, or her/his designee, will decide which body shall hear the case.

Article IV: Violation of Law and University Discipline

University disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both criminal law and the Student Code of Conduct without regard to the pendency of civil or criminal litigation in court or criminal arrest or prosecution. Proceedings in the student disciplinary process may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the dean of students or her/his designee. Determinations made or sanctions imposed under the student disciplinary process shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of university rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.

When a student is charged by federal, state, or local authorities with a violation of law, the University will not request or agree to special consideration for that individual because of her or his status as a student. If the alleged offense is also being addressed under the student disciplinary process, the University may advise off-campus authorities of the existence of the Student Code of Conduct and how such matters are typically handled within the University community. The University will attempt to cooperate with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators (provided that the conditions do not conflict with campus rules or sanctions). Individual students and other members of the University community, acting in their personal capacities, remain free to interact with government representatives as they deem appropriate.

Article V: Administrative Hearings

Section 1: Jurisdiction

An administrative hearing may be conducted to act on all infractions of non-academic University rules and regulations by a student, group of students, or student organization affiliated with the University.

Administrative hearings may be conducted by resident directors, the director of residence life, the associate dean of students, the dean of students or other administrators as deemed appropriate by the dean of students or her/his designee.

Section 2: Procedures for Administrative Hearings

The purpose of an administrative hearing is to provide an evaluation of a charged student’s responsibility for violating the University of Mount Union Student Code of Conduct. The hearing will be conducted in accordance with the procedures set forth by the student disciplinary process, but shall not be bound by technical rules of evidence or other formal rules of process and procedure, such as are applied in criminal or civil proceedings.

The following procedural protections are provided to charged students in administrative hearings:

a. receiving written notice of the specific charges prior to the hearing;
b. knowing the content of written material being considered in the case;
c. the opportunity to be present at the hearing, to respond to the allegations, and to provide relevant information;
d. the ability to bring pertinent and necessary witnesses to speak on her/his behalf (witnesses may only be present in the hearing when they are providing information, not throughout the entire process);

e. the right to speak or not speak on her/his own behalf. Invoking the right to not speak will not be considered an admission of responsibility.

If the charged student fails to attend the hearing after notification has been given, the hearing may be held in her/his absence.

Administrative hearings shall be closed to all parties other than the following: the charged student; the complainant (if any); the administrative hearing officer; and witnesses (who are only present during the time that they are providing information.)

The administrative hearing officer will review the written materials with the charged student at the hearing. In addition, if requested by the charged student, arrangements will be made for her/him to review the written materials prior to the hearing.

The administrative hearing officer will advise the charged student of the allegations made against her/him and give the charged student the opportunity to accept or deny responsibility. If the charged student denies responsibility, then the administrative hearing officer will consider all available information in order to decide if the charged student should be found responsible for violating the Student Code of Conduct.

While the University brings all charges within the student disciplinary process, there are occasions when a member of the campus community believes s/he has been a victim of the alleged violation and may also be considered to be a complainant. In this case, this person will be made aware of the specific charges prior to the hearing; be informed of the content of written material about the case; and have the opportunity to be present at the hearing, provide relevant information concerning the alleged violation, and bring pertinent and necessary witnesses to support the charges at hand (witnesses may only be present in the hearing when they are providing information, not throughout the entire process).

A finding of responsibility will only be made if the preponderance of information supports the charges placed against the student.

If the student accepts responsibility or is found responsible for violating the Student Code of Conduct, then the administrative hearing officer will assign appropriate disciplinary sanctions and explain them to the student. Following the hearing, a letter will be sent to the student confirming the outcome of the hearing and the sanctions assigned.

All procedural questions are subject to the final decision of the dean of students or her/his designee.

Article VI: Student Conduct Board

Section 1: Jurisdiction

The student conduct board may act on all infractions of non-academic University rules and regulations by a student, group of students, or student organization affiliated with the University.

During the academic year, a committee of student conduct board members consisting of three faculty members and two student members will act as the final appeals board for appeals of academic disciplinary decisions reached by an Academic Dishonesty Hearing Committee. If the charged student is a graduate student, at least one of the students on the board will be a graduate student and at least one of the faculty members will teach at the graduate level. Appeals of decisions made by an Academic Dishonesty Hearing Committee that must be heard during the summer, or at times when classes are not in session, may be heard by the Vice President for Academic Affairs or her/his designee.

Section 2: Organization

A pool of qualified student and faculty board members shall be selected in accordance with the process described in Article VI, Section 6. For each hearing of the student conduct board, the board shall consist of two student board members, two faculty board members, and the associate dean of students. If the charged student is a graduate student, at least one of the students on the board will be a graduate student and at least one of the faculty members will teach at the graduate level. In situations where the associate dean of students must present the case or must excuse her/himself, the dean of students may appoint another administrator to sit on the board.

Before each hearing begins, the sitting members of the board shall select a Chairperson and a Secretary.

A. Chairperson

1. He or she shall be selected from and by the sitting members of the board.
2. He or she shall preside at the hearing.

B. Secretary

1. He or she shall record all proceedings.
2. He or she shall prepare the written documentation of the decisions of the board.
3. He or she shall be selected from and by the sitting members of the board.

Section 3: Qualifications

A. Student Membership

1. Undergraduate students must have at least a sophomore standing. Graduate student members must be in at least the second
The following procedural protections are provided to charged students in student conduct board hearings:

- receiving written notice of the specific charges prior to the hearing;
- knowing the content of written material being considered in the case;
- the opportunity to be present at the hearing, to respond to the allegations, and to provide relevant information;
- the ability to bring pertinent and necessary witnesses to speak on her/his behalf (witnesses may only be present in the hearing when they are providing information, not throughout the entire process);
- the chance to question witnesses in the manner described in the student disciplinary process;
- the opportunity to be accompanied by an advisor who must be a University of Mount Union student, faculty, or staff member and may not be an attorney. Advisors may not speak or directly participate in the hearing, unless otherwise approved by the members of the student conduct board;
- the right to speak or not speak on her/his own behalf. Invoking the right to not speak will not be considered an admission of responsibility.

Any member of the student conduct board who is considered to have a conflict of interest in the particular case being heard should discuss with the members of the sitting board the desirability of being excused from that hearing. The sitting board may decide the appropriateness of that member voting in the decision.

The charged student and the complainant(s) shall have the right to ask for the removal of any board member by showing written or
verbal evidence of a conflict of interest on the part of the member. The remainder of the sitting board will determine if there is a potential conflict of interest. If a potential conflict of interest is shown, the board member will excuse her/himself.

In hearings involving more than one charged student, the Dean of Students, or her/his designee, in her/his sole discretion may permit the hearings concerning each student to be conducted either separately or jointly.

In order to protect the privacy of the students involved, hearings of the student conduct board shall be closed to all parties other than the following: the charged student(s); the complainant(s); the sitting members of the student conduct board; a University of Mount Union student, faculty or staff member who is acting as an advisor for the charged student and/or the complainant; and witnesses (who are only present during the time that they are providing information.) In the event that a student organization is involved in a hearing before the student conduct board, one member will represent the organization, while other members who want to present information will be considered to be witnesses and will only be present when they provide information.

If the charged student fails to attend the hearing after notification has been given, the hearing may be held in her/his absence.

A single recording shall be made of each hearing. The deliberations of the student conduct board will not be recorded. The recording shall be the property of the University. Recordings of all student conduct board proceedings will be kept on file in the associate dean of students’ office. Recordings will be erased 60 days after the hearing unless an appeal is still pending. In this case, recordings will be erased thirty days after the final appeal decision.

A written description of the charges shall be made available to the sitting members of the student conduct board. This description shall include the name of the charged person, persons, or groups involved, the time and place of the alleged offense, and the nature of the alleged offense. In addition, other written materials may be considered at the discretion of the sitting members of the board. These written materials shall be held in confidence and will be collected at the conclusion of the hearing.

A copy of all written materials to be considered in the hearing shall be provided to the charged student and the complainant(s) for their use during the hearing. These written materials will be collected at the conclusion of the hearing. If requested by the charged student or the complainant(s), arrangements will be made for them to review the written materials prior to the hearing.

A University staff member will be a complainant and present information pertinent to the charges being considered by the board. The University staff member acting as a complainant may be present at the hearings, make a statement concerning the alleged violation, be informed of the content of written material about the case, call witnesses to support the charges at hand, and directly question witnesses. While the University brings all charges within the student disciplinary process, there are occasions when a member of the campus community believes s/he has been a victim of the alleged violation and may also be considered to be a complainant. In this case, this person may be directly involved in the case brought before the student conduct board and, therefore, will be made aware of the specific charges prior to the hearing; be informed of the content of written material about the case; and have the opportunity to be present at the hearing, provide relevant information concerning the alleged violation, bring pertinent and necessary witnesses to support the charges at hand (witnesses may only be present in the hearing when they are providing information, not throughout the entire process), question witnesses in the manner described in the student disciplinary process, and be accompanied by an advisor who must be a University of Mount Union student, faculty, or staff member and may not be an attorney. Advisors may not speak or directly participate in the hearing, unless otherwise approved by the members of the student conduct board.

The complainant(s) and the charged student may arrange for witnesses to present pertinent information to the board. Witnesses will provide information to and answer questions from the student conduct board. Questions may be suggested by the charged student and/or the complainant(s) to be answered by each other or by other witnesses. These questions shall be directed to the board chairperson, rather than to the witness directly. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment.

The student conduct board may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the complainant, charged student, and/or other witnesses during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, video conferencing, videotape, audiotape, written statement, or other means, where and as determined in the sole judgment of the dean of students or her/his designee to be appropriate.

After completion of the presentation of information, the board will deliberate privately and reach a decision. A finding of responsibility shall only be reached when a majority of sitting members finds that the preponderance of the information that has been presented supports the allegation that the charged student has violated the University of Mount Union Student Code of Conduct. If the charged student is found responsible for the violation, then the student conduct board will make a decision regarding appropriate sanctions to be assigned.

The secretary and chairperson will ensure that written notification of the findings of the board are given to the dean of students or her/his designee as soon as possible following the completion of the hearing. The dean of students, or his or her designee, will notify the charged student of the outcome of the hearing.

All procedural questions are subject to the final decision of the dean of students or her/his designee.

Article VII: Appeals

Section 1: Grounds for Appeal

The decision made by a hearing body may be appealed by the charged student(s) or the complainant(s) for the following reasons. In order
for an appeal to be granted and/or for the outcome to be amended, one or more of the following grounds for appeal must be met:

1. specified procedural errors or misrepresentation of University regulations are so substantial that the outcome of the hearing may have been affected; or

2. new and significant information has become available which was not reasonably discoverable/available before the original decision was rendered and which could have reasonably altered the results of the hearing; or

3. the determination of responsibility and/or the sanctions are arbitrary or unjustified by the information presented at the hearing.

When the grounds for appeal have been met, the appeals body has the option to make decisions that extend the full range of the student discipline process, from finding the charged student responsible or not responsible for the violation to assigning any sanction it deems appropriate to the violation, including maintaining, decreasing, or increasing the sanction.

Section 2: Method for Requesting an Appeal

All appeals must be signed and filed in writing within five business days after the decision of the hearing body is made. Electronic submissions are not acceptable except in extreme circumstances as determined by the dean of students or his/her designee. The appeal should clearly state the grounds of the appeal and should be submitted to the office of the dean of students.

Section 3: Appeals Related to Non-academic Violations

During the academic year, the university appeals board will hear appeals of cases that were adjudicated in either an administrative or student conduct board hearing. Appeals that must be heard during the summer, or at times when classes are not in session, may be heard by the Dean of Students or her/his designee, in place of the board. The decision of either appeals body is final.

If a decision is appealed by the charged student or the complainant(s), all parties will have the opportunity to actively participate in the appeal hearing as described in Article VII, Section 5. This hearing will serve as the sole appeal for all parties.

The university appeals board is composed of a student and a faculty member from the pool of student conduct board members who did not hear the case originally and the dean of students. If the charged student is a graduate student, at least one of the two student conduct board members who sit on the appeals board for the case will be a graduate student or a graduate faculty member. In the event that the dean of students must excuse her/himself or is unavailable, the dean of students may designate a staff member to fill her/his place on the board. Meetings of the university appeals board will be called as necessary by the dean of students.

Section 4: Appeals Related to Academic Violations

During the academic year, a committee of student conduct board members consisting of three faculty members and two student members will act as the appeals body for appeals of decisions reached by an academic dishonesty hearing committee. If the charged student is a graduate student, at least one of the students on the final appeals board will be a graduate student and at least one of the faculty members will teach at the graduate level. Appeals of decisions made by an academic dishonesty hearing committee that must be heard during the summer, or at times when classes are not in session, may be heard by the Vice President for Academic Affairs or her/his designee, in place of the committee. The decision of either appeals body is final.

Section 5: Procedures for Appeals

The purpose of an appeals hearing is to assess the appropriateness of the outcome(s) of a prior hearing that are brought into question by an appeal. The hearing will be conducted in accordance with the procedures set forth by the student disciplinary process, but shall not be bound by the technical rules of evidence or other formal rules of process or procedure, such as are applied in criminal or civil proceedings.

The following procedural protections are provided to charged students in appeals hearings:

a. the opportunity to be present at the hearing and to provide information relevant to the grounds of the appeal;

b. the ability to bring witnesses to speak on new and significant information which was not reasonably discoverable/available before the original decision was rendered (witnesses may only be present in the hearing when they are providing information, not throughout the entire process);

c. the chance to question witnesses in the manner described in Article VI, Section 8 of the student disciplinary process;

d. the opportunity to be accompanied by an advisor who must be a University of Mount Union student, faculty, or staff member and may not be an attorney. Advisors may not speak or directly participate in the hearing, unless otherwise approved by the appeals body.

In order to protect the privacy of the students involved, appeals hearings shall be closed to all parties other than the following: the charged student; the original hearing officer or representative of the original hearing body who presents the case; the complainant(s); the members of the appeals body; a University of Mount Union student, faculty or staff member who is acting as an advisor for the charged student and/or the complainant(s); and witnesses (who are only present during the time that they are providing information.) In the event that a student organization is involved in an appeals hearing, one member will represent the organization, while other members who want to present information will be considered to be witnesses and will only be present when they are providing Information.

A single recording will be made of each appeals hearing. The deliberations of the appeals body will not be recorded. The recording shall be the property of the University. Recordings of all appeals hearings will be kept on file in the associate dean of students’ office. Recordings will be erased thirty days after the appeals hearing.

Copies of all written materials used in the original hearing shall be made available to all members of the appeals body. These materials shall include the charge letter, documentation reports, witness statements, disposition letter, and any other documents pertinent to the case. In addition, if the original hearing was recorded, the appeals body may choose to listen to the recording. Further, the appeals body will receive copies of the request for appeal and any additional documentation that will be presented at the appeals hearing. All documents
shall be held in confidence and will be collected at the conclusion of the hearing.

A copy of all written materials to be considered in the appeal hearing shall be provided to the charged student and to the complainant(s) (if any) for their use during the hearing. These written materials will be collected at the end of the hearing. If requested by the charged student or the complainant(s), arrangements will be made for them to review the written materials prior to the appeal hearing.

The original administrative hearing officer or a representative of the original hearing body will present information to the appeal body. This individual may be present at the hearing, make a statement concerning the issues raised by the appeal, be informed of the content of written material about the case, call witnesses if necessary to support the outcome of the original hearing, and directly question witnesses.

While the University brings all charges within the student disciplinary process, there are occasions when a member of the campus community believes s/he has been a victim of the alleged violation and may also be considered to be a complainant. In this case, this person may be directly involved in the case brought before an appeals body and, therefore, may be present at the hearing, provide information relevant to the grounds of the appeal, call witnesses to speak on new and significant information which was not reasonably discoverable/available before the original decision was rendered, question witnesses in the manner described in Article VI, Section 8 of the student discipline process, and be accompanied by an advisor who must be a University of Mount Union student, faculty, or staff member and may not be an attorney. Advisors may not speak or directly participate in the hearing, unless otherwise approved by the members of the appeals body.

After completion of the presentation of information, the appeals body will deliberate privately and reach a decision. The appeals body will first consider if any of the specified grounds for appeal have been met. If the grounds for appeal have been met and these grounds relate to the determination of responsibility, a sustained decision shall only be reached when the appeals body finds that the preponderance of the information that has been presented supports the allegation that the charged student has violated the University of Mount Union Student Code of Conduct. If the grounds for appeal have been met and these grounds relate to the sanctions assigned by the original hearing body, then the appeals body will make a decision regarding the appropriateness of the assigned sanctions.

The decision of the appeals body is final and will be presented to the charged student as soon as possible after the hearing by the dean of students or her/his designee.

All procedural questions are subject to the final decision of the dean of students or her/his designee.

Academic Dishonesty Hearing Process

Article I: Academic Honesty

The University views the moral and ethical education of its students as being equal in importance to their intellectual development. The codes of conduct and ethical habits individuals practice as students are likely to guide them for their entire lives. As a consequence, a significant part of the University's mission is to support in its students a belief in the importance of personal honesty and integrity and a strong commitment to high standards in those areas. In all of their academic pursuits, Mount Union students are expected to be responsible members of the academic community.

Unless clearly documented with citations indicating otherwise, all academic work is expected to be the student's own. Plagiarism and/or any other form of cheating or dishonesty will subject the student involved to sanctions ranging from failure of an assignment to possible suspension or dismissal from the University. When the latter sanctions are recommended the Associate Academic Dean for Curriculum and Student Issues may convene a hearing committee to determine responsibility and appropriate sanctions. Specific procedures for hearings of this nature are outlined below.

Article II: Hearing Committee Membership

The academic dishonesty hearing committee shall consist of two faculty members from the Academic Policies Committee, one student to be appointed by Vice President for Academic Affairs or her/his designee, and the Associate Academic Dean for Curriculum and Student Issues, who serves as convener without vote.

Any member of the academic dishonesty hearing committee who is considered to have a conflict of interest in the particular case being heard should discuss with the Associate Academic Dean the desirability of being excused from that hearing. The Associate Academic Dean will decide the appropriateness of that member's involvement and select a replacement for the hearing if needed.

The charged student shall have the right to ask for the removal of any committee member by providing a written or verbal statement regarding the alleged conflict of interest on the part of the committee member. The Associate Academic Dean will determine if there is a potential conflict of interest. If a potential conflict of interest is shown, the Associate Academic Dean will select a replacement committee member.

Article III: Purpose

The purpose of an academic dishonesty hearing is to provide an evaluation of a charged student's responsibility for violating the University of Mount Union's academic honesty policy.

Article IV: Procedural Protections

Academic dishonesty hearings will be conducted in accordance with the procedures set forth by this document, but shall not be bound by the technical rules of evidence or other formal rules of process or procedure, such as are applied in criminal or civil proceedings.

The following procedural protections are provided to charged students in academic dishonesty hearings:

a. receiving written notice of the specific charges prior to the hearing;

b. knowing the content of written material being considered in the case;
c. the opportunity to be present at the hearing, to respond to the allegations, and to provide relevant information. If the charged student fails to attend the hearing after notification has been given, the hearing may be held in her/his absence;

d. the ability to bring pertinent and necessary witnesses to speak on her/his behalf (witnesses may only be present in the hearing when they are providing information, not throughout the entire process);

e. the chance to question all witnesses present at the hearing;

f. the opportunity to be accompanied by an advisor who must be a Mount Union student, faculty, or staff member and may not be an attorney. Advisors may not speak or directly participate in the hearing, unless otherwise approved by the members of the academic dishonesty hearing committee;

g. the right to speak or not speak on her/his own behalf. Invoking the right to not speak will not be considered an admission of responsibility.

Article V: Academic Dishonesty Hearing Procedures

Academic dishonesty hearings shall be closed to all parties other than the following: the charged student; the faculty member reporting the dishonesty (also known as the complainant); the members of the hearing committee as described above; a University of Mount Union student, faculty or staff member who is acting as an advisor to the charged student; and witnesses (who are only present during the time that they are providing information.)

A single recording shall be made of each hearing. The deliberations of the academic dishonesty hearing committee will not be recorded. The recording shall be the property of the University. Recordings of all academic dishonesty hearing committee proceedings will be kept on file in the associate academic dean’s office. Recordings will be erased 60 days after the hearing unless an appeal is still pending. In this case, recordings will be erased thirty days after the final appeal decision.

A written description of the charges shall be made available to the academic dishonesty hearing committee. This description shall include the name of the charged student, the time and place of the alleged offense, and the nature of the alleged offense. In addition, other written materials may be considered at the discretion of the hearing committee. These written materials shall be held in confidence and will be collected at the conclusion of the hearing.

A copy of all written materials to be considered in the hearing shall be provided to the charged student for her/his use during the hearing. These written materials will be collected at the end of the hearing. If requested by the charged student, arrangements will be made for her/him to review the written materials prior to the hearing.

The complainant(s), the charged student and the Associate Academic Dean may arrange for witnesses to present pertinent information to the committee. Witnesses will provide information to and answer questions from the academic dishonesty hearing committee.

After completion of the presentation of information, the committee will deliberate privately and reach a decision. A finding of responsibility shall only be reached when a majority of the voting members of the committee finds that the preponderance of the information that has been presented supports the allegation that the charged student has violated the University of Mount Union Academic Honesty Policy. If the charged student is found responsible for the violation, then the academic dishonesty hearing committee will make a decision regarding appropriate sanctions to be assigned.

The Associate Academic Dean will ensure that written notification of the findings of the committee are given to the Vice President for Academic Affairs as soon as possible following the completion of the hearing. The Associate Academic Dean will notify the charged student of the outcome of the hearing.

All procedural questions are subject to the final decision of the Vice President for Academic Affairs or her/his designee.

Article VI: Appeals

Appeals shall be considered under the circumstances and procedures described in Article VII of the Student Disciplinary Process, which may be found in the Student Handbook.

Student Code of Conduct

The following conduct is unacceptable to University of Mount Union and will be addressed through the student disciplinary process. This listing is illustrative of the kinds of behaviors prohibited by the University, but is not an exhaustive definition of misconduct. Although the University will make every reasonable effort to make the rules and regulations available, students are responsible for becoming familiar with them. Being under the influence of alcohol or other drugs does not diminish a student’s responsibility or excuse a violation of the Code of Conduct. Prohibited behaviors include:

1. Academic Misconduct – Violations of the Academic Honesty Policy. The policy can be found in its entirety in the Program handbook.

2. Dishonesty – Furnishing false ID; furnishing a false written or oral statement; falsification, alteration or misuse of University, or other official, documents or records; knowingly passing a worthless check or money order in payment of a financial obligation to the University or to a member of the University community; falsely representing the work of another as one’s own.

3. Misuse of Identification – Transferring, lending, borrowing or altering University identification or other official forms of identification (i.e. driver’s license); production or possession of a fake or altered ID.

4. Misuse of Technology – Misuse or abuse of any computer, computer system, service, hardware, software, program, data, network, cable television network or communication network, particularly as defined by the Technology Resources Acceptable Use Policy.

5. Disorderly Conduct – Abusive, obscene, violent, destructive or excessively noisy behavior, including behaviors that result from being under the influence of alcohol or other drugs.

6. Community Disruption – Behaviors that disrupt the regular operation of the University or interfere with the ability of members of the
University community to complete their ordinary activities.

7. Mental or Bodily Harm* – Acts covered by this policy include, but are not limited to:
   a) intentionally inflicting mental or bodily harm upon any person;
   b) taking any action for the purpose of inflicting mental or bodily harm upon any person;
   c) taking any reckless, but not accidental, action from which mental or bodily harm to any person could result;
   d) sexual assault;
   e) harassing, intimidating or threatening behavior toward any person including, but not limited to, behavior in violation of the University of Mount Union Statement on Harassment found in the Student Handbook;
   f) any act which demeans, degrades or disgraces any person, e.g. hazing;
   g) use of alcohol or other drugs in a manner that contributes to, or places the individual at risk for, mental or bodily harm.
   * “Any person” as used in this section may include one’s self.

8. Theft/Unauthorized Use of Property – Theft or unauthorized use of property, money or services from the University or any other person or business. This includes the unauthorized use, duplication or possession** of any key issued for any University building, facility or room.

9. Possession** of Stolen Property – Possessing property known to be stolen that may be identified as property of the University or any other person or business.

10. Vandalism/Destruction of Property – Intentionally or recklessly, but not accidentally, damaging, destroying, defacing or tampering with University property or the property of any person or business

11. Trespassing – Forcible or unauthorized entry into any room, building, structure or facility belonging to the University or any person or business; or unauthorized entry to or use of property belonging to the University or any person or business.

12. Misuse of Safety Equipment – Unauthorized use or alteration of firefighting equipment, safety devices or other emergency safety equipment.

13. Making a False Report – Causing, making or circulating a false report or warning of fire, explosion, crime, violation of the Student Code of Conduct, or other crisis or emergency.

14. Failure to Evacuate during a Fire Alarm – Failure to leave a building quickly and in an orderly manner in the event of a fire alarm.

15. Possession of Dangerous Weapons or Materials – Unauthorized possession**, use or storage of weapons or dangerous materials of any type or description, including, but not limited to, firearms, compressed-air guns, pellet guns of any nature, paintball guns, BB guns, illegal knives, swords, brass knuckles and other fighting apparatus, explosive devices, fireworks, ammunition for any prohibited weapon, or any dangerous “ordnance” as defined by Ohio law. In addition, flammable liquids or gases, such as gasoline, kerosene, propane, lighter fluid, etc. may not be used or stored in any residential facility, or by students in any other campus building except as approved by appropriate University officials.

16. Violation of University Drug Policies – The manufacture, distribution, sale, offer for sale, use, or possession** of any illegal drug or narcotic. In addition, the possession** or use of drug abuse instruments or paraphernalia is prohibited. (Additional details can be found in the complete Drug Policy in the Student Handbook.)

17. Violation of University Alcohol Policies – (a) Possession** or consumption of alcoholic beverages, except under circumstances authorized by the University of Mount Union Alcohol Policy; (b) failure to comply with state or University regulations regarding the use or sale of alcoholic beverages.

18. Failure to Comply or Identify – Failure to comply with the directions of University or public officials, including residence life staff and security officers, acting in the performance of their duties or to identify one’s self to these persons when requested to do so. This includes failure to complete assigned disciplinary sanctions.

19. Violation of Rules Regarding the Residence Halls – Violation of any of the rules and regulations of the University residence halls. (A listing of Residence Hall Regulations can be found in the Student Handbook.)

20. Facilitating or Encouraging Violations of the Code of Conduct – Helping, procuring or encouraging another person to violate the Student Code of Conduct.

21. Violation of Probation – Violation of the Student Code of Conduct while on probation or violation of the terms of that probation.

22. Violation of any published rule or policy of Mount Union, or of local, state or federal law.

** PLEASE NOTE: The presence of articles may be interpreted as possession of those articles. Students encountered in locations where drugs, alcohol, dangerous weapons or materials, or other misconduct is evident will normally be considered in violation of the Code of Conduct, even if they do not have the prohibited items on their person at the time they are encountered.

Disciplinary Sanctions

1. University of Mount Union supports the concept of educational discipline. Therefore, when a graduate student is not a danger to the University community, or when repetition of misconduct is unlikely, the University will make an effort to educate the student through disciplinary sanctions. However, should the student demonstrate an unwillingness to adhere to the behavioral expectations of the University, or to the graduate program, he or she will be treated in a similar manner as one who has failed academically, and may be separated from the University. Possible disciplinary sanctions include, but are not limited to:
   a) Written Warning - A written notice to the student that the student has violated the Student Code of Conduct, that such behavior is
unacceptable, and that further violations may result in more serious disciplinary sanctions.

b) Disciplinary Probation - A written reprimand for violation of the Student Code of Conduct. Disciplinary probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to be violating the Student Code of Conduct during the probationary period.

c) Loss of Privileges - Denial of specific privileges for a designated period of time.

d) Fines - Previously established fines may be imposed.

e) Restitution - Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.

f) Educational Sanctions - Assignments made to assist in the educational outcome of the disciplinary process (e.g., meetings with the Director of Alcohol, Drug and Wellness Education, attendance at programs, writing a research paper, etc.) These assignments are designed to address the specific issues that arise in each disciplinary case.

g) Disciplinary Suspension - Separation of the student from the University for a definite period of time, after which the student is eligible to apply for readmission. Conditions for readmission may be specified.

h) Disciplinary Expulsion - Permanent separation of the student from the University.

2. More than one of the sanctions listed above may be imposed for any single violation.

3. Disciplinary sanctions do not appear on a student's academic transcript, but do become a part of the student's confidential educational record with the University. Disciplinary records are kept on file for six years following a student's graduation or withdrawal from the University.

4. The following sanctions may be imposed upon groups or organizations found to have violated the Student Code of Conduct:

   a) Those sanctions listed above in section 1, a through f.

   b) Deactivation - Loss of all privileges, including University recognition, for a specified period of time. Conditions for reactivation may be specified.

**Interim Suspension**

In certain circumstances, the vice president of student affairs and dean of students, or his/her designee, may impose a disciplinary or residence hall suspension prior to a disciplinary hearing. Interim suspension may be imposed: a) to ensure the safety and well-being of members of the University community or preservation of University property; b) to ensure the student’s own physical or emotional safety and well-being; or c) if the student poses a definite threat of disruption of or interference with the normal operations of the University.

In addition to the above, an interim suspension will be imposed if the University becomes aware that a student attempts or threatens to attempt suicide. Under this circumstance, the interim suspension will remain in effect until the student has been assessed by a psychiatrist and receives a written release from the psychiatrist that the student is able to safely return to the campus environment. This release would include any recommendations from the psychiatrist regarding treatment while the student remains enrolled and/or remains on campus. If the student is released to return to the University, pursuant to the psychiatrist’s recommendations, the student will be required to comply with his or her psychiatrist’s recommendations in order to remain at the University.

During an interim suspension, the student shall be denied access to the campus to the extent deemed appropriate by the dean of students or his/her designee. This may include restriction from residence halls, University activities, campus buildings, classes, etc., or may constitute restriction from the campus entirely.

**Alcohol and Other Drug Use/Abuse Policies and Programs**

Mount Union is concerned about the health and well-being of its students, faculty and staff and recognizes the health hazards involved with the use of alcohol and other drugs. The following policies are an attempt to influence students to make low-risk decisions regarding alcohol and other drugs. In accordance with the Drug Free Schools Act of 1989, state and local laws pertaining to alcohol and drug use are also detailed in this section, in addition to, the health risks of alcohol and other drug use and treatment opportunities available for students, faculty and staff members who are involved in the abuse of alcohol or other drugs.

**Alcohol Policy**

Mount Union expects members of the campus community to act in a mature manner and to accept full responsibility for their behavior. Violation of any local, state or federal law regarding the use of alcoholic beverages is considered to be a violation of the University of Mount Union Alcohol Policy, regardless of where this violation occurs. Providing alcoholic beverages to persons under the age of 21 is an illegal act and will be addressed seriously by Mount Union. In addition, it is a violation of the Student Code of Conduct for students to allow alcoholic beverages to be consumed at their place of residence by persons under the age of 21.

While the University does not encourage the use of these beverages, alcoholic beverages, as allowed by University policy and state and local laws, are permitted in individual student rooms and university apartments, in fraternity and sorority houses (as allowed by national and/or local chapter guidelines) and at activities held off campus by students who are 21 years of age or older. The following are specific alcohol regulations.

1. Persons who are 21 years of age or older may possess* and consume alcoholic beverages in the residence halls, university apartments and campus houses according to the following standards:

   a) Students who are 21 or older may possess* or consume alcoholic beverages in the privacy of their individual student rooms or
no campus activity includes the sale of alcoholic beverages, organizations will be required to use a licensed third-party vendor to manage this sale.
If convicted of an offense involving the sale of a controlled substance the ineligibility period is:

<table>

</tr>
<tr>
<td>Any other condition</td>
<td></td>
</tr>
</tbody>
</table>

**Alcohol or Drug Policy Sanctions**

1. An individual involved in a violation of alcohol or drug related policies will be referred for disciplinary action, and may receive any of the sanctions outlined in the student disciplinary process.

2. If a recognized student organization violates the alcohol or drug policies, the group will be referred for disciplinary action. The following minimum sanctions will apply:
   a) A two hundred dollar fine and a period of probation for a first offense. Possible conditions of this probation include, but are not limited to, restrictions on activities such as recruitment, sponsoring social activities, or participation in campus events.
   b) Subsequent offenses may result in suspension of the group from campus.
   c) Other penalties may be assessed depending upon the nature of the violation.

**State and Federal Laws Pertaining to Alcohol and Other Drugs**

Ohio law prohibits the purchase, consumption or possession of alcoholic beverages by persons under 21 years of age, with a fine up to $1,000 and/or six months imprisonment for the first offense. Possession or display of a fictitious operator’s license is a first degree misdemeanor. The offense includes mere possession of a fictitious license or display of someone else’s valid operator’s license. The maximum penalty for this offense is six months imprisonment and/or a $1,000 fine. If the fictitious operator’s license is used to purchase alcohol or enter an establishment that serves alcohol the minimum fine is $250 and the person displaying the factitious operator’s license may have his/her valid operator’s license suspended for three years.

A person who furnishes alcohol to an underage person is guilty of a first degree misdemeanor. The maximum penalty associated with this offense is six months imprisonment and/or a $1,000 fine. Therefore, a social host risks being fined and imprisoned. It is illegal to possess an open alcoholic container in public. Conviction of this offense carries a maximum penalty of $100 fine.

A first conviction for driving under the influence of alcohol or drugs has a penalty of up to $1,000 fine, forfeiture of driving privileges for six months and up to six months imprisonment (mandatory three days in jail).

Criminal penalties in Ohio for the illicit use of controlled substances (“drugs”) vary with the type of drug and quantity. For example, possession of marijuana is punishable with fines up to $2,500 and imprisonment up to one year, while possession of Ecstasy (MDMA) is punishable with fines up to $15,000 and imprisonment up to eight years.

Possession of drugs is illegal without valid authorization (i.e. a valid doctor’s prescription). While penalties for possession are generally not as great as for manufacture and distribution of drugs, possession of a relatively large quantity may be considered distribution. Penalties for conviction of the sale or attempted distribution of marijuana are fines up to $10,000 and up to five years imprisonment. Under both state and federal laws, penalties for possession, manufacture and distribution are much greater for second and subsequent convictions. Many of these laws dictate mandatory prison terms and require that the full minimum term be served.

Sale and possession of drug paraphernalia is illegal in Ohio. Drug paraphernalia can be classified as any equipment, product or material of any kind that is designed, intended or used for producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling or otherwise introducing into the human body, a controlled substance in violation of Ohio drug law.

The exact legal wording can be found in the Ohio Revised Code, Sections 4301.63.2, 4301.63.3, 4301.63.4, 4301.69:
http://codes.ohio.gov/orc/4301

A student who is convicted of any offense under any Federal or State law involving the possession or sale of a controlled substance for conduct that occurred during a period of enrollment for which the student was receiving any federal grant, loan, or work assistance shall not be eligible to receive and federal grant loan or work assistance from the date of that conviction for the period of time specified in the following table:

If convicted of an offense involving the possession of a controlled substance the ineligibility period is:

- First offense - 1 year
- Second offense - 2 years
- Third offense - Indefinite.

If convicted of an offense involving the sale of a controlled substance the ineligibility period is:

- First offense - 2 years
Second offense - Indefinite.
A student whose eligibility has been suspended may resume eligibility before the end of the ineligibility period if:

A. The student satisfactorily completes a drug rehabilitation program that complies with criteria set by federal regulations and includes two unannounced drug tests.

OR

B. The student successfully passes two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria set by federal regulations.

OR

C. The conviction is reversed, set aside, or otherwise rendered nugatory.

Health Risks Associated with Alcohol and Other Drug Use/Abuse

Alcohol
Alcohol consumption causes a number of changes in behavior and physiology. Even low doses significantly impair judgment, coordination and abstract mental functioning. Statistics show that alcohol use is involved in a majority of violent behaviors on college campuses, including acquaintance rape, vandalism, fights and incidents of drinking and driving. Continued abuse may lead to dependency, which often causes permanent damage to vital organs and deterioration of a healthy lifestyle.

Cannabis (Marijuana, Hashish)
The use of marijuana may impair or reduce short-term memory and comprehension, alter sense of time and reduce coordination and energy level. Users often have a lowered immune system and an increased risk of lung cancer.

Hallucinogens
Lysergic acid (LSD), mescaline and psilocybin (mushrooms) cause hallucinations. The user may experience panic, confusion, suspicion, anxiety and loss of control. Delayed effects and flashbacks, can occur even when use has ceased. Phencyclidine (PCP) affects the section of the brain that controls the intellect and keeps instincts in check. Because the drug blocks pain receptors, violent PCP episodes may result in self-inflicted injuries.

Cocaine/Crack
Cocaine users often have a stuffy, runny nose and may have a perforated nasal septum. The immediate effects of cocaine use include dilated pupils and elevated blood pressure, heart rate, respiratory rate and body temperature, followed by depression. Crack, or freebase rock cocaine, is extremely addictive and can cause delirium, hallucinations, blurred vision, severe chest pains, muscle spasms, convulsions and even death.

Amphetamines
Speed, methamphetamine and some diet pills can cause a rapid or irregular heartbeat, tremors and loss of coordination, reduced appetite, irritability, panic and paranoia. Heavy users are prone to violence and psychotic behavior.

Opiates
Codeine, heroin, morphine and other opioids cause the body to have diminished pain reactions, drowsiness, respiratory depression and arrest, nausea, confusion, constipation and possibly coma or death.

MDMA (Ecstasy)
Short term use of MDMA can cause loss of inhibition, confusion, hallucinations, muscle tension, increased heart rate, increased blood pressure, increased body temperature, dehydration, involuntary teeth clenching, nausea, blurred vision, rapid eye movement, faintness, chills and sweating, impaired memory and learning. Long-term use of MDMA can lead to depression, sleep problems, liver and kidney damage, drug cravings, severe anxiety, paranoia, permanently impaired memory and ability to learn.

Anabolic Steroids
Steroid users often experience hypertension, cholesterol changes, liver cysts and cancer, kidney cancer, hostility and aggression, acne, premature stoppage of growth and reproductive side effects for both sexes.

Alcohol and Other Drug Treatment Options

On Campus
Mount Union offers a comprehensive alcohol and drug counseling and education program to all students. Self-referrals, supervisory and departmental referrals and consultations are welcome.

Office of Alcohol, Drug and Wellness Education
Hoover-Price Campus Center, 1972 Clark Ave., (330) 829-6660

Stark County
The following locations offer programs for those with alcohol or drug related concerns. These agencies can provide counseling, treatment, rehabilitation, re-entry and referral for Mount Union faculty, staff and students.

Alcoholics Anonymous Intergroup Office
4125 Hills & Dales Rd. N.W., Canton, OH 44708, (330) 491-1989
http://www.aaincantonohio.org/

Trillium Family Solutions
Alliance Office: 1410 State St., Suite M, Alliance, OH 44601, (330) 823-6932
Canton Office: 624 Market Ave. North, Canton, OH, 44702, (330) 454-7066
http://www.trilliumfs.org/

IMPACT Program
Tobacco Policy

Members of the University community are expected to be discrete and courteous whenever smoking or using other tobacco products. All campus buildings, including residence halls, are tobacco-free. In addition, in compliance with the Smoke Free Workplace Act, smoking is prohibited in all areas which would be considered entrances or exit points to the buildings and/or other areas in which tobacco smoke could easily carry into the buildings. To accommodate the adherence to these restrictions, smoking is only permitted in designated smoking areas. A map of designated smoking areas is available from the Office of Human Resources, located in Beeghly Hall.

Confiscation Policy

If prohibited items are found in a student’s residence hall/house room, these items will be confiscated by a University staff member. A list of prohibited appliances can be found in the section of Residence Hall Regulations entitled “Responsibility for Personal and University Property.” In addition to having the item(s) confiscated, students in possession of prohibited items will usually be charged with violating the Student Code of Conduct.

**Items confiscated from student rooms will be returned as follows:**

- **Alcoholic beverages, containers and paraphernalia (kegs, taps, beer balls, beer funnels or bongs)** – Unless these items are necessary for the disciplinary process, they will be disposed of immediately. If they are retained pending a disciplinary hearing, they will be disposed of when the hearing process has been completed. These items will not be returned to the student.
- **Drugs, drug paraphernalia and items addressed in the Dangerous Weapons or Materials portion of the Student Code of Conduct** – These items will typically be turned over to the Alliance Police Department. Exceptions to this policy will be made only after consultation with the Alliance Police Department and upon completion of the disciplinary hearing process.
- **Pets** – Pets will be removed and turned over to the Stark County Humane Society or other appropriate animal rescue organization if an alternate home is not available within 24 hours.
- **Other prohibited items (appliances, candles, etc.)** – These items will be stored in a secured location. At the end of each semester, residents may make arrangements at the Office of Residence Life to retrieve confiscated items. Students will have two weeks after the end of the spring semester to claim their items. After that time, the University will dispose of all remaining confiscated items.

Fire Safety Regulations

Students are expected to use good judgment at all times to prevent fires. Tampering with fire equipment or ringing the fire alarm, except in case of fire, violates state laws and University regulations and could result in suspension from the graduate program. Presence on any fire escape is prohibited, unless it is being used to exit the building in the case of a fire. Fire doors in all campus facilities must be closed at all times.

Weapons Policy

Ohio law and Mount Union policy prohibit the possession, use or storage of weapons or dangerous materials of any type or description anywhere on Mount Union property. This includes, but is not limited to, firearms, compressed-air guns, pellet guns of any nature, paintball guns, BB guns, illegal knives, swords, brass knuckles and other fighting apparatus, explosive devices, fireworks, ammunition for any prohibited weapon, or any dangerous “ordnance” as defined by Ohio law. In addition, flammable liquids or gases, such as gasoline, kerosene, propane, lighter fluid, etc. may not be used or stored in any residential facility or by students in any other campus building except as approved by appropriate University officials. While state legislation (H.B. 12, effective April 8, 2004) authorizes county sheriffs to issue licenses to carry concealed handguns, these firearms are still prohibited on University property.
**Campus Lakes**
The campus lakes are for campus beautification only. No one is permitted to be in or on the lake. Boating, swimming, ice skating and all other activities taking place in or on the campus lakes are strictly prohibited.

**Student Health Care Privacy**
During the academic year, a student may be treated at the Student Health Center or, if appropriate, in the Department of Human Performance and Sport Management, while other students may receive counseling by the Office of Counseling Services or the Office of Alcohol, Drug and Wellness Education. On occasion, a student may be seen at a local hospital or by a private physician for tests, x-rays, or treatment. The hospital or physician generally sends a copy of those test results or medical records to the Student Health Center, which maintains them in the student’s health record.

The confidentiality of a student’s health care information is important to the University. Students should know what laws apply and how the University protects the privacy of student health information. The two main laws governing the confidentiality of student health information are the HIPAA Privacy Rule and the Family Educational Rights and Privacy Act (“FERPA”).

**HIPAA**
Hospitals and private physicians must comply with HIPAA’s Privacy Rule, which controls the use and disclosure of a patient’s protected health information. If a student goes to the hospital or a private physician’s office, it will not be necessary, under HIPAA, for the student (or parent, if the student is a minor) to sign an authorization in order for the hospital or doctor to send a copy of that student’s test results or medical record to a nurse, physician or other health care provider at the Student Health Center.

It also will not be necessary for the student (or parent) to sign an authorization for the hospital or physician to submit a claim for payment to the student’s or parent’s health insurance plan. HIPAA defers to Ohio law in dealing with the rights of parents and children. A student, who has reached the age of 18, may request the hospital or private physician not to disclose medical information to his or her parents. That decision is strictly between the student and physician in private practice, who is not connected with University of Mount Union.

The University encourages students to share their health information with parents.

**FERPA**
The Student Health Center, Department of Human Performance and Sport Management, Office of Counseling Services and Office of Alcohol, Drug and Wellness Education, though they may provide treatment and health-related services, are not covered by HIPAA’s Privacy Rule. Records that are created when the student receives treatment at the Student Health Center, Department of Human Performance and Sport Management, Office of Counseling Services or Office of Alcohol, Drug and Wellness Education are considered “Education Records,” which are protected by FERPA.

If the student wishes to allow another party to examine, inspect, or know the content or receive a copy of, his or her Education Records as maintained by the Student Health Center, Department of Human Performance and Sports Management, Office of Counseling Services or Office of Alcohol, Drug and Wellness Education, then the student must first sign a FERPA Release Form.

If students or parents have questions about the application of these privacy laws, please call the director of human resources at (330) 829-6560.

**Statement Regarding Acts of Intolerance and Harassment**

As an educational community, Mount Union has made a commitment to work toward a campus that is free from discrimination and that celebrates the diversity of its various community members. The University will not tolerate behavior that in any way undermines the emotional, physical or ethical integrity of any member of its community. Mount Union seeks to protect and enhance the personal safety, dignity, and self-respect of each member of the campus community. Moreover, the University will use its influence to encourage the entire community to treat its students, faculty, staff and affiliated visitors in a manner consistent with the principles of this statement. Academic freedom can only exist when all are free to pursue ideas in a non-threatening, non-coercive atmosphere of mutual respect.

It is imperative that campus community members report acts of intolerance. If these acts go unreported, then the opportunity for assistance and education is lost. Silence perpetuates the idea that there are no problems stemming from intolerant behavior at Mount Union. Any incident of discrimination or harassment that involves race, gender, sexual orientation, religion, disability, age, economic status or national origin should be reported.

Nothing in this document shall be construed to limit an individual’s rights to freedom of political or artistic expression, or other expressions of an academic nature. In particular, the expression of political opinions about issues both on campus and in the wider national and international community explicitly does not constitute harassment. Works of art created or presented by students, faculty and other members of the community are similarly protected.

**Definition of Harassment**
Harassment includes, but is not limited to, any verbal or non-verbal conduct directed at an individual or group of individuals due to their race, religion, ethnic origin, gender, sexual orientation, or disability, when such conduct has the purpose or effect of unreasonably interfering with
an individual’s work or academic performance or creating an intimidating, hostile, or offensive environment for working, learning, or living on campus. Such harassment may occur between any members of the University community. It is a violation of University policies to engage in harassment or to retaliate against anyone bringing forth a complaint of harassment. False accusations of harassment will not be tolerated and may constitute intimidation and harassment and will be responded to as any other case of harassment. Repeated incidents, even where each would not on its own constitute harassment, may collectively constitute harassment under this definition.

Specific Types of Harassment
Certain forms of harassment tend to occur more frequently in society and are therefore described below in more detail.

Sexual Harassment
Sexual harassment in all of its manifestations runs counter to the mission of the University of Mount Union and will not be tolerated in the University community. Sexual harassment violates not only the dignity of the individual, but also the integrity Mount Union. All reports of sexual harassment will be promptly investigated and addressed.

Definition
Sexual harassment includes unwelcome sexual advances, requests for sexual favors and other physical or verbal conduct of a sexual nature when it meets any of the following:

1. Submission to such conduct is either explicitly or implicitly made a condition of employment or academic standing or where there is an implied or expressed promise of reward or threat of negative consequence for refusal;
2. Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual; or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile, or offensive environment for working, learning, or living on campus.

Examples
Examples of sexual harassment include, but are not limited to:

- Coerced sexual activity;
- Some incidents of physical assault;
- Direct or implied threats that submission to sexual advances will be a condition of employment, work status, promotion, grades, or letters of recommendation;
- Direct propositions of a sexual nature and/or subtle pressure for sexual activity that is unwanted and unreasonably interferes with a person’s work or academic environment;
- A pattern of conduct that unreasonably interferes with the work or academic environment (not legitimately related to the subject matter of a course) including:
  - Sexual innuendoes, inappropriate comments or remarks about an individual’s clothing, body, or sexual activities;
  - Suggestive or insulting sounds, inappropriate humor and jokes about sex or gender in general; sexual propositions, invitations, or other pressure for sexual intimacy;
  - Inquiries and commentaries regarding a person’s sexual activity, experience or orientation;
  - Unwanted patting, pinching, brushing against a person’s body, attempted or actual kissing or fondling, or any other inappropriate touching or feeling or staring.

Racial Harassment
Racial harassment is antithetical to the values of Mount Union and the University will not tolerate acts based on racial bigotry. It is the goal of the University to eliminate all manifestations of racism from the campus and any incidents of racial harassment will be promptly investigated and addressed.

Definition
Racial harassment includes behavior that threatens, intimidates, coerces, or degrades an individual or group because of race, ethnicity, or national origin in a manner that unreasonably interferes with an individual’s work or academic performance or creates an intimidating, hostile, or offensive environment for working, learning, or living on campus.

Examples
Examples of racial harassment include, but are not limited to:

- Racial/ethnic slurs of any kind;
- Any behavior, including the production or display of graphic or written statements, that threatens, intimidates, coerces, or degrades an individual or group because of race, ethnicity, or national origin, or calls attention to the race, ethnicity, or national origin of another person in a manner that prevents or limits their academic and/or personal freedoms;
- Physical assault, destruction of property, intimidation, or any behavior that is physically threatening, harmful, or humiliating when such conduct is directed against an individual or group because of their race, ethnicity, or national origin.

Disability Harassment
Harassment directed at individuals or groups because of an actual or perceived disability is antithetical to the values of Mount Union. Such acts will not be tolerated by the University and will result in prompt investigation and response.

**Definition**

Disability harassment includes behavior that threatens, intimidates, coerces, or degrades an individual or group based on an actual or perceived disability in a manner that unreasonably interferes with an individual’s work or academic performance or creates an intimidating, hostile, or offensive environment for working, learning or living on campus.

**Examples**

Examples of disability harassment include, but are not limited to:

- Verbal acts and name-calling;
- Any behavior, including the production or display of graphic or written statements, that threatens, intimidates, coerces, or degrades an individual or group because of an actual or perceived disability that prevents or limits their academic and/or personal freedoms;
- Physical assault, destruction of property, intimidation, or any behavior that is physically threatening, harmful, or humiliating when such conduct is directed against an individual or group because of an actual or perceived disability;
- Behavior that creates a hostile environment by unreasonably interfering with or denying a person’s participation in or receipt of benefits, services, or opportunities from the College because of an actual or perceived disability.

**Grievance Procedures**

Persons who believe they have been harassed are encouraged to discuss the complaint with the associate dean of students or the director of human resources and employee development. All members of the university community are encouraged to utilize the informal grievance procedures as a means of resolving harassment complaints.

Every attempt will be made to protect any alleged victim from further harassment or injury. The University and persons involved in the investigation will make every effort to maintain the confidentiality of the complaint and the investigation.

**Procedures for Student to Student/Faculty/Staff Member Harassment**

**Informal Grievance Procedure**

Any campus community member with a complaint of harassment against a student should discuss this complaint with the associate dean of students*. If appropriate and desired by the complainant, the associate dean of students will arrange a meeting between the two parties and assist in the discussion of the complaint. The complainant has the right to end this informal grievance process at any time and proceed to the formal grievance procedure. If the complainant does not desire an informal meeting, the associate dean of students will assist him/her in the completion of the formal grievance procedure outlined below.

**Formal Grievance Procedure**

Any campus community member who wishes to make a formal complaint of harassment against a student should submit a detailed written report about the allegations to the associate dean of students*. The report should include information about the dates, time, place, participants’ names and the harassing behavior. The associate dean of students will discuss the report with the complainant to ensure clear and thorough understanding of the allegations. Every effort will be made to maintain the confidentiality of information regarding the complaint.

The associate dean of students, with the knowledge of the complainant, will contact the accused student to discuss the accusation. Investigation of a harassment complaint may include interviewing other persons necessary to obtain sufficient information on which to make a determination of the situation. The accused student will receive written notice of the allegations and the specific violations of the Student Code of Conduct with which the student is being charged.

A hearing will be scheduled before an administrative hearing officer or Student Conduct Board, as assigned by the dean of students or his/her designee. The accused student and the complainant will be afforded all rights outlined in the procedures of the Student Disciplinary Process, which can be found in the Student Handbook.

The hearing officer or Board will make a determination of responsibility based upon the preponderance of evidence. If the accused student is found to be responsible for the alleged harassment, he/she will be sanctioned in accordance with the Student Code of Conduct. Based on Title IX of the 1972 Educational Amendments, the complainant will be informed of the determination of responsibility. However, the Family Educational Right to Privacy Act prohibits the disclosure to the complainant of any sanctions placed against the accused student unless they directly involve the complainant (i.e. letters of apology to complainant, restrictions on contact, etc.), or if the accused student is charged with a crime of violence against the complainant.

Disciplinary action shall be taken against any person found to have willfully falsified a claim of harassment. It is also a violation of this policy to retaliate against another member of the campus community for bringing forward a claim of harassment.

**Procedures for Faculty/Staff Member to Student Harassment**
Informal Grievance Procedure
Any student with a complaint of harassment against a faculty or staff member should discuss this complaint with the associate dean of students*. If appropriate the associate dean of students will contact the director of human resources and employee development to discuss the allegations. If desired by the complainant, the director of human resources and employee development will arrange a meeting between the student and the accused faculty/staff member and assist in the discussion of the complaint. The associate dean of students may act in an advisory role for the student upon his/her request. The complainant has the right to end this informal grievance process at any time and proceed to the formal grievance procedure. If the complainant does not desire an informal meeting, the associate dean of students and the director of human resources and employee development will assist him/her in the completion of the formal grievance procedure outlined below.

Formal Grievance Procedure
Any student who wishes to make a formal complaint of harassment against a faculty/staff member should submit a detailed written report about the allegations to the director of human resources and employee development **. The report must include information about the dates, times, place, participants’ name(s), and the harassing behavior. The director of human resources and employee development will discuss the report with the complainant to ensure clear and thorough understanding of the allegations. Every effort will be made to maintain the confidentiality of information regarding the complaint. The director of human resources and employee development will contact the appropriate vice president and advise him or her of the accusations.

The director of human resources and employee development, with the knowledge of the complainant, will contact the accused to conduct a thorough investigation of the allegations. Investigation of a harassment complaint may include interviewing other persons necessary to obtain sufficient information on which to make a determination of the situation. The director of human resources and employee development will then make a determination if the accusations can be substantiated and, if so, refer the accusations to the appropriate vice president for action in accordance with the guidelines specified in the appropriate personnel handbook.

Disciplinary action shall be taken against any person found to have willfully falsified a claim of harassment. It is also a violation of this policy to retaliate against another member of the campus community for bringing forward a claim of harassment.

* If a student wishes to make a complaint of harassment against the associate dean of students, he/she should discuss the complaint with the dean of students.

** If a student wishes to make a formal complaint of harassment against the director of human resources and employee development, he/she should submit a detailed written report about the allegations to the manager of human resources and payroll.

Procedures for Faculty/Staff Member to Faculty/Staff Member Harassment

Informal Grievance Procedure
Complaints of harassment of any nature will be taken seriously and thoroughly investigated. There are two options for a faculty or staff member with a complaint of harassment against another faculty or staff member to initiate a claim of sexual harassment. They include contacting one of the following: 1) the vice president responsible for their department or 2) the director of human resources and employee development. If appropriate and with the knowledge of the complainant, the vice president will contact the director of human resources and employee development to discuss the allegations. If desired by the complainant, the director of human resources and employee development will arrange a meeting between the complainant and the accused faculty/staff member and assist in the discussion of the complaint. The complainant has the right to end this informal grievance process at any time and proceed to the formal grievance procedure.

Formal Grievance Procedure
Any faculty or staff member who wishes to make a formal complaint of harassment against another faculty or staff member should submit a detailed written report about the allegations to the director of human resources and employee development*. The report must include information about the dates, times, place, participants’ name(s), and the harassing behavior. The director of human resources and employee development will discuss the report with the complainant to ensure clear and thorough understanding of the allegations. Every effort will be made to maintain the confidentiality of information regarding the complaint. The director of human resources and employee development will contact the appropriate vice president and advise him or her of the accusations.

The director of human resources and employee development, with the knowledge of the complainant, will contact the accused to conduct a thorough investigation of the allegations. Investigation of a harassment complaint may include interviewing other persons necessary to obtain sufficient information on which to make a determination of the situation. The director of human resources and employee development will then make a determination if the accusations can be substantiated and, if so, refer the accusations to the appropriate vice president for action in accordance with the guidelines specified in the appropriate personnel handbook.

Disciplinary action shall be taken against any person found to have willfully falsified a claim of harassment. It is also a violation of this policy to retaliate against another member of the campus community for bringing forward a claim of harassment.

*If a faculty or staff member wishes to make a formal complaint of harassment against the director of human resources and employee development, he/she should contact the manager of human resources and payroll.

Non-Discrimination Statement
It is the policy of University of Mount Union not to discriminate on the basis of race, sex, sexual orientation, religion, age, color, creed, national or ethnic origin, marital or parental status, disability or genetic information in student admissions, financial aid, educational or
Should someone who has been sexually assaulted seek medical care?
Receiving medical care as soon as possible following a sexual assault or attempted sexual assault is extremely important for two reasons. First, the survivor may have suffered injuries of which she/he is unaware or unable to determine. Testing, treatment and information regarding sexually transmitted diseases or pregnancy may also be needed.

Second, if the survivor thinks that there may be any possibility that she/he will wish to pursue prosecuting the offender, a medical/legal examination for the collection of evidence is vital. Having evidence collected does not mean prosecution. The forensic evidence will be stored until there has been an investigation. While certain medical assistance can be received from a number of locations, Alliance Community

**Sexual Assault Responder Program**

Often when people hear about sexual assault, they automatically think about rape. However, sexual assaults occur on a continuum of intrusion and violation. If permission has not been given or the individual does not want to engage in the sexual activity or is tricked, coerced or pressured into the behavior, it is sexual assault. It is also sexual assault when sexual behavior occurs when a person is unable to give consent due to being under the influence of alcohol or other drugs.

There are many decisions a person must make during her/his recovery from sexual assault. University of Mount Union provides services that can assist the sexual assault survivor with this process. The Sexual Assault Responder Program is designed for this purpose.

**What is a sexual assault responder?**
Sexual assault responders are Mount Union faculty and staff members who are trained to help someone who has been sexually assaulted understand their options. They will not make decisions for the person, but will provide her/him with the knowledge s/he needs to make decisions. The responder who is contacted either goes to the person who calls or makes arrangements to meet her/him. The responder assists the person as s/he addresses counseling, medical and legal issues, and helps with any other concerns the person may have. A list of responders can be found on pages 39-40 of this handbook.

**Why should someone who has been sexually assaulted call a Sexual Assault Responder?**
By contacting a responder, the person can gain valuable assistance and information to help her/him make the many decisions ahead. She/he will also have someone to support her/him during this challenging time. The responder will provide written materials to the survivor that explains her/his many options. It is important to note that if a member of the Mount Union community informs a responder about an assault, she/he is required by University policy and by law to report the assault to the police and to the Office of Student Affairs. This report does not mean that the survivor has to make a statement or pursue prosecution; just that the police will be informed of what happened. If the survivor is unwilling to make a statement, she/he will need to tell the police this directly. The survivor should be aware that she/he will not be able to control the progress or outcome of a legal investigation, but that her/his wishes will be given serious consideration.

**What if someone who has been sexually assaulted doesn't want to call a responder?**
There are decisions that the person needs to make with or without a responder. The person should give serious consideration to getting assistance from a responder or other trained sexual assault advocate. In case the sexual assault survivor decides to work through this process without the benefit of a responder’s assistance, there is additional information below that focuses on the major issues the person will need to address during her/his recovery from sexual assault.

**Who else can someone who has been sexually assaulted call for help?**
Whether or not the person contacts a responder, it is strongly recommended that she/he call the Rape Crisis Hotline. Workers at the Hotline can answer her/his questions and provide support, hospital advocacy and counseling, as well as, referral to longer-term treatment and help with health and financial issues.

**Why should someone who has been sexually assaulted seek counseling?**
It is important for someone who has been sexually assaulted to speak to a counselor, not because there is something wrong with her/him, but because she/he has been hurt. Having someone who can listen and help the survivor sort through her/his feelings is an important step toward regaining control of her/his life.

One way a survivor can receive counseling is through the Rape Crisis Hotline. Their counseling services are free and can be long-term, if necessary. There are also support groups available through Rape Crisis.

The Office of Counseling Services is also an excellent way for a survivor to receive free, confidential assistance. The Office of Counseling Services has counselors who can talk with a survivor and help her/him in the process of emotional healing. Campus counselors meet with students for a limited number of sessions; however, if further counseling is needed they will help the survivor get additional assistance. The Office of the Chaplain is another option for emotional support. The chaplain can offer spiritual guidance during this challenging time.

Rape Crisis Hotline - (330) 821-RAPE (7273)
Office of Counseling Services - (330) 829-9707
Office of the Chaplain - (330) 823-2838

**Should someone who has been sexually assaulted seek medical care?**
Receiving medical care as soon as possible following a sexual assault or attempted sexual assault is extremely important for two reasons. First, the survivor may have suffered injuries of which she/he is unaware or unable to determine. Testing, treatment and information regarding sexually transmitted diseases or pregnancy may also be needed.

Second, if the survivor thinks that there may be any possibility that she/he will wish to pursue prosecuting the offender, a medical/legal examination for the collection of evidence is vital. Having evidence collected does not mean prosecution. The forensic evidence will be stored until there has been an investigation. While certain medical assistance can be received from a number of locations, Alliance Community
Hospital is the only local place where evidence necessary for medical and forensic evaluation can be collected and secured for legal purposes. For physical evidence to be present and useful, it is best collected as soon after the assault as possible; preferably within 12-24 hours and no later than 48-72 hours. It is best if the sexual assault survivor does not shower, bathe, douche, brush her/his teeth, eat or drink, or change clothing prior to going to the Emergency Room. Doing so will destroy important physical evidence. If the person does take any of the above actions, it does not mean s/he should not go to the hospital. However, evidence collection may not be as productive. If the person changed clothes, she/he should take all articles of clothing won at the time of the assault to the hospital. These items will need to be retained as evidence.

Since the crime of rape/sexual assault is a felony offense, hospital personnel are required by law to report the assault to a law enforcement officer. If the survivor has not already spoken to a law enforcement officer, hospital personnel will notify the police that an assault has occurred. A law enforcement officer will come to the hospital to speak with the survivor. It is always the survivor’s right to decide whether or not to talk to law enforcement, but the police officer will want to hear directly from the survivor if s/he is unwilling to make a report. There is no charge for the examination at the hospital if the survivor cooperates with evidence collection. The survivor does not have to request prosecution in order to have the examination for free.

If too much time has passed for a hospital exam to be useful, the survivor can also go to her/his own doctor or the Mount Union Student Health Center for an exam and testing for STDs and pregnancy. In addition, STD testing can be conducted at the Alliance City Health Department or Planned Parenthood of Stark County in Canton. The cost of tests at these facilities is based on a sliding scale. Most college students can expect free or extremely reduced costs. Planned Parenthood also conducts pregnancy tests, as does the Alliance Pregnancy Center. Pregnancy tests at the Alliance Pregnancy Center are free.

Alliance Community Hospital - 200 E. State St. - (330) 596-6000
University of Mount Union Health Center - (330) 823-2692
Alliance Health Department - 537 E. Market - (330) 821-7373
Planned Parenthood of Northeast Ohio - 2663 Cleveland Ave. N.W., Canton – (330) 456-7191
Alliance Pregnancy Center - 75 Glamorgan Ave. - (330) 821-7283

**Should someone who has been sexually assaulted report the assault?**

Mount Union encourages survivors of sexual assault to file a report about the incident. By providing the Alliance Police Department and the Office of Student Affairs with information, the survivor may be able to prevent future assaults against her/himself and others. It is vital that a report is made as soon as possible, particularly if it was a stranger assault. The potential danger to the survivor and the community is higher with stranger assaults. Reporting is not the same as prosecuting. While the investigation and charges placed are not under the control of the survivor, she/he has the opportunity to make her/his wishes regarding prosecution known.

In order to report to the police, the survivor can call the police department and an officer will meet her/him to take a statement. If the survivor would rather not have the officer come to her/him, s/he can also go to the police department to make a report. If the survivor goes to the hospital for an examination, hospital personnel will contact the police and s/he can make a report there.

Some survivors may be reluctant to make a report if they were drinking at the time of the assault, particularly if they are under the legal age for alcohol consumption. Please be aware that University of Mount Union and the Alliance Police Department are more concerned about sexual assault than underage drinking.

Alliance Police Department - 470 E. Market - 911 or (330) 821-3131

If someone is assaulted by a Mount Union student, on or off campus, the assailant may be charged under the Mount Union Student Code of Conduct. Details of this process can be discussed with the dean or associate dean of students. The decision to place charges is made by the dean of students or his/her representative, but the survivor’s wishes are given serious consideration. The University disciplinary system is an administrative process, not a legal one; therefore, situations that the city prosecutor chooses not to pursue may be able to be addressed through the discipline system.

Brian Collins, resident director, graduate assistant for the first year experience
Dr. Michelle Collins-Sibley, professor of English
Dr. Tamara Daily, professor of psychology
Theresa Davis, lecturer of history
Dr. Rodney Dick, assistant professor of English
Sandy Ekstrand, associate professor of economics, accounting and business administration
Michelle Gaffney, assistant dean of students and director of residence life
Dr. Dan Grimminger, instructor of music
Marci Higgins, athletic trainer and instructor of human performance and sport business
Dr. Nicole Johnson, assistant professor of philosophy and religious studies
Andi Kelley, resident director, graduate assistant for student involvement and leadership
Dave Kokandy, resident director, graduate assistant for career development
Tammy Lepley, security officer
Deb Lotsof, professor of theatre
Sharon Luke, program director of physician assistant studies
Dan MacDuffie, director of recreation and wellness, head men’s and women’s golf coach, instructor of human performance and sport business
Deborah Minton, assistant director of residence life and resident director
Shannon Richardson, assistant director of residence life and resident director
Katie Schnurrenberger Arthurs, resident director
Sara Sherer, associate director of residence life and co-curricular director of FYE
Keane Toney, director of campus safety
Tiffani Tribble, director of academic advising and resident director
Shawn Watters, assistant professor of education

*** Contact information for the Responders may be found on-line at http://portal.mountunion.edu/student_life/SexualAssaultResponders/Pages/SexualAssaultResponderList.aspx

**Hazing Policy**

University of Mount Union prohibits hazing by campus groups and/or individuals. Hazing is defined under Ohio Revised Code as “doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes, or creates a substantial risk of causing, mental or physical harm to a person.” Furthermore, the University defines hazing as any action taken or situation created intentionally, whether on or off campus, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. All acts of hazing by any organization or any of its members are strictly forbidden.

**Hazing includes but is not limited to the following:**
1. any activity that might reasonably bring embarrassment or emotional harm to the individual;
2. any activity that might reasonably bring physical harm to the individual;
3. any activity that requires an unreasonable or inordinate amount of the individual’s time or in any manner impairs the individual’s academic efforts;
4. any activity that involves the forced consumption of any liquid or solid matter;
5. any activity that would degrade or otherwise compromise the dignity of the individual; or
6. any requirement that compels an individual to participate in any activity that is illegal, in violation of the rules and regulations of the University, or contrary to the individual’s moral and/or religious beliefs.

If a member of the University community becomes aware of incidents of hazing or suspicious behavior, she/he should contact the associate dean of students at (330) 823-7288.

**Inclement Weather Policy**

In the event of severe weather, the decision to totally or partially close the University will be communicated to the campus community by the Administrative Council, via the following steps:

- The vice president for student affairs will notify the University’s Information line at (330) 829-2806.
- The vice president for business affairs will notify Campus Security.
- The executive director for public affairs and marketing will make every effort to notify local television and radio stations by 7 a.m. on the day of the closing.

**Parking Policies**

Registration
1. All student, faculty and staff vehicles at University of Mount Union must be registered and identified with a parking decal obtained from the Campus Security office. There is no fee for registering vehicles. Vehicle registration forms are available at the Campus Security office lobby or on iRaider under Forms. The information needed is the license plate number, make, model, year, color and owner of the vehicle.

2. Student decals will be assigned based upon residency. If residency changes at any point during the academic year, the student is responsible for contacting the Campus Security office to obtain a new decal.

3. Student parking registrations expire at the end of the academic year, or when a student ceases to be enrolled with Mount Union. Registration also terminates when ownership of the registered vehicle is transferred.

Permits
1. Acceptance of a Mount Union parking permit is an acknowledgement by the registrant that these parking policies have been read and understood and constitutes an agreement by the registrant to abide by the parking policies.

2. The decal must be placed at the bottom of the passenger side windshield and the barcode must be completely visible from the outside.

3. If a new vehicle is purchased (even if the vehicle still has 30-day tags) or any vehicle information should change, a new decal must be obtained from the Campus Security office.

4. Theft, vandalism or trading of decals is strictly prohibited and will result in disciplinary action.

5. Issuance of a parking permit does not assure the driver of an open parking space. Lack of a space is not considered a valid excuse for violation of the policies.

Schedule of Fines

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>First ticket</td>
<td>$10</td>
</tr>
<tr>
<td>Second ticket</td>
<td>$25</td>
</tr>
<tr>
<td>Third ticket</td>
<td>$25 and vehicle will be booted ($50 for towing service to remove)</td>
</tr>
<tr>
<td>Fourth ticket</td>
<td>$25 and vehicle will be towed (charges vary)</td>
</tr>
<tr>
<td>Any additional tickets will be $25 and vehicle will be towed</td>
<td></td>
</tr>
</tbody>
</table>

An exception to this schedule of fines is when a vehicle is inappropriately parked in a handicapped parking space. In this instance, the owner of the vehicle will be issued a $25 parking ticket and the vehicle will be towed immediately.

If a vehicle has been booted, a towing service must be contacted to remove the restraint from the vehicle. If the restraint is not removed within 24 hours, the vehicle will be towed at the owner’s expense. Excessive parking violations may also result in disciplinary charges and possible loss of parking privileges on campus.

Ticket fines will be billed to the student’s or employee’s account.

Violations
All parking lots are patrolled daily and fines will be assessed for a variety of violations; including but not limited to:

- parking in the incorrect zone
- unregistered vehicle
- parking in yellow-painted areas blocking driveway or access
- parking on sidewalk or grass
- parking in handicap area

1. The registrant is responsible for all violations regardless of who is operating the vehicle at the time the violation occurs.

2. Having four-way flashers on does not make it acceptable to park in a restricted area (service vehicle, fire lane, handicap, etc.)

3. Every attempt is made to maintain parking signs, but vehicle operators are expected to park appropriately, even in the absence of signs.

Appeals
If the recipient of a ticket believes that it was issued in error, the recipient can file an appeal to have the ticket voided. Appeals must be filed within seven calendar days of the infraction date. Appeal forms are available on iRaider under Forms. They are also available in the Campus Security office lobby.

Appeals filed after seven calendar days will not be accepted, and the fine must be paid at the Office of Business Affairs.

Student Parking Zones
All students will be assigned a particular parking zone based upon their residencies. Detailed information on parking zones can be found in the parking policies handout that is distributed to all individuals who register a vehicle and is also available at the Physical Plant office. Zone parking will be enforced from 10 p.m. on Sunday until 6 p.m. on Friday.

Faculty and Staff Parking
Faculty and staff parking areas are located in various locations around campus and are identified by a stencil painted on the ground and at the entrance of the parking lot. Faculty and staff spaces are reserved from 10 p.m. on Sunday until 6 p.m. on Friday.

Visitors
Visitor parking is available on the west side of Beeghly Hall and at the Hoover-Price Campus Center. Visitor spaces are reserved 24 hours a day, seven days a week.
**Security Policy**

The security of the University's computer and network resources is unacceptable use. Examples are attempts to misappropriate passwords, breaches of security, and failure to respect the priorities posted at a public machine. Misuse of service includes failure to respect the priorities posted at a public machine, overuse of resources, damage to software or hardware, sending repeated unwanted electronic mail, neglect or damage of software or hardware, and failure to report known problems. Breach of security includes repeated unwanted electronic mail, neglect or damage of software or hardware, and failure to report known problems.

**Technology Resources Acceptable Use Policy**

Mount Union makes available technological resources that may be used by University students, faculty and staff. These resources may include administrative software applications, file and print services, VPN, wireless access, network resources, e-mail, library resources, ID card system, multi-media resources, desktop applications and computer resources. These resources are intended to be used primarily for educational purposes, communications and to carry out the legitimate business of the University. Appropriate use of the resources includes instruction, independent study and research, and the official work of the offices and recognized student organizations. The privilege of using computer and network resources extended by the University to specific individuals and organizations is not transferable.

Moreover, the responsible, considerate and ethical behavior expected by Mount Union in all aspects of the community extends to cover the use of campus computer and network resources and the use of networks throughout the world to which Mount Union provides computer access. The University’s guidelines for appropriate use are not meant to be an exhaustive list of what may or may not be done with the University's computer or network resources.

Those who make use of the network and computing resources must conform at all times to the policies contained herein, as well as the regulations and guidelines of the University as specified in the Student Handbook and the various employee handbooks. These policies exist to safeguard the security and functionality of the campus network and all components therein.

The Technology Resource Acceptable Use Policy is comprised of several components described below including unacceptable use, Technology User Code of Conduct, Network Use Policy, E-mail Policy, Hardware & Software Support Policy and Data Security. For faculty and staff members of the University should also familiarize themselves with the Laptop Usage & Liability Policy as well as the Loaner Equipment Use & Liability Policy as these additional polices may pertain to them.

**Unacceptable Use**

**Unacceptable use of the University’s computer and network resources are described below.**

**Misuse of Service**

Any action that renders facilities unusable to those who rely on them or that interferes with another’s use of facilities constitutes misuse. Examples are failure to respect the priorities posted at a public machine, overuse of resources, damage to software or hardware, sending repeated unwanted electronic mail, neglect or damage of software or hardware, and failure to report known problems.

**Breach of Security**

Any attempt to circumvent the protection that Mount Union has in place to prevent unauthorized access or any action that reduces the security of the University’s computer and network resources is unacceptable use. Examples are attempts to misappropriate passwords,
Illegal Use

Any use of computer or network resources in the commission of an illegal act is unacceptable. Examples are violation of licensing agreements, attempting to break into a computer or sending harassing or threatening electronic mail. There are federal, state and local laws that govern certain aspects of computer and telecommunications use. All laws pertaining to tangible documents or instruments apply equally to electronic files. This includes student records. Members of the University community are expected to respect these laws. Any use, even if not specifically prohibited, which falls within these broad categories should be considered inappropriate. If you are unsure of the propriety of an action, contact the Office of Information Technology (IT) for clarification.

Much like laws that govern print and recorded media, U.S. Copyright law protects copyright owners from unauthorized reproduction, adaptation or distribution of digital media. While users in educational settings enjoy limited permission to use copyrighted works under the “fair use” provisions of the copyright law, students and faculty who are engaged in developing web pages and other electronic media are advised to read further what the law allows under these circumstances. A very useful text Commonsense Copyright: A guide for Educators and Librarians by R. S. Talab is available in our Library.

Some points include:

- Excerpts must be brief and confined to a campus network.
- Faculty may keep copies of student work for a maximum of two years as examples of exemplary work.
- Students may show multimedia projects developed in University classes for interview and potential employment as long as they have followed fair use practices.

Additional information on Copyright law can be found at http://www.copyright.gov/title17/.

Peer-to-Peer File Sharing

Peer-to-peer file sharing is prohibited. The Office of Information Technology monitors traffic patterns in order to guarantee acceptable network performance for all users. If IT becomes aware of policy violations or illegal activities in the course of investigating network congestion or problem determination, IT will further investigate by inspecting content stored or shared on its network.

A minimum response to violators of copyright laws, as well as those impeding network performances, will be a warning to cease and desist. In certain circumstances, including those involving repeat offenders, violators will have their access blocked and be turned over to the University judicial process. If contacted by the RIAA (The Recording Industry Association of America), DMCA (Digital Millennium Copyright Act) or by the courts and asked to identify those who are sharing or downloading based on IP addresses, Mount Union will comply with the law.

Unauthorized distribution of copyrighted material, including peer-to-peer file sharing, may subject a student, faculty or staff member to civil and criminal liabilities. Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act 9Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than $750 and not more than $30,000 per work infringed. For “willful” infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. Willful copyright Infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense. For more information visit the Web site of the U.S. Copyright Office at www.copyright.gov, especially their FAQ’s at www.copyright.gov/help/faq.

Systematic Monitoring and Access and Disclosure without Consent

Mount Union is not obligated to monitor the content of e-mail or file space. The Office of Information Technology, however, maintains the rights to monitor, trace, intercept, or block any network traffic for security or management purposes. Mount Union will, as a courtesy, normally try to inform users prior to any inspection, monitoring or disclosure of e-mail or electronic files, except when such notification would be detrimental to an investigation of possible violation of law or University policy. Users are required to comply with University requests for access to and copies of e-mail records and electronic files when access or disclosure is required or allowed by applicable law or policy, regardless whether such records reside on a computer housed or owned by the University. Failure to comply with such requests can lead to disciplinary or legal action pursuant to applicable law or policy, including, but not limited to, appropriate University personnel policies or Codes of conduct. In summary, Mount Union shall only permit the individual monitoring, inspection or disclosure of electronic mail, electronic files or network traffic:

- When prior consent has been obtained in writing from the employee and/or student. Consent is given when an individual signs her/his contract or registration. Any employee or student who refuses consent may be denied access to the Internet and electronic mail;
- When required by and consistent with law;
- When there is probable cause or substantiated reason to believe that violations of law or of Mount Union or state policies have taken place;
- When it is for a valid business purpose and there are compelling circumstances; and/or
- Under time-dependent, critical operational circumstances.

Remedial Action and Sanctions for Violations of Technology Policies
Final technical authority for the Mount Union computer network rests with the Office of Information Technology, who may issue training notices, alerts, or warnings for any minor or inadvertent misuse of service or breach of security. Any illegal activity will be reported immediately to the appropriate University official. Final disciplinary authority for misconduct or misuse by members of the Mount Union community rests with the appropriate authorities outlined in the Student Handbook and the various employee handbooks.

Access to Mount Union’s e-mail, network and Internet services are a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the user. This may occur when there is probable cause or a substantiated reason to believe that violations of policy or law have taken place or in exceptional cases when required to meet time-dependent, critical operational needs. Any employee or student who abuses the privilege of University facilitated access to the Internet and e-mail may be subject to disciplinary action up to and including termination or expulsion. If necessary, the University also reserves the right to advise appropriate legal officials of any violations and institute legal proceedings against violators of this policy. Any policy violations should be reported to helpdesk@MountUnion.edu. Acts of retaliation for reporting instances of misuse are prohibited, both by the University and under state and federal law. Reports of misuse cannot be made anonymously, due to the ability of the system to track the originator of any electronic communications.

*** Users should also familiarize themselves with the Technology User Code of Conduct, Network Use Policy, E-mail Policy, Hardware and Software Support Policy that follow this policy overview.

Technology User Code of Conduct

The following Code of Conduct is intended to instruct technology users in acceptable behavior regarding their use of the University of Mount Union technological resources. This document is not intended to be exhaustive of all possible behaviors that may be deemed inappropriate. Users are expected to adhere to all policies set forth by the University regarding the use of technology resources. Failure to follow the expectations set forth in this Code of Conduct or any other policy of the University regarding use of technology may result in sanctions against the user including, but not limited to, loss of access to technology resources and/or disciplinary action.

1. Users are responsible for how their accounts are used; therefore, every effort must be made to protect against unauthorized access to accounts. Users must have a password which will protect their accounts from unauthorized use and which will not be guessed easily. If a user discovers that someone has made unauthorized use of her/his account, s/he should change the password and report the intrusion to the Office of Information Technology. Users should change their password on a regular basis to assure continued security of their accounts.
2. Users may not intentionally seek information about, browse or obtain copies of or modify files or passwords belonging to other people, whether at Mount Union or elsewhere, unless specifically authorized to do so by those individuals. Also, users may not attempt to intercept, capture, alter or interfere in any way with information on campus or global network paths.
3. Users must not attempt to decrypt or translate encrypted material or obtain system privileges to which they are not entitled. Attempts to do any of the above will be considered serious violations.
4. If users encounter or observe a gap in system or network security, they must report the gap to the Office of Information Technology. Users must refrain from exploiting any such gaps in security.
5. Users must refrain from any action that interferes with the supervisory or accounting functions of the system or that is likely to have such effects.
6. Users must be sensitive to the public nature of shared facilities and take care not to display sounds or messages that could create an atmosphere of discomfort or harassment for others.
7. Users must avoid tying up computing resources for game playing or other trivial applications, sending frivolous or excessive mail or messages locally or over an affiliated network or printing excessive copies of documents, files, images or data. Users should be sensitive to special needs for software and services available in only one location and cede place to those whose work requires the special items.
8. Users may not prevent others from using shared resources by running unattended processes or placing signs on devices to “reserve” them without authorization.
9. Users may not copy, cross-assemble or reverse-compile any software or data that the University has obtained under a contract or license that prohibits such actions. If it is unclear if it is permissible to take such actions, users should assume that they may not do so.
10. Software may not be copied or used illegally. Website materials must be cited appropriately and permission obtained for the publishing, performing or distribution of copyrighted material.
11. Messages, sentiments and declarations sent as electronic mail or sent as electronic postings must meet the same standards for distribution or display as if they were tangible documents or instruments. Users are free to publish their opinions, but they must be clearly and accurately identified as coming from the particular user or, if a user is acting as the authorized agent of a group recognized by the University, as coming from the group s/he is authorized to represent. Attempts to alter the “From” line or other attribution of origin in electronic mail, messages or postings will be considered violations of University policies.
12. Users may not take any action that damages Mount Union technology resources in any way including technology found in classrooms, public computing labs, departmental labs, residence halls and University houses or any other campus location.
13. Users may not establish any computer to function as a server without the knowledge and approval of the Office of Information Technology.
14. Users are required to utilize anti-virus software on their computers. Anti-virus software must be updated regularly.
15. Users may not deploy any network electronic equipment or install wireless access points without express permission from the Office of Information Technology.
16. Users who utilize the Mount Union e-mail system are required to comply with state and federal law, University policies and normal standards of professional and personal courtesy and conduct.
Network Use Policy

The Mount Union network is provided for the academic use of students and faculty of the University, as well as to the University administration for conducting official University business. Academic use is determined to be any legitimate use of the network for the purpose of assisting in the conduct of the University's academic mission. The official conduct of University business is limited to efforts on behalf of the management and administration of the University. The network provides access to the Internet from all offices, residence hall rooms and computer labs, in addition to public access stations in the library. Students living in on campus housing are accorded the privilege of using the network for personal use, as long as such use is in keeping with all applicable policies of the University and state and federal laws, and is not excessive (resulting in diminished service to fellow students).

User access to the network is governed by the acceptable use policy of the University, as well as by the following.

Servers

All servers operating on campus must do so with the knowledge and consent of the Office of Information Technology. A server is defined as any computer providing services of any type to other computers on the network or on external networks. Such services could include DNS, DHCP, SNMP, e-mail and application, file and/or printer sharing. In order to request the deployment of a server on the network, written petition must be made, stating:

- The legitimate academic use of the server;
- Intended server operating system;
- All intended server functions and applications, including protocols and services; and
- The identity and function of target subordinate computers/users.

Any computer acting as a server without prior authorization as stated above will be removed from the network. All licensing, operation and support of the hardware and software utilized will be the responsibility of the petitioner, if such petition is granted.

Accounts

All authorized users will be provided an account by which to access the necessary network resources of Mount Union. The information regarding this account, including the account name and password, is privileged and must not be disseminated to anyone other than the account owner for any purpose. Account holders should protect their passwords and keep them confidential. Passwords should be changed frequently.

Any problem resulting from irresponsible use of a password (e.g., a password that can be easily guessed or oral or written dissemination of a password) may be treated as grounds for action against the account holder. Any attempt to determine the passwords of other users is strictly prohibited.

The following are categories of authorized users:

- Full-time staff of the University
- Current faculty members
- Current students

The following categories of users may be authorized to utilize the University network based on the legitimate need for access to such resources:

- Part-time staff of the University
- Volunteer staff of the University
- Student employees
- Current students on transfer
- Retired members of the faculty and staff
- Guests

Other categories of users may be granted special permission to obtain access to the system at the discretion of the University. Student employees who need to access administrative software and resources due to their employment must be given approval for this access by an office administrator.

Special Access

From time to time, circumstances dictate the provision of short-term, special access to University systems. Such access must be in accordance with the strictest adherence to the user policies stated above and may only be granted by the Information Technology Department after review of a written petition. The petition must state the purpose of the access, the source user name, and the department. Such access will typically be provided only for a limited time and will be allowed only from designated computers. All such petitions that are approved will be maintained on file in the Office of Information Technology. All connections made through such petitions will be monitored.

Network Electronic Equipment

Network electronic equipment, including switches, hubs and routers, may only be installed on campus with the knowledge and consent of
the Office of Information Technology. In order to request the deployment of this equipment on the network, written petition must be made stating:

- The legitimate academic use of the equipment;
- The type of equipment wishing to be deployed and for what purpose;
- All intended functions, including protocols and services; and
- The identity and function of target subordinate computers/users.

Any network electronic equipment deployed without prior authorization as stated above will be removed from the network. If a petition is granted, all licensing, operation and support of the hardware and software utilized will be the responsibility of the petitioner.

**VPN (Virtual Private Network)**

VPN is a resource made available to faculty, staff and non-residential Mount Union students. VPN will allow a user to connect to the campus network from an off campus ISP (Internet Service Provider) and make it appear to the user that they were physically connected to the Mount Union network. VPN will allow users to gain access to their home space (H:\ drive), departmental common space (S:\ drive) and hand-in and handout folders (M:\ drive). VPN will be supported for only specified operating systems. If misuse of this resource occurs or if the user does not comply with the VPN Policy of Mount Union, the Office of Information Technology reserves the right to terminate any VPN connection without notice. Any party found to have violated the VPN policy may be subject to disciplinary action, including termination of VPN access. A copy of the VPN policy can be found on the Office of Information Technology website.

**Wireless**

Wireless technology is available in specified areas of Mount Union. Use of the wireless information network implies consent to abide by all University policies pertaining to the use of computer resources at Mount Union. Users may not install wireless access points. Any unauthorized wireless access points deployed will be removed from the network.

**Campus ID Card System**

The Campus ID Card System is a network resource and as such is protected by the rules of this policy. Any party found to violate this policy or damage devices specific to this system, such as door card, vending machine, or laundry readers, may be subject to disciplinary action.

**Web Pages**

The Mount Union website and individual web pages are network resources and as such are protected by the rules of this policy. Any party found to violate this policy may be subject to disciplinary action.

Any Mount Union entity may request an organizational or personal web page. By using the site you automatically agree to this policy. To request an organizational web page please contact the Information Technology Helpdesk or Office of Marketing. Every Mount Union entity must provide a contact person, who is willing to respond to comments or questions concerning the information the home page and on related documents provided by the entity. In the case of home page for an individual, that individual will act as their own contact person. The name and email address of the contact person must appear at the bottom of the home page along with the date of the last update of the page and/or related documents. In the case of copyrighted material, the representative is responsible for obtaining the necessary permission for posting such material. All material must be suitable for viewing and/or reading by individuals of all ages and conform to copyright laws. These are not limitations of free speech, but represent the policies of this Institution.

**E-mail Policy**

Mount Union e-mail is intended to serve the communication needs of the University community. Access to the e-mail system is a privilege. Any e-mail addresses or accounts assigned by the University to individuals, sub-units or functions of the University are the property of the University. The Mount Union network is not intended for private correspondence, as such, all communications on the University's computer systems, whether personal or business related, are the property of Mount Union. E-mail users are required to comply with state and federal law, University policies and normal standards of professional and personal courtesy and conduct. Unacceptable uses of e-mail and Internet access include, but are not limited to, the following:

- Use for any purposes that violate a federal, state or local law.
- Use for any commercial activities, including commercial advertising unless specific to the charter, mission or duties of Mount Union.
- Use to publish post, distribute, disseminate or link to any:
  - Inappropriate, profane, defamatory, infringing, obscene, indecent, harassing, or unlawful topic, name, material, or information
    - Software or other material protected by intellectual property laws, rights of privacy or publicity or other proprietary rights, unless the individual owns/controls such rights or has received all necessary consents for the use of such software and other materials
    - Software or other material that contains viruses, corrupted files or that may or are intended to damage the operation of another's computer
- Use to gather or otherwise collect information about others for commercial or private use, including e-mail addresses, without the express consent of the individuals.
- Use for fund raising, political campaign activities or public relations activities not specifically related to Mount Union activities.
- Use to conduct or forward illegal contests, pyramid schemes or chain letters, or to spam.
- Use to sell access to the Internet.
• Use to conduct any activity that adversely affects the availability, confidentiality or integrity of Mount Union’s technology.
• Use to benefit personal or financial interests of any employee or student.
• Use for mass e-mail purposes. Announcements should be used for this purpose.

E-mail users shall not give the impression that they are representing, giving opinions or otherwise making statements on behalf of the University or any unit of the University unless expressly authorized to do so. Where appropriate, the following explicit disclaimer shall be included: “The opinions or statements expressed herein are my own and should not be taken as a position, opinion or endorsement by University of Mount Union.”

Restriction of E-Mail Privileges in Response to Resource Limitations, Administrative Procedures, or Policy Violations
The Office of Information Technology of Mount Union sets the amount of disk space available for mailboxes and file space. The Office of Information Technology will announce the limits on an annual basis. On occasion it may become necessary for IT to impose additional limitations on the use of e-mail due to technical necessities or to require purges of information stored on the University servers to preserve the integrity of the system. Users are advised to implement a data recovery plan, for example storing files on a DVDs, CDs or making paper copies, as well as regularly archiving their e-mail messages.

Security
E-mail, as a public record, is subject to the Freedom of Information Act and to subpoena by a court of law. Users should be aware that any information submitted via e-mail is not confidential and could be observed by a third party while it is in transit. Encryption encourages the false belief that privacy can be guaranteed. Users should never put anything in an e-mail message that must be kept confidential. E-mail users should assume that anyone could accidentally or intentionally view the content of their message. E-mail security is a joint responsibility of Mount Union Office of Information Technology and email users. The University will provide the security offered by the currently used software, as well as a “firewall” to prevent unauthorized access to the mail server. Users must take all reasonable precautions, including safeguarding and changing passwords, to prevent the use of the account by unauthorized individuals. Users may not divulge passwords for Mount Union accounts to any other person or allow other persons use of their

Archiving and Retention
The Office of Information Technology does not archive documents. Mount Union records communicated using e-mail or the Internet need to be identified, managed, protected and retained as long as they are needed to meet operational, legal, audit, research or other requirements. Each director is required to comply with approved records retention schedules or to set standards to retain, manage and make accessible in an existing filing system, outside the e-mail system, records needed to support program functions in accordance with Mount Union’s standard practices.

Eligibility for E-Mail Privileges
Students are eligible for e-mail privileges as long as the student is officially registered at Mount Union. Faculty and staff e-mail privileges start on the date employment begins and ends at the close of the business day of the date of employment termination. The Mount Union Office of Information Technology may, under its sole discretion, attempt to redirect e-mail for a reasonable period of time as determined by the University for purposes consistent with this policy and the University’s mission. The University may elect to terminate the individual’s e-mail account or continue the account, subject to approval by appropriate University supervisory and systems operational authority. The Office of Human Resources at Mount Union is responsible for notifying the Office of Information Technology of the date of employment termination.

Hardware and Software Support Policy
University-Owned Desktop Computers
The following outlines support levels provided by the Office of Information Technology for system and application software on University-owned desktops and laptops used by faculty, staff and administrators at the University.

Hardware
All University-owned desktop computers are covered under a warranty period, which varies depending on vendor and model. If a service problem is determined to be hardware-related, support will be obtained for that unit in accordance with the terms of the warranty.

Support Levels for System and Application Software Used on Mount Union Owned Equipment
Level I
Level I software products represent a core set of office automation applications that the University has deemed necessary for fulfillment of position requirements and for which it offers support to faculty, staff and administrators using the applications. These products receive the highest level of user and technical support from the Office of Information Technology. Upgrade and maintenance efforts toward these products supersede efforts on all other administrative products and represent the core set of products initially installed on user desktops. Recommendations for additions and deletions to the core set of applications will be considered and approved by the appropriate governance structure of the University and provided in writing to the Office of Information Technology. Upgrades and fixes to these products will automatically take place and be coordinated by the Office of Information Technology.

Administrative Systems Software
Mount Union utilizes several specialized applications for administrative purposes. All of these applications must be used in the context of all federal guidelines including the Family Educational Right to Privacy Act (www.ed.gov/policy/gen/guid/fpco/ferpa/index.html). Examples of administrative software include, but is not limited to, the following: PowerCampus, IQWeb, Raiser’s Edge, Great Plains, Diebold ID Card system and EMS.
Level II
Level II products represent unique products that are required by a limited number of individual users for administrative tasks specific to their positions. Products at this level will typically be installed on the user’s local disk drive and not on the network, with the user’s data files stored on network drives for backup and recovery purposes. Generally users of these products will consist of less than a dozen users per product. The Office of Information Technology will make the final determination concerning whether these products will be installed on the network or local drives based on the product’s function and application requirements. These products receive a limited level of user and technical support from information technology due to their limited deployment and specialized focus. Users of these products should plan on becoming familiar with these products to a greater degree than products supported at Level I since limited expertise will be developed in the Office of Information Technology to support the product. Upgrades to these products will need to be coordinated and requested by users of the product. Automatic upgrades of the product will not normally be done by the Office of Information Technology. All copies of the product will be maintained at the same version and release level throughout the University. Recommendations with supporting rationale for additions and deletions to this set of applications will be coordinated and recommended by the individual department in conjunction with the Office of Information Technology.

Level III
Level III products represent unique products that are not included in the Level I or II categories above. The user will install products at this level on the user’s local disk drive. These products will not be installed on network drives, although application files may be stored on network drives for security purposes. These products receive the lowest level of user and technical support from the Office of Information Technology due to their limited deployment, unique focus and individual user preferences. Users of these products should plan on becoming completely familiar with these products and should have expectations of supporting the product themselves. The Office of Information Technology assistance will be available only as time permits after Level I and Level II support needs are met. Upgrades to these products will be at the user’s discretion, but the University’s management reserves the right to remove any illegally obtained or installed software from any University owned computer, or to require any software that is adversely affecting the operation of any networks to which the microcomputer is connected. The Information Technology Department will also conduct software audits periodically to ensure that the University is in compliance with state and federal laws concerning software use. The user should ensure that all copyright and license requirements are documented and on file for any software installed on her/his computer.

*** Additional software should not be purchased without the knowledge and consent of the Office of Information Technology.

Personally-Owned Computers on Campus

Hardware
No hardware support is available for non-University owned equipment for faculty & staff members. There are several local companies that provide warranty and out-of-warranty repair service on personal computers. You can contact the Helpdesk for recommended vendors.

Other
Personally-owned computers belonging to faculty or staff members in use on campus will be supported for network connectivity only, and then only if they meet the minimum system requirements found in the current user packet or information technology website. Such support will be limited to establishing network connectivity and assistance with logging in to the appropriate domain. Personally-owned computers belonging to the students will be supported by the helpdesk in a limited manner. Students can find out additional information on this service by visiting the Helpdesk or the IT web site. Additional computer services offered to students can be found on the Office of Information Technology web site.

Not Supported
Any computers not specified above, as well as those computers in use by faculty and staff that are not located on campus, will not be supported unless the computer is University-owned and is being used in the course of administrative or academic business.

Data Security
The purpose of this section is to define Mount Union’s data security policy. Data is considered a primary asset and as such must be protected in a manner commensurate to its value. Data security is necessary in today’s environment because data is a valuable asset. Security and privacy must focus on controlling unauthorized access to data. Security compromises or privacy violations could jeopardize the University’s ability to provide service; lose revenue through fraud or destruction of proprietary or confidential data; violate business contracts and customer privacy; or reduce credibility and reputation with its students, faculty, staff, friends and alumni. The main objective of this policy is to ensure that data is protected in all of its forms, on all media. This policy applies to all University data. A breach of policy could have severe consequences to Mount Union. The goals of this policy are to educate users about their obligation for protection of all data assets, to ensure the security and integrity of all University data. It is the responsibility of the individual to keep Mount Union data secure on any device, including but not limited to desktops, laptops, portable hard drives, mobile devices such as cell phones, PDAs, etc. Individuals are prohibited from downloading, storing or recording of data that include any information which if lost or stolen could be used for identity theft purposes.

Smart Phones
Any faculty, staff or student who carries a smart phone must comply with the Office of Information Technology policy regarding Smart Phones. Users are expected to secure their device by using passwords, changing them regularly, always lock the device when not in use, encrypting data and securing their device to prevent theft. Any MOUNT UNION data that is stored on a mobile device is the responsibility of the owner. If MOUNT UNION data is stored on a mobile device and the device is lost it must be reported to the Office of Information Technology immediately.

Users are expected to adhere to all policies set forth by the University regarding the use of technology resources. Failure to follow the
expectations set forth in this section or any other policy of the University regarding use of technology may result in sanctions against the user, including, but not limited to, loss of access to technology resources and/or disciplinary action.

**Policy Updates and Reviews**
This policy will be reviewed on an annual basis. Updates may be made without notification. It is the user’s responsibility to review applicable policies on a regular basis.

**Indemnification of Mount Union**
Users agree by virtue of access to the University’s computing and e-mail systems, to indemnify, defend and hold harmless the University for any suits, claims, losses, expenses or damages including, but not limited to, litigation costs and attorney’s fees arising from or related to the user’s access to or use of University e-mail and computing systems, services and facilities.

**Campus Telephone Service**
The campus telephone service is explained in detail on Office of Information Technology web pages within the portal (iRAIDER). Telephone service includes voice-messaging capabilities. Voice messaging is an electronic voice messaging system that gives users a convenient and dependable way to communicate with people. Voice messaging answers calls when the user is on or away from her/his phone. There is one mailbox per residence hall room. If more than one person resides in the room the mailbox will be shared between them. Within University apartments there is one mailbox per apartment. Students are encouraged to bring a phone that can be used in residence hall rooms for voice mail service. Users of voice mail must be aware of Mount Union’s voice mail policy. Users of Mount Union’s voice mail system agree to abide by this policy. This policy can be found within the portal (iRAIDER) on the Office of Information Technology pages and instructions for using the voice messaging system can be found there as well.
