University of Mount Union
Mission Statement

University of Mount Union offers a liberal arts education grounded in the Judeo-Christian tradition. The University affirms the importance of reason, open inquiry, living faith, and individual worth. Mount Union’s mission is to prepare students for fulfilling lives, meaningful work and responsible citizenship.

To accomplish this mission, the University faculty has established a program to help students:

A. Obtain a broad base of knowledge in the humanities, arts and sciences and awareness of discipline-specific methods of inquiry;
B. Think critically and communicate effectively;
C. Foster an understanding of the various cultures and of the interdependence of the global community;
D. Form moral and religious values that encourage them to address complex societal problems that affect the individual, community and world;
E. Understand the United States as a pluralistic society characterized by changing social, political and economic relationships.

University Heritage

University of Mount Union is proud of its religious heritage and its background in the Methodist Church. For more than a century the University has been officially connected with the Methodist Church. It is now affiliated with the East Ohio, West Ohio and Western Pennsylvania Conferences of the United Methodist Church.

The Christian commitment of the University goes beyond historical and institutional ties even though the United Methodist Church exercises no direct control over the educational functions of the University. The Christian and liberal arts traditions reinforce each other in the striving for excellence, concern for the inherent dignity and worth of each individual and the emphasis on the spiritual as well as the intellectual achievements of humanity.

Admission to the University is predicated on academic excellence and promise. We are aware that we cannot do everything for every student who seeks an education, but we do believe that we must do something vital for each student who enrolls in this University.

Mount Union believes in the fundamental equality of all human beings and in the right of equal opportunity for all it seeks to serve and for all whom it employs.
University of Mount Union is the outgrowth of a town meeting held by forward-looking citizens of the village of Mount Union, October 4, 1846. At that time the people gathered to hear Orville Nelson Hartshorn outline the need for a new institution in the area, where men and women could be educated with equal opportunity, where science would parallel the humanities, where laboratory and experimental subjects would receive proper emphasis, and where there would be no distinction due to race, color, sex or position. On October 20, 1846, this young man organized and taught on the third floor of the “Old Carding Mill,” a “select school” of six students.

The school grew rapidly under his inspired leadership and in 1849 became known as “Mount Union Seminary.” In 1853, a “normal department” was added for the training of teachers. On January 9, 1858, the institution was chartered and incorporated under the laws of the State of Ohio as “Mount Union College.”

Although Mount Union had not been established by church efforts, its founder and early faculty members were dedicated Methodist laymen. One of the articles of the charter of the College looked to the day when Mount Union would come under the patronage of some annual conference of the Methodist Episcopal Church. The Pittsburgh Annual Conference “heartily endorsed” the new college in 1858, but it was not until 1864 that Mount Union was granted full patronage by the conference.

In September 1911, Scio College, located at Scio, Ohio, was united with Mount Union. By the articles of consolidation the liberal arts alumni of the former were made alumni of the latter. Scio was established in 1857 at Harlem Spring, Ohio, as “The Rural Seminary.” In 1867 the school was moved to New Market, where it was known variously as New Market College, the One-Study University, and finally, Scio College in 1878.

For many years Mount Union has claimed the distinction of being one of the first colleges to have a summer school. Started in 1870, the first summer school was actually a fourth term in the school year. Since that time summer instruction has been offered each year at the institution.

In October of 2009, the Board of Trustees voted unanimously to change the designation of the institution from “college” to “university.” This change became effective August 1, 2010 when Mount Union College became University of Mount Union.

Alma Mater
Hark! From mountain, hill and valley,
Rings the music as they rally,
Sons and daughters of Mount Union,
Singing songs of praise.
See! They come unceasing,
Care and toil releasing,
Shouting in a mighty chorus,
More and more increasing.

(Chorus)
Wake the echoes loud with cheering,
Shout again! The day is nearing,
Night is gone with doubt and fearing,
Dear old M.U.C.

Rouse your souls from sloth and slumber,
Gird yourselves and join our number,
Loyal to Mount Union College,
Rally round her now!
On her worth relying,
Keep her colors flying,
Crown the heroes of her battles,
Each with name undying.

(Chorus)
Nobly stands the grand old College,
Home of honor, shrine of knowledge,
Storm and stress and time but prove her,
Constant, brave and true.
Mark! Each new endeavor,
Makes her stronger ever,
Hearts and hands for toil and battle,
May they fail her never!

(Chorus)

Fight Song
On, Mount To Victory!
On Mount to victory,
Onward to the goal.
Cheer for our team today,
Make the echoes roll.
Hail to our colors true,
The Purple and White.
On Mount to vict’ry,
So let’s Fight! Fight! Fight!
Greetings to our new students! Welcome back to those of you returning as upper classmen!

We’re very pleased that you have chosen to be a part of the University of Mount Union community. It is our hope that you will find the educational, cocurricular and personal opportunities you seek to help shape your future.

This Student Handbook is designed to serve as a resource and guidebook for a variety of topics. Included in the handbook is information regarding our institutional expectations for appropriate conduct and behavior in an academic environment. All students are expected to be familiar with the rules and regulations of Mount Union – for your convenience, that information is provided herein.

At the time of this publication, we believe the Student Handbook is complete and updated. There may be periodic changes that will impact the accuracy of this printed version. A current version of the handbook is available on iRaider under Student Life or on the internet at http://www.mountunion.edu/studenthandbook.

Again, welcome to Mount Union! Please be sure to visit the Office of Student Affairs if we can provide information or service for you. We’re located in the Hoover-Price Campus Center. Best wishes for a challenging and rewarding year!

Sincerely,

John Frazier
Vice President for Student Affairs and Dean of Students
Fellow Mount Union Students,

I want to congratulate and thank each and every one of you for choosing the University of Mount Union in your educational journey. Mount Union is a unique educational experience, and each and every one of you can and will do your own small part in making Mount Union a truly great experience for students every year.

Mount Union will help you lay the foundation to accomplish whatever you want in your life. Mount Union will certainly help prepare you intellectually for your career, but more importantly, Mount will teach you how to be a team player and a critical thinker, and give you the skills to be a leader and excel in your career.

I have two challenges to extend to each and every one of you as you begin your years here in Alliance. The first is academic excellence. Make sure to devote enough time to your studies, as academics are the true reason we are all here. Academic excellence will let you hold your head high and truly feel great about everything else you are doing here at Mount. The second is to get involved. Getting involved will help connect you with the entire University, will give you a sense of purpose, and is a wonderful way to make a positive name for yourself. Getting involved, whether it be through athletics, student organizations, fraternity and sorority life or through volunteering will allow you to meet fellow students and create bonds that will last a lifetime. Although overwhelming at times, I do not regret any opportunity to get involved and help out over my last three years.

In closing, I want to extend an invitation to each one of you to stay in touch with Student Senate and campus happenings throughout the year. Student Senate is an organization that hears and represents the voice of the student body. Our meetings are open to the entire campus population, and I strongly encourage each and every single one of you to attend an occasional meeting throughout the year. We bring various campus leaders to our meetings to discuss campus happenings, and we help provide a formal platform for student needs and wants to be communicated. Please, do not hesitate to contact me at lawrensd@mountunion.edu if you wish to find out more information about Student Senate or myself.

Thank you all very much for your time, and I look forward for the opportunity to meet each of you and learn more about the positive attributes you will bring to our campus and community!

Go Raiders!

Student Senate President 2011-2012

Campus Services

Alcohol, Drug and Wellness Education
The Office of Alcohol, Drug and Wellness Education strives to facilitate student growth and development and encourage exploration of and balance within the social, intellectual, spiritual, occupational, physical and emotional components of wellness. This office works collaboratively with Mount Union faculty, staff and students to develop proactive programming, education and counseling opportunities. The primary goal is to address issues related to substance use and abuse in the context of holistic student education, so that the University community may grow toward its mission of preparing students for meaningful work, fulfilling lives and responsible citizenship.

The Office of Alcohol, Drug and Wellness Education provides programming and outreach in the form of campus-wide “awareness” events (e.g., Breast Cancer Awareness Month, National Collegiate Alcohol Awareness Week, Great American Smoke Out and Safe Spring Break), hall and floor programs and individual/group counseling sessions. The office provides education and counseling for students concerned about alcohol, drug and other wellness related issues. Additionally, the Office of Alcohol, Drug and Wellness Education is a campus-wide resource, providing wellness-related information and referrals for students, whether for a class project or personal use.

Two student organizations work in conjunction with the Office of Alcohol, Drug and Wellness Education: C.H.O.I.C.E.S. (Choosing Healthy Options in Celebration of Educational Success) and GAMMA (Greeks Advocating Mature Management of Alcohol). C.H.O.I.C.E.S. provides information and opportunities for students interested in health and wellness issues. C.H.O.I.C.E.S. offers programs on stress management, healthy decision making, responsible alcohol use, sexual responsibility and many others. GAMMA is composed of and works with students participating in fraternity and sorority life. GAMMA offers programs designed to improve risk-management and promote responsible attitudes toward alcohol use.

The Office of Alcohol, Drug and Wellness Education is located in the Office of Student Affairs behind the Information Desk in the Hoover-Price Campus Center and welcomes any and all visitors.

Business Affairs
Financial Responsibility
Prior to each academic semester the Office of Business Affairs sends a billing packet to each student. Payments for the full-payment plan are due on July 31 for fall semester and January 3 for spring semester. Payments for the monthly payment plan option are due on the 5th of the month. Registration and housing may be held and food service privileges will not be available until satisfactory financial arrangements have been made. Transcripts will not be released until all financial obligations to the University have been met. All questions should be referred to the Office of Business Affairs.
Cashier
The cashier’s window is open from 8:30 a.m. to 4:30 p.m., Monday through Friday. With proper picture identification, personal checks may be cashed up to a limit of $50. Any checks over $50, but not exceeding $500, can be approved by the cashier to be cashed at our local bank.

Meal Plans
For first-time students, the University offers an unlimited meal plan. Returning students have the option of an unlimited meal plan, a 14-meal plan with $50 flexible money or a 10-meal plan with $100 flexible money. A block meal plan is also available for commuters. A meal plan is required for any student who lives in campus housing. Declaration of the plan option must be made 30 days prior to the start of the semester. If no declaration is made, the plan defaults to the unlimited meal plan. Plans may not be changed during the semester.

Refund Checks
When a student’s account reflects a credit balance, the student must contact the Office of Business Affairs to request the balance. Refunds over $50 will be issued by check on a weekly basis. Students can sign up to receive their refund electronically via the Finance tab in Self-Service.

Student Employment Forms
All students who will be working at the University must complete the following forms before actual work begins in order to receive a payroll check: Form I-9, Form W-4 and Form IT-4, all obtained from Office of Human Resources (must have driver’s license, original social security card or birth certificate to complete these) and a Work Authorization Form obtained from the Office of Student Financial Services.

Campus Card and Facilities Scheduling
Facilities Scheduling
All facilities on campus must be scheduled through the Office of Campus Card and Facilities Scheduling, which maintains an accurate schedule of all activities occurring on campus and other events of interest related to Mount Union wherever they may take place. This provides one central location where an event can be scheduled and details arranged for use of any facility on campus. Faculty or staff can reserve facilities by creating an EMS account located at http://calendar.mountunion.edu/VirtualEMS and reserving a room online or by calling (330) 823-2881. Once a room is requested, the Office of Campus Card and Facilities Scheduling will review the request for approval and if approved, a confirmation e-mail will be sent to the faculty member or staff member requesting the reservation. The calendar of events can be viewed from the Mount Union home page at http://calendar.mountunion.edu/mastercalendar/default.aspx.

Purple Plu$ Cards
All students, faculty and staff receive a Purple Plus Card. The card is used to access residence halls and meals, check out books in the library or as a debit card at various locations on campus as well as certain authorized off-campus vendors. The card is the property of Mount Union and is non-transferable. There is a $20 fee for the replacement of lost cards. There is a variable fee for broken/damaged cards. Replacement for first broken/
damaged card is $5.00, second card is $10.00 and third card is $15.00. Replacement of broken/damaged cards requires that the recognizable pieces be presented to the Office of Campus Card and Facilities Scheduling. If the broken pieces are not recognizable, a $20 fee will be charged for the replacement. In order to protect personal funds and maintain security, students should deactivate their cards online at www.mountunion.edu/manage-your-card in the event that their ID card is missing and the Office of Campus Card and Facilities Scheduling is closed.

To obtain a new card, please visit the Office of Campus Card and Facilities Scheduling. The office is located in the Hoover-Price Campus Center, adjacent to the Information Desk. For more information, call (330) 823-2881 or visit www.mountunion.edu/purpleplus.

Campus Recreation
Campus Recreation contributes to the Mount Union experience by providing quality facilities, programs and services to all members of the campus community. Throughout the year the recreation staff offers a variety of fitness programs and intramural sport activities. The McPherson Academic Athletic Complex (MAAC) consists of cardio machines, free weights, nautilus equipment, an aerobic room, pool and auxiliary gymnasium. The Peterson Field house has a 200 meter track, two basketball courts, four tennis courts and four volleyball courts. During the academic year students, faculty and staff may participate in intramural sports such as flag football, sand night volleyball, innertube water polo, basketball, indoor soccer and many more. Fitness programs such as yoga, step aerobics, zumba and pilates are offered as well. The wide variety of programs allows members of the Mount Union community to be physically active in a safe and fun environment.

Career Development
The Office of Career Development, located in the HPCC Student Success Center, offers a wide variety of services and activities for all levels of students and alumni. The focus of the office is to assist all students during their undergraduate years and upon graduation as they choose a major and embark on a career. Experienced staff members are available to assist students in their quest for self-understanding, evaluation of interests and abilities and efforts to determine satisfying vocational objectives.

There are four integrated office components that comprise the center: career exploration, experiential learning, job search and strategies and graduate school selection and advising.

Assistance with career exploration or selecting a major is available by individual appointment, as well as in group workshops. In this program students are assisted in choosing a major and/or a career that best suits the combination of their talents and interests. A one-credit course, BA 143 Integrating College and Life Options, is available for students wishing to engage in a more in-depth understanding of career exploration and planning. A variety of career assessments are available.

Students also are encouraged to participate in “experiential learning” or the application of academic preparation in the world of work. These are real world work experiences in the student’s field of study. There are two options for experiential learning. An academic internship must be approved by the departmental internship coordinator and have the following criteria:

- The internship can be taken for credit only.
- The student must have successfully taken a minimum combination of academic coursework.
- The internship can have a one-semester duration.
• It may be paid or unpaid
• It must follow departmental formula for credits earned vs. hours worked.
• It involves a contract with site/student/institution.

An externship is experience in the major field, but may be by project, event or part-time job for the purpose of obtaining transferable skill experience. Criteria for an externship are as follows:
• No credit is given.
• It is arranged through a faculty member of the Office of Career Development.
• It may be paid or unpaid.
• It does not involve a contract.

The third aspect of the center, job search strategies, is designed to assist students in their search for intern/externships or full-time employment upon graduation. Employers from many types of businesses and government agencies regularly notify the center of their employment needs. All employment opportunities coming to the Office of Career Development are available through our website, collegecentral.com. Additionally, area employers who are seeking candidates to fill entry-level jobs in many different fields participate in the on-campus recruitment program. Students who plan to interview with company representatives must register with the Office of Career Development and complete the College Central electronic registration and resume upload. A very important and popular one-credit course that is offered each fall and spring is BA 343 Life and Career Planning. This academic course is designed to impart helpful information and preparation to students who are beginning their internship and/or job search. Topics offered include resume writing, writing a cover letter, interview techniques, mock interviews and job fairs, how to dress for the interview and on the job, an etiquette luncheon, researching a company, job search strategies: A to Z and recruiter presentations and culminates with a professional panel discussion. Weekly Resume ‘Walk Ins’ (or 24-hour resume review drop-offs) are hosted for all students and provide the foundations of writing a professional resume. The Office of Career Development sponsors Accounting Night and The TGIFriday Job/Internship fairs each fall and is involved in three collaborative job fairs in the spring to provide students additional opportunities for employment.

Finally, the Office of Career Development guides students through the graduate school selection, testing, and admissions process. The office hosts a graduate school fair every October.

Counseling Services
The aim of counseling at Mount Union is to assist students in living as well as possible. Counseling here is a partnership; people working together to find solutions and possibilities in life. Staff members in the Office of Counseling Services work to help Mount Union students sort out life’s problems and move toward life goals. Counseling staff members provide free, short-term counseling by appointment to enrolled students.

The primary service requested by students is individual counseling. During counseling, students typically discuss problems with relationships, adjusting to college life, stress or burnout, the death or illness of a friend or relative, academic difficulties, career or work decisions, substance abuse problems, family dilemmas, sports injuries or setbacks, the effects of violence or prejudice and/or balancing school, work and social life. Counseling is short-term, as it addresses normal life problems faced by college students.

Students experiencing serious emotional, medical or behavioral problems (including but not limited to suicidal or homicidal thoughts or actions, eating disorders, substance
addictions and disorders which impair the ability to think logically or relate with others constructively) are referred for outside treatment, often with the aid of parents or guardians. To promote safety and recovery, students who seem a danger to themselves and/or others may be withdrawn from the University (see Interim Suspension). In addition, as there are no psychiatric services available on campus, students must find such services off campus.

As time allows, other services include presentations and consultation. Presentation subjects might include creating good relationships, learning relaxation methods, finding the right path in life, making and reaching goals and communicating effectively with friends and loved ones. In addition, the staff consults with students on mental health, relationship or general life decisions or concerns.

Global Education
The Center for Global Education serves as the “global hub” on campus for any international related endeavor. The Center encompasses all things international – international admission, international student services, and the study abroad program. The Center functions as a resource for the entire campus community through programming, referrals and acting as an advocate and resource on international issues for students, faculty and staff. The Center for Global Education is located in van den Eynden Hall. For more information, contact the Center for Global Education at (330) 823-3296 or globaled@mountunion.edu.

Health Services
Purpose and Support of Institutional Goals
The main purpose of the Health Center is to provide medical care for students who have short term illnesses or who have injuries that require short term care. The Health Center staff focuses on health promotion, health protection, disease prevention and clinical care. These elements impact the physical and mental health and well-being of students at the University. The Health Center staff supports the institutional goals of Mount Union and the mission to “Prepare students for meaningful work, fulfilling lives, and responsible citizenship.” The staff recognizes that good health contributes to the academic success of students. The staff helps individuals achieve their optimal level of good health so they can face challenges that enable them to obtain meaningful work, lead fulfilling lives, and be responsible citizens.

Location and Hours
The Student Health Center is located within the Family Medical Center of Alliance building located at 149 E. Simpson St. Services are available Monday through Friday with nurses on duty from 8 a.m. until 4 p.m. during the academic year when classes are in session. The University physician is available for students between 10:45 a.m. and 12:15 p.m. Summer hours are 8 a.m. until noon with nurses on duty.

Services
The Health Center functions as an ambulatory care center. Services include health promotion, health protection, disease prevention and clinical care. Preliminary diagnostic work, preventative medicine and the care of short term illness and injuries are services provided. The Health Center staff provides students with opportunities for learning outside the classroom. The staff celebrates many national health observances and the staff teaches students about healthy lifestyles, health promotion, disease prevention, safety and self-care issues.
Emergency Information
Students who have medical emergencies should go to the emergency room at the nearest hospital. The nearest hospital in Alliance is Alliance Community Hospital.

Class Absenteeism
According to University policy, “A student who is required to miss class for health reasons is required to contact the Health Center for treatment, release or referral.” For more information, refer to the section, “Class Attendance and Participation” in the University Catalogue.

After Hours Care
In case of minor illness and injuries that occur after Health Center hours, students may use an urgent care center, such as an immediate care facility or a hospital. Students will be liable for expenses incurred unless the care is covered by insurance. Students who need assistance in making arrangements for after-hours care should contact their resident director or community educator. Students who receive after hours care must contact the Health Center the next day to follow up with the physician and complete an insurance claim form.

Policy Statement for Follow-up Care
It is the policy of the Health Center that students who obtain diagnostic tests, medical consultation, or other treatments receive appropriate follow-up care. If a student has an x-ray, diagnostic test or medical consultation, the results will be provided to the students during his or her follow-up appointment at the Health Center. It is the student’s responsibility to return to the Health Center to receive test results and follow-up care. Unless the x-ray, diagnostic test or medical consultation indicates a serious and/or emergency medical condition, the staff will make one telephone call to the student to remind him or her of the need to return to the Health Center to follow up with any treatments or other care. If a student is not available when a telephone call is made, the staff will contact the student by e-mail.

Health Requirements Prior to Arrival on Campus
All students are required to have a physical examination including questions about Tuberculosis screening (including possible skin testing if indicated) and a completed immunization record as well as other health information forms on file at the Health Center prior to their arrival on campus. The completed forms are mandatory. The forms are mailed to new students each semester. The forms can also be downloaded from the Health Center web page.

The following immunizations are mandatory: Two doses of MMR (Measles, Mumps and Rubella vaccine) and a Tetanus-Diphtheria or Tdap booster within the past 10 years.

To reduce and eliminate vaccine preventable diseases on campus the Health Center staff supports the recommendations of the American College Health Association Vaccine Preventable Disease Task Force based on guidelines consistent with the Advisory Committee on Immunization Practices recommendations. Those recommendations include Varicella, Hepatitis B, Meningococcal and other vaccines as indicated and when appropriate. Information about vaccine preventable diseases and vaccines can be found on the CDC web page, www.cdc.gov/vaccines/recs/acip/default.htm.
On February 10, 2005 the U.S. Centers for Disease Control and Prevention’s (CDC) Advisory Committee on Immunization Practices (ACIP) issued new meningococcal immunization recommendations. The recommendations state young adolescents at the pre-adolescent visit (11-12 year old), adolescents at high school entry (15 year old) and college freshmen living in dormitories should be immunized against meningococcal meningitis. The ACHA and ACIP’s new recommendations further state that other college students under 25 years of age may choose to receive meningococcal vaccination to reduce their risk for the disease. (Source: National Meningitis Association and the ACHA).

Due to a new law in Ohio, beginning July 1, 2005, college and university students who apply for on-campus housing must complete a Meningococcal and Hepatitis B Vaccine Status Statement Form to indicate they received, read and understand information about the diseases and the benefits and risks of being vaccinated to prevent them. In addition, students must disclose to their college or university if they have or if they have not been vaccinated against the diseases. Immunization dates are required for students who have been immunized. Students must sign the required forms or they will not be permitted to reside on campus.

Student Accident and Sickness Reimbursement Plan
All full-time undergraduates are automatically enrolled in the Accident and Sickness Reimbursement Plan. Brochures explaining medical benefit coverage and exclusions are mailed to students each year. The Health Center staff recommends parents maintain their sons and daughters on their family insurance plan even though they have the Student Accident and Sickness Reimbursement Plan.

The Health Center is a member of the American College Health Association and the Ohio College Health Association. More information about the Health Center can be found on the Health Center web page and in the University Catalogue.

Multicultural Student Affairs
The Office of Multicultural Student Affairs falls under the Office of Student Affairs, reporting to the vice president for student affairs and dean of students. The Office of Multicultural Student Affairs primarily serves as a resource for students of color in matters of academic, social, cultural and personal well-being. However, we also offer our services to all students who are interested in/concerned with issues of diversity within the campus community. Mount Union believes that an appreciation of diversity among campus constituencies creates a welcoming campus environment that is crucial to the success of all of our students. As such we sponsor a variety of programs to meet these needs including our Kaleidoscope Multicultural Student Orientation Program, Not Another Statistic Conference, Diversity Month programs and various other events.

While student needs are the primary focus, diversity focused programming, resources and training is available to the entire Mount Union community during the academic year. The Office of Multicultural Student Affairs also oversees the operation of the Black Cultural Center, located at 243 W. Simpson Ave. To contact the office, please call (330) 823-2138.

Residence Life
Over 1,650 students live on the campus of Mount Union in 10 residence halls, three apartment villages and as many as 12 houses making it a largely residential campus. The residence life staff at Mount Union believes that the residential experience can significantly contribute to a student’s overall collegiate experience. Indeed, much of the learning that takes place on any college or university campus takes place outside of the classroom. Therefore, the Office of Residence Life staff strives to create residence hall and house communities that focus on the living and learning process that is at the core of our University mission to prepare students for meaningful work, responsible citizenship and fulfilling lives. Housing is available to all students on a first come, first-served basis. Campus housing is at a premium and students may be placed on a waiting list until space becomes available.
Residence Life Staff
The Office of Residence Life is a part of the Office of Student Affairs and is located in the Hoover-Price Campus Center. The professional staff consists of the director, an associate director and two live-in assistant directors (who focus on facilities, programming and training and development) and six additional resident directors (RDs), some of whom also serve the University in other professional roles. These RDs are professional staff members who reside on campus in the residence halls. In most cases, they possess or are working toward master’s degrees in higher education administration or related fields and have significant experience with regard to residence hall management and knowledge of college student development. In addition to ensuring that the halls meet the physical needs of residential students, they provide programs and activities designed to enrich the total educational experience of Mount Union students. Also on staff is an administrative assistant who is shared among offices in student affairs.

There is a resident director on call (RD on Duty) 24-hours a day. The RD on Duty is available to assist students with any residence hall emergencies or after-hour situations that may occur. Students may call the main switchboard to be connected with the RD on Duty. In addition, the RD on Duty carries a cellular phone to be accessible to students at all times.

The Office of Residence Life also employs over 60 student staff members called community educators (CEs) and program administrators (PAs) as well as assistant resident directors (ARDs) and assistant resident managers (ARMs). Our student staff are returning students who have distinguished themselves through their leadership abilities and interpersonal skills as well as their desire to assist their fellow students. As peers, these students not only provide a source of basic information, referral help and a model of successful adjustment to college living, but also serve as sensitive, motivating forces to provide the structure and experience that will promote student development. To that end, staff members participate in an extensive and continuous training program that prepares them for the many different roles and responsibilities they hold: helper, problem-solver, programmer, campus liaison, policy enforcer, mediator and role model. CEs live on the floors and will work to promote a positive living-learning environment in the halls and houses, develop a sense of community amongst their residents and respond to the various collective and individual needs, issues or concerns of their community members. PAs are assigned to various residence halls to provide educational and community building types of programs and bulletin boards. Their efforts target the developmental needs and transitional issues of their residents. ARDs are students with prior residence life staff experience who have accepted a leadership role within the staff and work closely with an RD to run a residence hall. ARMs are available to assist students living in our apartment and townhouse style housing as necessary.

Security
The University attempts to provide for the security of individuals and their belongings through a security system which includes locks for rooms and buildings, controlled access to buildings, the employment of professional security people and an extensive night-time lighting system. Campus security officers patrol the campus 24-hours a day. In addition, the officers carry a cellular phone to be accessible to students 24-hours a day if services are needed or in the event of an emergency.

Security measures are only as effective as the individuals on campus choose to make them. Students are encouraged to use sound judgment at all times. All residence halls are under a 24-hour locked condition. Access is granted using an authorized student ID card. All other campus buildings have controlled access at night and on weekends. All individuals entering these facilities may be asked to show a valid ID card and may be denied permission.
to enter if they are unable to produce an ID card. At times it may be necessary to establish other security checks and procedures and it is expected that students will cooperate fully in carrying out security procedures, all of which are designed to promote the safety and security of the University community. Occupants of the residence halls and small houses must ensure that outside doors are closed and that locks are firmly secured at all times.

If assistance is needed or in the event of an emergency, students should call Campus Security at (330) 428-1344 (or by dialing “SAFE” from any campus phone) or the Alliance Police Department at (330) 821-3131 (or 2255 from any campus phone.) When calling for assistance, the caller should clearly state the nature of the problem and its location.

In addition, Blue Light Phones are located strategically across campus for emergencies. Students need only to push a button on these phones to alert the Alliance Police and Campus Security of an emergency situation. It is important to speak clearly, state the nature of the problem and its location.

Service-Learning and Community Service
The Office of Service-Learning and Community Service, part of the Regula Center for Public Service and Civis Engagement in van den Eynden Hall, is a center of resources for students wishing to participate in community service opportunities, faculty wanting to add curricular service to a course and community partners needing student volunteers. The office coordinates extracurricular volunteer community service activities, such as Make a Difference Week, Trick or Treat for Canned Goods, MLK Day of Service, National Girls and Women in Sports Day and annual Alternative Spring and Fall Break programs. Students can also seek regular community service placements through the office in a variety of fields and student organizations or other groups can also seek help in planning and scheduling community service projects. Service internships in fields such as grant writing, non-profit management and public relations are also available with some of our partners.

Service-learning is a method of teaching and learning that involves using the information and ideas learned in class in community service experiences outside the classroom. Many classes at Mount Union require service-learning projects. Assistance for faculty and students can be provided by the Regula Center staff.

More resources are also available at www.mountunion.edu/servicelearning and in the Service Learning Library, located outside the Faculty and Staff Commons in the Kolanbrander-Harter Information Center. Information about jobs, internships and other opportunities are frequently posted on Ennouncements and on the bulletin boards near the Student Success Center and the Service-Learning Library.

Students who would like more information about community service, volunteer opportunities or service-learning can contact the Office of Service-Learning and Community Service at (330) 823-5993 or by e-mailing pontiucm@mountunion.edu.

Spiritual Life
All spiritual life programming and scheduling is handled through the Office of the Chaplain located in Room 128 of Dewald Chapel. The coordinating body of student spiritual life organizations is the Religious Life Council (RLC), which is advised by the Chaplain. Each of the organizations is student-led with a faculty or staff advisor. In addition to weekly meetings, the annual calendar includes retreats, lock-ins, alternative break mission trips and special holy day services and activities. Worship and meetings take place in the sanctuary of Dewald Chapel throughout the week. Sunday services include Catholic Mass at 6:30 p.m. and Praise and Prayer at 9 p.m. In addition to scheduled worship times, there is a 24-hour meditation
room available. Students, faculty and staff are always welcome to be a part of spiritual life activities and worship. For more information about spiritual life on campus, contact the Office of the Chaplain at (330) 823-2838 or go to the Mount Union website.

**Student Involvement and Leadership**

The Office of Student Involvement and Leadership prepares Mount Union students for meaningful work, fulfilling lives, and responsible citizenship through engaging and intentional cocurricular activities, programs, services, and partnerships. Through immersed participation, training, practice and reflection, Mount Union students will gain skills that will complement their academic endeavors and further enable their success after graduation.

The Office of Student Involvement & Leadership is directly responsible for the coordination of all-campus programming, advising fraternity and sorority life, coordinating and implementing leadership programs, organizing and executing the summer Preview and Fall Orientation programs, providing support to student organizations, and offering the Student Involvement Record.

**Leadership Programming**

Much of what the office does is viewed through the lens of student leadership development. Our leadership programs provides students at a variety of abilities and engagement levels with appropriately designed leadership opportunities to further enhance their learning and engagement on campus. Workshops and seminars are available throughout the year to meet the needs of student leaders and organizations.

In support of the leadership program and student organizations, the Center for Student Involvement and Leadership, located in the lower level of the Health Center, is a resource center and meeting space for student leaders and organizations.

**Preview and Orientation**

Preview and Orientation are part of an on-going and multi-faceted transition process for new Mount Union students that involves academic, intellectual and personal development. The primary goal of Preview and Orientation is to assist new students in making purposeful connections within the University community to increase their future success as students.

**Campus Programming**

Sponsored by the Office of Student Involvement and Leadership, the Mount Union After Hours program is designed to provide a late night weekend alternative for student social interaction. After Hours strives to give students activities while creating a fun and exciting atmosphere both on and off the Mount Union campus.

The office staff also advises the Raider Programming Board (RPB). RPB is responsible for most of the student-initiated campus entertainment, including events that occur during Week of Welcome, Homecoming, Welcome Back Week and Springfest.

**Family Day**

Family Day provides students, parents and their families an opportunity to re-connect during the middle of the fall semester. Including a Raider football game, a dinner and other entertainment throughout the day, Family Day provides resources for families to continue to support the educational pursuits of their students. Family Day 2011 is September 17.
Student Organizations

In support of the leadership development that takes place in student organizations, the Office of Student Involvement and Leadership also serves as a resource center and clearinghouse for the approximately 80 active student organizations on campus. Student can learn about becoming involved in these student organizations by participating in the Raiderfest Student Involvement Fair held during the Fall Orientation program. All student organizations are required to register with the office and maintain current contact information for presidents and advisors as well as accurate constitutions. Students interested in starting a new student organization can obtain materials and learn the appropriate process by contacting the office.

Frataternity and Sorority Life

As part of student involvement and leadership, Fraternity and Sorority Life at Mount Union has a long, rich tradition of fostering student involvement and development. Since 1882, students have chosen to become members of fraternities and sororities at Mount Union because of the advantages these organizations provide. Greek-letter societies were founded on the ideals of leadership, scholarship, community service and friendship. The organizations continue to work towards these same ideals today.

Fraternity and sorority organizations provide the same opportunity for life-long friendships, however, this type of student organization offers its members many additional opportunities that compose what is commonly referred to as “the Greek community”. Leadership training, monetary scholarships, academic assistance, civic engagement, tradition, teambuilding opportunity, networking capabilities, and more await the person who elects to join one of these groups. Many students feel when they join a fraternity or sorority they are giving a part of themselves to something greater. They are agreeing to live by the values of not only the organizations, but the ones which they individually espouse. When investigating if fraternity or sorority membership is for you, it is highly encouraged that you seek out the one that best fits your personality, outlook and beliefs!

To join, or “affiliate” with a fraternity or sorority at Mount Union, interested students participate in the process called recruitment. The Office of Student Involvement & Leadership encourages all students to consider membership at any point during their collegiate experience. We strongly encourage you to look at each individual organization for the unique opportunity that it could provide for you. Think of each recruitment event as a way to learn much about the members of each organization, the values and purpose of each chapter, the benefits of joining a fraternity or sorority, and the commitments required for membership. Recruitment begins during the fifth week of classes in the fall.

In order to join a fraternity at the University, a male student must have attained a minimum college grade point average of 2.30 or a minimum high school grade point average of 2.75. A student must also be enrolled as a full-time student at the University of Mount Union. In order to join a sorority at the University, a female student must have attained the minimum college grade point average as is required by the individual chapter.

Student Involvement Record

The Student Involvement Record (SIR) is a chronological record of a student’s participation in cocurricular activities, intended to complement the University of Mount Union academic transcript. By providing a chronology of the student’s accomplishments while a student at the University, The Student Involvement Record provides a comprehensive attempt to provide data and information regarding student involvement in co-curricular and related
non-classroom activities. The SIR was developed to provide statistical information regarding student involvement, provide useful services to student organizations, and provide students with a chronology of their involvement. The information submitted is kept on file in the Office of Student Involvement & Leadership. Many departments on campus request student involvement information throughout the year for various reasons. It is to a student’s advantage to have an SIR on file. This information is often used when students are being considered for an academic or leadership honors and awards. Additionally, this information can be used in support of the academic transcript during the job search process.

The Student Involvement Record needs to be updated each semester so that a student’s record is as accurate as possible. Each semester, presidents, advisors, and coaches will be asked to update information regarding their organization. Information can be updated at any time by contacting the Office of Student Involvement & Leadership. Students will be given the opportunity to adjust information on their activity record, but will be required to seek the advisor’s signature as confirmation of their participation.

Student Success Center
The Student Success Center (SSC) is located in the Hoover-Price Campus Center and includes the Offices of Academic Advising, Academic Support, Career Development, and Student Accessibility Services. The Writing Center, located in the Kolenbrander-Harter Information Center, actively collaborates with the SSC. While the offices provide different kinds of assistance to students, they work together so that students can easily locate exactly what they need.

- The Office of Academic Advising is where pre-major students - students unsure which academic path to pursue - can obtain assistance. Through complementary assessments, Academic Advising works one-on-one with students to identify what majors might be a good fit for their academic strengths and interests.
- The Office of Academic Support helps students with academic strategies including time management, ways to study and prepare for tests, and provision for peer tutoring in course content. Assistance is tailored to student needs and strengths, looking at all the different components that are related to educational achievement.
- The Office of Student Accessibility Services (SAS) provides educational opportunities for qualified persons with disabilities through accessible programs, services, and a campus environment in compliance with the Americans with Disabilities Act and other disability rights legislation. SAS also serves as a resource to the College community in regard to compliance issues.
- The Writing Center provides writing tutors who work with students to improve writing and editing skills for many different types of papers, including essays, research papers, and lab reports. Students may work with tutors at any stage of the writing process, from choosing a topic through development of a final draft of the paper.

For more information call the Student Success Center, at (330) 823-8685 or visit www.mountunion.edu/Academics.

Writing Center
The Writing Center offers writing support to Mount Union students across disciplines, academic levels and abilities. Staffed by student consultants, the Center provides responsive support adaptable to the needs of most student writers. The Writing Center can help student writers in any stage of the writing process, from thinking about an assignment
to editing and proofreading a paper. Writing consultants are experienced undergraduate writers from widely varied disciplines and majors, so they can help with planning research papers, writing lab reports, preparing for essay exams, revising resumes and cover letters and most other writing tasks. Writing Center consultants are trained to help students improve their written work; more importantly, consultants are trained to enable students to better understand writing processes, writing at the college level and their individual strengths and needs as writers.

Appointments
Appointments can be made via the Web at http://www.mountunion.edu/owl/.

Vehicles
Mount Union maintains a fleet of vehicles that are available for university-sponsored activities and functions. The use of a university vehicle is a privilege that entails specific responsibilities. Failure to follow university, state and federal rules and regulations or irresponsible use of a vehicle will result in that privilege being withdrawn.

All drivers must be authorized to drive university-owned vehicles. Drivers must annually fill out the driver’s application form and submit a copy of their driver’s license to the Physical Plant office. New drivers must have this done ten days in advance to using a university vehicle.

Student Rights and Responsibilities

Student Disciplinary Process

Purposes of the Student Disciplinary Process
The University of Mount Union student disciplinary process is composed of students, faculty members, and administrators whose purpose is to aid in the development of higher values and proper citizenship in all of life, not in campus life alone. Student discipline concerns those experiences and processes that help a student to achieve self-control, to make mature decisions, and to accept responsibility for her/his decisions. To this end, Mount Union supports the concept of educational discipline. The University will make an effort to educate students through sanctions. However, should a student be considered a danger to the university community or demonstrate unwillingness to adhere to the behavioral expectations of the University, s/he will be treated in a similar manner as one who has failed academically, and may be separated from the University.

Article I: Definitions
For the purposes of the student disciplinary process, the following definitions will apply:
1. The term “University” means University of Mount Union.
2. The term “student” includes all persons taking courses at the University, either full-time or part-time. Persons who withdraw after allegedly violating the Student Code of Conduct, who are not officially enrolled for a particular term but who have a continuing relationship with the University, or who have been notified of their acceptance for admission are considered to be “students”.

25
3. The term “graduate student” means any person enrolled in a University of Mount Union graduate program.

4. The term “faculty member” means any person hired by the University to conduct classroom or teaching activities or who is otherwise considered by the University to be a member of the faculty.

5. The term “administrator” means any person employed by the University to perform assigned administrative or professional responsibilities.

6. The term “member of the University community” includes any person who is a current student, faculty member, administrator, or any other person employed by the University.

7. The term “University property” includes all land, buildings, facilities, and other property owned, leased, or controlled by the University or any student organization.

8. The term “student organization” means any number of persons who have complied with the formal requirements for University recognition.

9. The term “administrative hearing officer” means a University administrator authorized by the dean of students to determine whether a student has violated the Student Code of Conduct and to impose sanctions accordingly.

10. The term “student conduct board” means any persons authorized by the dean of students to determine whether a student has violated the Student Code of Conduct and to impose sanctions accordingly.

11. The term “college appeals board” means any persons authorized by the dean of students to consider an appeal of the determination of responsibility and/or sanctions given by an administrative hearing officer or student conduct board.

12. The term “complainant” means any person who submits a charge alleging that a student violated the Student Code of Conduct. In all cases before the student conduct board, a representative of the University shall act as a complainant. In cases before the student conduct board or an administrative hearing officer where a member of the University community believes that s/he has been a victim of an alleged violation, this individual may also be considered a complainant.

13. The term “charged student” means any student charged with violating the Student Code of Conduct.

14. The vice president for student affairs and dean of students is the person designated by the president of the University to be responsible for the administration of the Student Code of Conduct and is referred to in this document as the dean of students.

Article II: Jurisdiction

The submission of an application for admission to University of Mount Union is an optional and voluntary action. Institutional approval of that application is, in turn, an extension of privilege to join the academic and social community and to remain a part of it as long as academic and behavioral standards are met. These expectations have been established so that the educational purpose of the University may be pursued in an atmosphere conducive to such an undertaking. When a student or group of students violates the Student Code of Conduct, these students must accept responsibility for their actions.

Students are expected to exhibit good judgment and responsibility in their behavior on University property, at University sponsored events, and off campus. The University reserves the right to address student behaviors that occur off-campus, including those that are also being acted upon by legal authorities. Although the University will not automatically impose sanctions in addition to those imposed by law enforcement agencies, it does have the obligation to introduce counseling and/or disciplinary action if the student’s behavior conflicts with the University’s educational objectives or its responsibilities to members.
of the community. The dean of students or her/his designee shall decide whether the Student Code of Conduct shall be applied to conduct occurring off campus, on a case by case basis, in her/his sole discretion. Disciplinary action taken on this basis shall conform to the student disciplinary process, including appeal.

Each student shall be responsible for her/his conduct from the time of application for admission through the actual awarding of a degree. This includes during the academic year, before classes begin or after classes end, as well as during periods between terms of actual enrollment. The Student Code of Conduct shall apply to a student’s conduct even if a student withdraws from school while a disciplinary matter is pending.

In general, any non-academic violation by a student or group of students at the University will come under the jurisdiction of the student disciplinary process.

**Article III: Student Disciplinary Process Authority**

The student disciplinary process at University of Mount Union consists of the resident directors, the director of residence life, the associate dean of students, the dean of students, a student conduct board, a college appeals board and, on occasion, other administrators as deemed appropriate by the dean of students. Disciplinary cases are handled by one of the above individuals or groups depending on the nature and severity of the offense. The dean of students, or her/his designee, will decide which body shall hear the case.

**Article IV: Violation of Law and University Discipline**

University disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both criminal law and the Student Code of Conduct without regard to the pendency of civil or criminal litigation in court or criminal arrest or prosecution. Proceedings in the student disciplinary process may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the dean of students or his/her designee. Determinations made or sanctions imposed under the student disciplinary process shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of university rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.

When a student is charged by federal, state, or local authorities with a violation of law, the University will not request or agree to special consideration for that individual because of her or his status as a student. If the alleged offense is also being addressed under the student disciplinary process, the University may advise off-campus authorities of the existence of the Student Code of Conduct and how such matters are typically handled within the University community. The University will attempt to cooperate with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators (provided that the conditions do not conflict with campus rules or sanctions). Individual students and other members of the University community, acting in their personal capacities, remain free to interact with government representatives as they deem appropriate.

**Article V: Administrative Hearings**

**Section 1: Jurisdiction**

An administrative hearing may be conducted to act on all infractions of non-academic University rules and regulations by a student, group of students, or student organization affiliated with the University.

Administrative hearings may be conducted by resident directors, the director of residence life, the associate dean of students, the dean of students or other administrators as deemed appropriate by the dean of students or her/his designee.
Section 2: Procedures for Administrative Hearings

The purpose of an administrative hearing is to provide an evaluation of a charged student’s responsibility for violating the University of Mount Union Student Code of Conduct. The hearing will be conducted in accordance with the procedures set forth by the student disciplinary process, but shall not be bound by technical rules of evidence or other formal rules of process and procedure, such as are applied in criminal or civil proceedings. The following procedural protections are provided to charged students in administrative hearings:

a. receiving written notice of the specific charges prior to the hearing;

b. knowing the content of written material being considered in the case;

c. the opportunity to be present at the hearing, to respond to the allegations, and to provide relevant information;

d. the ability to bring pertinent and necessary witnesses to speak on her/his behalf (witnesses may only be present in the hearing when they are providing information, not throughout the entire process);

e. the right to speak or not speak on her/his own behalf. Invoking the right to not speak will not be considered an admission of responsibility.

If the charged student fails to attend the hearing after notification has been given, the hearing may be held in her/his absence.

Administrative hearings shall be closed to all parties other than the following: the charged student; the complainant (if any); the administrative hearing officer; and witnesses (who are only present during the time that they are providing information.)

The administrative hearing officer will review the written materials with the charged student at the hearing. In addition, if requested by the charged student, arrangements will be made for her/him to review the written materials prior to the hearing.

The administrative hearing officer will advise the charged student of the allegations made against her/him and give the charged student the opportunity to accept or deny responsibility. If the charged student denies responsibility, then the administrative hearing officer will consider all available information in order to decide if the charged student should be found responsible for violating the Student Code of Conduct.

While the University brings all charges within the student disciplinary process, there are occasions when a member of the campus community believes s/he has been a victim of the alleged violation and may also be considered to be a complainant. In this case, this person will be made aware of the specific charges prior to the hearing; be informed of the content of written material about the case; and have the opportunity to be present at the hearing, provide relevant information concerning the alleged violation, and bring pertinent and necessary witnesses to support the charges at hand (witnesses may only be present in the hearing when they are providing information, not throughout the entire process.)

A finding of responsibility will only be made if the preponderance of information supports the charges placed against the student.

If the student accepts responsibility or is found responsible for violating the Student Code of Conduct, then the administrative hearing officer will assign appropriate disciplinary sanctions and explain them to the student. Following the hearing, a letter will be sent to the student confirming the outcome of the hearing and the sanctions assigned.

All procedural questions are subject to the final decision of the dean of students or her/his designee.
Article VI: Student Conduct Board

Section 1: Jurisdiction
The student conduct board may act on all infractions of non-academic University rules and regulations by a student, group of students, or student organization affiliated with the University.

During the academic year, a committee of student conduct board members consisting of three faculty members and two student members will act as the final appeals board for appeals of academic disciplinary decisions reached by an Academic Dishonesty Hearing Committee. If the charged student is a graduate student, at least one of the students on the final appeals board will be a graduate student and at least one of the faculty members will teach at the graduate level. Appeals of decisions made by an Academic Dishonesty Hearing Committee that must be heard during the summer, or at times when classes are not in session, may be heard by the Vice President for Academic Affairs or his/her designee.

Section 2: Organization
A pool of qualified student and faculty board members shall be selected in accordance with the process described in Article VI, Section 6. For each hearing of the student conduct board, the board shall consist of two student board members, two faculty board members, and the associate dean of students. If the charged student is a graduate student, at least one of the students on the board will be a graduate student and at least one of the faculty members will teach at the graduate level. In situations where the associate dean of students must present the case or must excuse her/himself, the dean of students may appoint another administrator to sit on the board.

Before each hearing begins, the sitting members of the board shall select a Chairperson and a Secretary.

Section 4: Removal
If a member of the student conduct board fails to fulfill their responsibilities on the board, or if the behavior of a board member is called into question by other members of the board, any member of the board shall report these concerns to the dean of students.

Section 5: Term of Service
Board members shall assume responsibility from the first day of the designated fall semester. Student terms shall run for one year. General faculty terms shall run for three years on a rotational basis in accordance with the Faculty Constitution. Graduate faculty member terms shall run for one year.

Section 6: Selection
A. Undergraduate Students – The selection procedure consists of an application and interview process conducted during the spring semester previous to the designated year of service. The applications will be reviewed by the Office of Student Affairs to verify the applicant’s eligibility. Current members of the board, excluding any undergraduate student members who are applying for continued membership, will interview the eligible candidates and make recommendations to the dean of students regarding new undergraduate student board members. The dean of students will make the final decisions and appointments of the undergraduate student members to the board. A pool of 6 undergraduate students will be seen as the desirable minimum number of undergraduate students to have on the board.

B. Graduate Students – Graduate student board members shall be selected through a process identified and administered by each graduate program. Three students from each graduate program will be seen as the desirable number of graduate students to have on the board.

C. Faculty – The general faculty members of the board shall be elected from the general faculty during the spring semester previous to the designated year of service. A pool of 6 faculty members will be seen as a desirable number of faculty members to have on the board. In addition to these 6 general faculty members, one faculty member who teaches in each graduate program will be selected by the faculty of that program to be a member of the Student Conduct Board.

D. Administration – The administrative member of the board shall be the associate dean of students. In situations where the associate dean of students must present the case or must excuse her/himself, the dean of students may appoint another administrator to sit on the board.

Section 7: Hearings
Hearings are to be held as necessary in order to address cases assigned to the board. For each hearing of the student conduct board, the board shall be composed of the members stated in Article VI, Section 2.

Section 8: Procedures for Student Conduct Board Hearings
The purpose of a student conduct board hearing is to provide an evaluation of a charged student’s responsibility for violating the University of Mount Union Student Code of Conduct. The hearing will be conducted in accordance with the procedures set forth by the student disciplinary process, but shall not be bound by the technical rules of evidence or other formal rules of process and procedure, such as are applied in criminal or civil proceedings.
The following procedural protections are provided to charged students in student conduct board hearings:

a. receiving written notice of the specific charges prior to the hearing;
b. knowing the content of written material being considered in the case;
c. the opportunity to be present at the hearing, to respond to the allegations, and to provide relevant information;
d. the ability to bring pertinent and necessary witnesses to speak on her/his behalf (witnesses may only be present in the hearing when they are providing information, not throughout the entire process);
e. the chance to question witnesses in the manner described in the student disciplinary process;
f. the opportunity to be accompanied by an advisor who must be a University of Mount Union student, faculty, or staff member and may not be an attorney. Advisors may not speak or directly participate in the hearing, unless otherwise approved by the members of the student conduct board;
g. the right to speak or not speak on her/his own behalf. Invoking the right to not speak will not be considered an admission of responsibility.

Any member of the student conduct board who is considered to have a conflict of interest in the particular case being heard should discuss with the members of the sitting board the desirability of being excused from that hearing. The sitting board may decide the appropriateness of that member voting in the decision.

The charged student and the complainant(s) shall have the right to ask for the removal of any board member by showing written or verbal evidence of a conflict of interest on the part of the member. The remainder of the sitting board will determine if there is a potential conflict of interest. If a potential conflict of interest is shown, the board member will excuse her/himself.

In hearings involving more than one charged student, the Dean of Students, or her/his designee, in her/his sole discretion may permit the hearings concerning each student to be conducted either separately or jointly.

In order to protect the privacy of the students involved, hearings of the student conduct board shall be closed to all parties other than the following: the charged student(s); the complainant(s); the sitting members of the student conduct board; a University of Mount Union student, faculty or staff member who is acting as an advisor for the charged student and/or the complainant; and witnesses (who are only present during the time that they are providing information.) In the event that a student organization is involved in a hearing before the student conduct board, one member will represent the organization, while other members who want to present information will be considered to be witnesses and will only be present when they provide information.

If the charged student fails to attend the hearing after notification has been given, the hearing may be held in her/his absence.

A single recording shall be made of each hearing. The deliberations of the student conduct board will not be recorded. The recording shall be the property of the University. Recordings of all student conduct board proceedings will be kept on file in the associate dean of students’ office. Recordings will be erased 60 days after the hearing unless an appeal is still pending. In this case, recordings will be erased thirty days after the final appeal decision.

A written description of the charges shall be made available to the sitting members of the student conduct board. This description shall include the name of the charged person, persons, or groups involved, the time and place of the alleged offense, and the nature of the
alleged offense. In addition, other written materials may be considered at the discretion of the sitting members of the board. These written materials shall be held in confidence and will be collected at the conclusion of the hearing.

A copy of all written materials to be considered in the hearing shall be provided to the charged student and the complainant(s) for their use during the hearing. These written materials will be collected at the conclusion of the hearing. If requested by the charged student or the complainant(s), arrangements will be made for them to review the written materials prior to the hearing.

A University staff member will be a complainant and present information pertinent to the charges being considered by the board. The University staff member acting as a complainant may be present at the hearings, make a statement concerning the alleged violation, be informed of the content of written material about the case, call witnesses to support the charges at hand, and directly question witnesses. While the University brings all charges within the student disciplinary process, there are occasions when a member of the campus community believes s/he has been a victim of the alleged violation and may also be considered to be a complainant. In this case, this person may be directly involved in the case brought before the student conduct board and, therefore, will be made aware of the specific charges prior to the hearing; be informed of the content of written material about the case; and have the opportunity to be present at the hearing, provide relevant information concerning the alleged violation, bring pertinent and necessary witnesses to support the charges at hand (witnesses may only be present in the hearing when they are providing information, not throughout the entire process), question witnesses in the manner described in the student disciplinary process, and be accompanied by an advisor who must be a University of Mount Union student, faculty, or staff member and may not be an attorney. Advisors may not speak or directly participate in the hearing, unless otherwise approved by the members of the student conduct board.

The complainant(s) and the charged student may arrange for witnesses to present pertinent information to the board. Witnesses will provide information to and answer questions from the student conduct board. Questions may be suggested by the charged student and/or the complainant(s) to be answered by each other or by other witnesses. These questions shall be directed to the board chairperson, rather than to the witness directly. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment.

The student conduct board may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the complainant, charged student, and/or other witnesses during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, video conferencing, videotape, audiotape, written statement, or other means, where and as determined in the sole judgment of the dean of students or her/his designee to be appropriate.

After completion of the presentation of information, the board will deliberate privately and reach a decision. A finding of responsibility shall only be reached when a majority of sitting members finds that the preponderance of the information that has been presented supports the allegation that the charged student has violated the University of Mount Union Student Code of Conduct. If the charged student is found responsible for the violation, then the student conduct board will make a decision regarding appropriate sanctions to be assigned.

The secretary and chairperson will ensure that written notification of the findings of the board are given to the dean of students or her/his designee as soon as possible following the completion of the hearing. The dean of students, or her or his designee, will notify the charged student of the outcome of the hearing.

All procedural questions are subject to the final decision of the dean of students or her/his designee.
Article VII: Appeals

Section 1: Grounds for Appeal
The decision made by a hearing body may be appealed by the charged student(s) or the complainant(s) for the following reasons. In order for an appeal to be granted and/or for the outcome to be amended, one or more of the following grounds for appeal must be met:

1. specified procedural errors or misrepresentation of University regulations are so substantial that the outcome of the hearing may have been affected; or
2. new and significant information has become available which was not reasonably discoverable/available before the original decision was rendered and which could have reasonably altered the results of the hearing; or
3. the determination of responsibility and/or the sanctions are arbitrary or unjustified by the information presented at the hearing.

When the grounds for appeal have been met, the appeals body has the option to make decisions that extend the full range of the student discipline process, from finding the charged student responsible or not responsible for the violation to assigning any sanction it deems appropriate to the violation, including maintaining, decreasing, or increasing the sanction.

Section 2: Method for Requesting an Appeal
All appeals must be signed and filed in writing within five business days after the decision of the hearing body is made. Electronic submissions are not acceptable except in extreme circumstances as determined by the dean of students or her/his designee. The appeal should clearly state the grounds of the appeal and should be submitted to the office of the dean of students.

Section 3: Appeals Related to Non-academic Violations
During the academic year, the university appeals board will hear appeals of cases that were adjudicated in either an administrative or student conduct board hearing. Appeals that must be heard during the summer, or at times when classes are not in session, may be heard by the Dean of Students or her/his designee, in place of the board. The decision of either appeals body is final.

If a decision is appealed by the charged student or the complainant(s), all parties will have the opportunity to actively participate in the appeal hearing as described in Article VII, Section 5. This hearing will serve as the sole appeal for all parties.

The university appeals board is composed of a student and a faculty member from the pool of student conduct board members who did not hear the case originally and the dean of students. If the charged student is a graduate student, at least one of the two student conduct board members who sit on the appeals board for the case will be a graduate student or a graduate faculty member. In the event that the dean of students must excuse her/himself or is unavailable, the dean of students may designate a staff member to fill her/his place on the board. Meetings of the university appeals board will be called as necessary by the dean of students.

Section 4: Appeals Related to Academic Violations
During the academic year, a committee of student conduct board members consisting of three faculty members and two student members will act as the appeals body for appeals of decisions reached by an academic dishonesty hearing committee. If the charged student is a graduate student, at least one of the students on the final appeals board will be a graduate student and at least one of the faculty members will teach at the graduate level. Appeals of decisions made by an academic dishonesty hearing committee that must be heard during the summer, or at times when classes are not in session, may be heard by
the Vice President for Academic Affairs or her/his designee, in place of the committee. The decision of either appeals body is final.

Section 5: Procedures for Appeals

The purpose of an appeals hearing is to assess the appropriateness of the outcome(s) of a prior hearing that are brought into question by an appeal. The hearing will be conducted in accordance with the procedures set forth by the student disciplinary process, but shall not be bound by the technical rules of evidence or other formal rules of process or procedure, such as are applied in criminal or civil proceedings.

The following procedural protections are provided to charged students in appeals hearings:

a. the opportunity to be present at the hearing and to provide information relevant to the grounds of the appeal;

b. the ability to bring witnesses to speak on new and significant information which was not reasonably discoverable/available before the original decision was rendered (witnesses may only be present in the hearing when they are providing information, not throughout the entire process);

c. the chance to question witnesses in the manner described in Article VI, Section 8 of the student disciplinary process;

d. the opportunity to be accompanied by an advisor who must be a University of Mount Union student, faculty, or staff member and may not be an attorney. Advisors may not speak or directly participate in the hearing, unless otherwise approved by the appeals body.

In order to protect the privacy of the students involved, appeals hearings shall be closed to all parties other than the following: the charged student; the original hearing officer or representative of the original hearing body who presents the case; the complainant(s); the members of the appeals body; a University of Mount Union student, faculty or staff member who is acting as an advisor for the charged student and/or the complainant(s); and witnesses (who are only present during the time that they are providing information.) In the event that a student organization is involved in an appeals hearing, one member will represent the organization, while other members who want to present information will be considered to be witnesses and will only be present when they are providing Information.

A single recording will be made of each appeals hearing. The deliberations of the appeals body will not be recorded. The recording shall be the property of the University. Recordings of all appeals hearings will be kept on file in the associate dean of students’ office. Recordings will be erased thirty days after the appeals hearing.

Copies of all written materials used in the original hearing shall be made available to all members of the appeals body. These materials shall include the charge letter, documentation reports, witness statements, disposition letter, and any other documents pertinent to the case. In addition, if the original hearing was recorded, the appeals body may choose to listen to the recording. Further, the appeals body will receive copies of the request for appeal and any additional documentation that will be presented at the appeals hearing. All documents shall be held in confidence and will be collected at the conclusion of the hearing.

A copy of all written materials to be considered in the appeal hearing shall be provided to the charged student and to the complainant(s) (if any) for their use during the hearing. These written materials will be collected at the end of the hearing. If requested by the charged student or the complainant(s), arrangements will be made for them to review the written materials prior to the appeal hearing.

The original administrative hearing officer or a representative of the original hearing body will present information to the appeal body. This individual may be present at the
hearing, make a statement concerning the issues raised by the appeal, be informed of the content of written material about the case, call witnesses if necessary to support the outcome of the original hearing, and directly question witnesses. While the University brings all charges within the student disciplinary process, there are occasions when a member of the campus community believes s/he has been a victim of the alleged violation and may also be considered to be a complainant. In this case, this person may be directly involved in the case brought before an appeals body and, therefore, may be present at the hearing, provide information relevant to the grounds of the appeal, call witnesses to speak on new and significant information which was not reasonably discoverable/available before the original decision was rendered, question witnesses in the manner described in Article VI, Section 8 of the student discipline process, and be accompanied by an advisor who must be a University of Mount Union student, faculty, or staff member and may not be an attorney. Advisors may not speak or directly participate in the hearing, unless otherwise approved by the members of the appeals body.

After completion of the presentation of information, the appeals body will deliberate privately and reach a decision. The appeals body will first consider if any of the specified grounds for appeal have been met. If the grounds for appeal have been met and these grounds relate to the determination of responsibility, a sustained decision shall only be reached when the appeals body finds that the preponderance of the information that has been presented supports the allegation that the charged student has violated the University of Mount Union Student Code of Conduct. If the grounds for appeal have been met and these grounds relate to the sanctions assigned by the original hearing body, then the appeals body will make a decision regarding the appropriateness of the assigned sanctions.

The decision of the appeals body is final and will be presented to the charged student as soon as possible after the hearing by the dean of students or her/his designee.

All procedural questions are subject to the final decision of the dean of students or her/his designee.

**Academic Dishonesty Hearing Process**

**Article I: Academic Honesty**

The University views the moral and ethical education of its students as being equal in importance to their intellectual development. The codes of conduct and ethical habits individuals practice as students are likely to guide them for their entire lives. As a consequence, a significant part of the University's mission is to support in its students a belief in the importance of personal honesty and integrity and a strong commitment to high standards in those areas. In all of their academic pursuits, Mount Union students are expected to be responsible members of the academic community.

Unless clearly documented with citations indicating otherwise, all academic work is expected to be the student’s own. Plagiarism and/or any other form of cheating or dishonesty will subject the student involved to sanctions ranging from failure of an assignment to possible suspension or dismissal from the University. When the latter sanctions are recommended the Associate Academic Dean for Curriculum and Student Issues may convene a hearing committee to determine responsibility and appropriate sanctions. Specific procedures for hearings of this nature are outlined below.

**Article II: Hearing Committee Membership**

The academic dishonesty hearing committee shall consist of two faculty members from the Academic Policies Committee, one student to be appointed by Vice President for Academic Affairs or her/his designee, and the Associate Academic Dean for Curriculum and Student Issues, who serves as convener without vote.
Any member of the academic dishonesty hearing committee who is considered to have a conflict of interest in the particular case being heard should discuss with the Associate Academic Dean the desirability of being excused from that hearing. The Associate Academic Dean will decide the appropriateness of that member’s involvement and select a replacement for the hearing if needed.

The charged student shall have the right to ask for the removal of any committee member by providing a written or verbal statement regarding the alleged conflict of interest on the part of the committee member. The Associate Academic Dean will determine if there is a potential conflict of interest. If a potential conflict of interest is shown, the Associate Academic Dean will select a replacement committee member.

**Article III: Purpose**

The purpose of an academic dishonesty hearing is to provide an evaluation of a charged student’s responsibility for violating the University of Mount Union’s academic honesty policy.

**Article IV: Procedural Protections**

Academic dishonesty hearings will be conducted in accordance with the procedures set forth by this document, but shall not be bound by the technical rules of evidence or other formal rules of process or procedure, such as are applied in criminal or civil proceedings.

The following procedural protections are provided to charged students in academic dishonesty hearings:

a. receiving written notice of the specific charges prior to the hearing;

b. knowing the content of written material being considered in the case;

c. the opportunity to be present at the hearing, to respond to the allegations, and to provide relevant information. If the charged student fails to attend the hearing after notification has been given, the hearing may be held in her/his absence;

d. the ability to bring pertinent and necessary witnesses to speak on her/his behalf (witnesses may only be present in the hearing when they are providing information, not throughout the entire process);

e. the chance to question all witnesses present at the hearing;

f. the opportunity to be accompanied by an advisor who must be a Mount Union student, faculty, or staff member and may not be an attorney. Advisors may not speak or directly participate in the hearing, unless otherwise approved by the members of the academic dishonesty hearing committee;

g. the right to speak or not speak on her/his own behalf. Invoking the right to not speak will not be considered an admission of responsibility.

**Article V: Academic Dishonesty Hearing Procedures**

Academic dishonesty hearings shall be closed to all parties other than the following: the charged student; the faculty member reporting the dishonesty (also known as the complainant); the members of the hearing committee as described above; a University of Mount Union student, faculty or staff member who is acting as an advisor to the charged student; and witnesses (who are only present during the time that they are providing information.)

A single recording shall be made of each hearing. The deliberations of the academic dishonesty hearing committee will not be recorded. The recording shall be the property of
the University. Recordings of all academic dishonesty hearing committee proceedings will be kept on file in the associate academic dean’s office. Recordings will be erased 60 days after the hearing unless an appeal is still pending. In this case, recordings will be erased thirty days after the final appeal decision.

A written description of the charges shall be made available to the academic dishonesty hearing committee. This description shall include the name of the charged student, the time and place of the alleged offense, and the nature of the alleged offense. In addition, other written materials may be considered at the discretion of the hearing committee. These written materials shall be held in confidence and will be collected at the conclusion of the hearing.

A copy of all written materials to be considered in the hearing shall be provided to the charged student for her/his use during the hearing. These written materials will be collected at the end of the hearing. If requested by the charged student, arrangements will be made for her/him to review the written materials prior to the hearing.

The complainant(s), the charged student and the Associate Academic Dean may arrange for witnesses to present pertinent information to the committee. Witnesses will provide information to and answer questions from the academic dishonesty hearing committee.

After completion of the presentation of information, the committee will deliberate privately and reach a decision. A finding of responsibility shall only be reached when a majority of the voting members of the committee finds that the preponderance of the information that has been presented supports the allegation that the charged student has violated the University of Mount Union Academic Honesty Policy. If the charged student is found responsible for the violation, then the academic dishonesty hearing committee will make a decision regarding appropriate sanctions to be assigned.

The Associate Academic Dean will ensure that written notification of the findings of the committee are given to the Vice President for Academic Affairs as soon as possible following the completion of the hearing. The Associate Academic Dean will notify the charged student of the outcome of the hearing.

All procedural questions are subject to the final decision of the Vice President for Academic Affairs or her/his designee.

**Article VI: Appeals**

Appeals shall be considered under the circumstances and procedures described in Article VII of the Student Disciplinary Process, which may be found in the Student Handbook.

This includes failure to complete assigned disciplinary sanctions.

19. Violation of Rules Regarding the Residence Halls – Violation of any of the rules and regulations of the University residence halls. (A listing of Residence Hall Regulations can be found in the Student Handbook.)

20. Facilitating or Encouraging Violations of the Code of Conduct – Helping, procuring or encouraging another person to violate the Student Code of Conduct.

21. Violation of Probation – Violation of the Student Code of Conduct while on probation or violation of the terms of that probation.

22. Violation of any published rule or policy of Mount Union, or of local, state or federal law.

**PLEASE NOTE: The presence of articles may be interpreted as possession of those articles. Students encountered in locations where drugs, alcohol, dangerous weapons or materials, or other misconduct is evident will normally be considered in violation of the Code of Conduct, even if they do not have the prohibited items on their person at the time they are encountered.
Disciplinary Sanctions

1. University of Mount Union supports the concept of educational discipline. Therefore, when a student is not a danger to the University community, or when repetition of misconduct is unlikely, the University will make an effort to educate the student through disciplinary sanctions. However, should the student demonstrate an unwillingness to adhere to the behavioral expectations of the University, he or she will be treated in a similar manner as one who has failed academically, and may be separated from the University. Possible disciplinary sanctions include, but are not limited to:
   a) Written Warning - A written notice to the student that the student has violated the Student Code of Conduct, that such behavior is unacceptable, and that further violations may result in more serious disciplinary sanctions.
   b) Disciplinary Probation - A written reprimand for violation of the Student Code of Conduct. Disciplinary probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to be violating the Student Code of Conduct during the probationary period.
   c) Loss of Privileges - Denial of specific privileges for a designated period of time.
   d) Fines - Previously established fines may be imposed.
   e) Restitution - Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.
   f) Educational Sanctions - Assignments made to assist in the educational outcome of the disciplinary process (e.g., meetings with the Director of Alcohol, Drug and Wellness Education, attendance at programs, writing a research paper, etc.) These assignments are designed to address the specific issues that arise in each disciplinary case.
   g) Residence Hall Reassignment - Mandatory room/hall change. May occur when the student has been or may be a danger to her/himself, to other residents, or to the facility, or when the hearing officer determines that a reassignment will minimize the risk of repeated violations of the Student Code of Conduct.
   h) Residence Hall Suspension - Separation of the student from the residence halls for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.
   i) Residence Hall Expulsion - Permanent separation of the student from residence halls.
   j) Disciplinary Suspension - Separation of the student from the University for a definite period of time, after which the student is eligible to apply for readmission. Conditions for readmission may be specified.
   k) Disciplinary Expulsion - Permanent separation of the student from the University.

2. More than one of the sanctions listed above may be imposed for any single violation.

3. Disciplinary sanctions do not appear on a student’s academic transcript, but do become a part of the student’s confidential educational record with the University. Disciplinary records are kept on file for six years following a student’s graduation or withdrawal from the University.

4. The following sanctions may be imposed upon groups or organizations found to have violated the Student Code of Conduct:
a) Those sanctions listed above in section 1, a through f.
b) Deactivation - Loss of all privileges, including University recognition, for a specified period of time. Conditions for reactivation may be specified.

Interim Suspension
In certain circumstances, the vice president of student affairs and dean of students, or his/her designee, may impose a disciplinary or residence hall suspension prior to a disciplinary hearing. Interim suspension may be imposed: a) to ensure the safety and well-being of members of the University community or preservation of University property; b) to ensure the student’s own physical or emotional safety and well-being; or c) if the student poses a definite threat of disruption of or interference with the normal operations of the University.

In addition to the above, an interim suspension will be imposed if the University becomes aware that a student attempts or threatens to attempt suicide. Under this circumstance, the interim suspension will remain in effect until the student has been assessed by a psychiatrist and receives a written release from the psychiatrist that the student is able to safely return to the campus environment. This release would include any recommendations from the psychiatrist regarding treatment while the student remains enrolled and/or remains on campus. If the student is released to return to the University, pursuant to the psychiatrist’s recommendations, the student will be required to comply with his or her psychiatrist’s recommendations in order to remain at the University.

During an interim suspension, the student shall be denied access to the campus to the extent deemed appropriate by the dean of students or his/her designee. This may include restriction from residence halls, University activities, campus buildings, classes, etc., or may constitute restriction from the campus entirely.

Alcohol and Other Drug Use/Abuse Policies and Programs
Mount Union is concerned about the health and well-being of its students, faculty and staff and recognizes the health hazards involved with the use of alcohol and other drugs. The following policies are an attempt to influence students to make low-risk decisions regarding alcohol and other drugs. In accordance with the Drug Free Schools Act of 1989, state and local laws pertaining to alcohol and drug use are also detailed in this section, in addition to, the health risks of alcohol and other drug use and treatment opportunities available for students, faculty and staff members who are involved in the abuse of alcohol or other drugs.

Alcohol Policy
Mount Union expects members of the campus community to act in a mature manner and to accept full responsibility for their behavior. Violation of any local, state or federal law regarding the use of alcoholic beverages is considered to be a violation of the University of Mount Union Alcohol Policy, regardless of where this violation occurs. Providing alcoholic beverages to persons under the age of 21 is an illegal act and will be addressed seriously by Mount Union. In addition, it is a violation of the Student Code of Conduct for students to allow alcoholic beverages to be consumed at their place of residence by persons under the age of 21.

While the University does not encourage the use of these beverages, alcoholic beverages, as allowed by University policy and state and local laws, are permitted in individual student
rooms and university apartments, in fraternity and sorority houses (as allowed by national and/or local chapter guidelines) and at activities held off campus by students who are 21 years of age or older. The following are specific alcohol regulations.

1. Persons who are 21 years of age or older may possess* and consume alcoholic beverages in the residence halls, university apartments and campus houses according to the following standards:
   a) Students who are 21 or older may possess* or consume alcoholic beverages in the privacy of their individual student rooms or university apartments. Room/apartment doors must be shut when consumption is occurring.
   b) An individual who is of legal drinking age may not consume alcohol in the presence of any one under the age of 21, with the exception of her/his roommate(s)/apartmentmate(s).
   c) No one shall consume or possess* open containers of any alcoholic beverage in any other area of the residence halls, university apartments and campus houses (e.g., lounges, hallways, restrooms, laundry rooms, etc.)
   d) Kegs of beer, taps, beer balls and beer funnels are not permitted in or on University of Mount Union property or on the property of organizations affiliated with the University. These items will be confiscated by University officials if discovered on campus.
   e) Drinking games or contests involving alcoholic beverages may not be played on University of Mount Union property.

2. Persons who are under 21 years of age may not possess* or consume any alcoholic beverage or possess* alcoholic beverage containers, full or empty, anywhere on campus or at any University-related functions. Individuals who are under 21 years of age who are discovered in areas where there are alcoholic beverages present or who are discovered possessing* or consuming alcohol will be subject to disciplinary action. The only exception to this policy is in the instance where a person who is of legal age is consuming in the presence of his or her underage roommate/apartmentmate.

3. Alcoholic beverages are not permitted to be sold on the Mount Union campus.

4. Alcoholic beverages are not permitted to be possessed*, served or consumed in any public place on the Mount Union campus.

5. Possession* or consumption of alcoholic beverages at Mount Union athletic events or in the University athletic facilities is prohibited.

6. Individuals found in locations where violations of the Alcohol Policy are occurring will be asked to dispose of all alcoholic beverages immediately.

7. The manufacture, use or possession of falsified or altered identification will be considered a serious violation of the Student Code of Conduct, particularly when the identification is used to deceive officials as to the age or identity of the bearer.

8. Advertisements and promotional materials posted or distributed on campus may not make any direct or implied reference to or depict in any manner alcoholic beverages, alcoholic beverage company logos or symbols, the consumption of alcoholic beverages, drugs or drug paraphernalia or the use of illicit drugs. Exceptions to this policy may be made for advertisements for educational programs and events; however, these materials must be approved in advance by the associate dean of students or the director of alcohol, drug and wellness education.

9. No campus activity may be co-sponsored by a bar, liquor establishment or other alcoholic beverage manufacturer or distributor.

10. Although the consumption of alcoholic beverages within the aforementioned guidelines is permitted, inappropriate actions and behavior that may accompany drunkenness will not be tolerated or excused and will lead to disciplinary action.
Drug Policy

Since the manufacture, distribution, sale, offer for sale, use, or possession* of illicit drugs or narcotics is an illegal act, which is also extremely hazardous to the well-being of the individual involved and not compatible with good campus citizenship, students involved in the aforementioned behaviors will be subject to disciplinary action up to and including suspension or expulsion from the University.

In addition, the possession* or use of drug abuse instruments or paraphernalia is a violation of the Student Code of Conduct and will result in disciplinary action. Prohibited items include, but are not limited to, bongs, hookahs, water pipes, rolling papers, etc. Drug paraphernalia also may include items that are not in and of themselves against University of Mount Union policies, if said items are used for storing, preparing, consuming or in any other manner contribute to the use or possession of illicit drugs.

* PLEASE NOTE: The presence of drugs or paraphernalia may be interpreted as possession of those articles. Students encountered in locations where drugs or paraphernalia are evident will normally be considered in violation of the Code of Conduct, even if they do not have the prohibited items on their person at the time they are encountered.

Alcohol and Other Drug Procedures for Student Organizations

Student organizations, including fraternities and sororities, must abide by the following guidelines:

1. All state, local, and University laws and policies concerning the use of alcohol and other drugs must be observed. In addition, Greek-letter organizations must abide by Interfraternity and Panhellenic Council rules and regulations, as well as, policies set forth by their national organizations.

2. In order for alcoholic beverages to be allowed at a student organization event, organizations must comply with the Social Event Risk Management Policies. Compliance with these policies must be coordinated with the Office of Student Involvement and Leadership and approval must be given by this office before the event can occur.

3. If an off-campus activity includes the sale of alcoholic beverages, organizations will be required to use a licensed third-party vendor to manage this sale.

4. Promotional materials (including, but not limited to, advertisements in any form, t-shirts, cups or any other item to be displayed, given away or sold before, during or after an event) shall not make any direct or implied reference to or depict in any manner alcoholic beverages, alcoholic beverage company logos or symbols, the consumption of alcoholic beverages, drugs or drug paraphernalia, or the use of illicit drugs.

5. No activity may be co-sponsored by a bar, liquor establishment, or other alcoholic beverage manufacturer or distributor. Advertisement for such establishments, manufacturers or distributors may not occur at any activity.

6. No student organization shall allow alcoholic beverages or drugs to be present at its membership recruitment activities or initiation activities.
7. The officers of the student organization sponsoring the activity are responsible for enforcing the above guidelines and for the behavior of the guests at their events.
8. Drinking games or contests involving alcoholic beverages may not be played at any event sponsored by a University of Mount Union student organization.

**Alcohol or Drug Policy Sanctions**
1. An individual involved in a violation of alcohol or drug related policies will be referred for disciplinary action, and may receive any of the sanctions outlined in the student disciplinary process.
2. If a recognized student organization violates the alcohol or drug policies, the group will be referred for disciplinary action. The following minimum sanctions will apply:
   a) A two hundred dollar fine and a period of probation for a first offense. Possible conditions of this probation include, but are not limited to, restrictions on activities such as recruitment, sponsoring social activities, or participation in campus events.
   b) Subsequent offenses may result in suspension of the group from campus.
   c) Other penalties may be assessed depending upon the nature of the violation.

**Parental* Notification Policy**
The Family Educational Right to Privacy Act (FERPA), administered by the U.S. Department of Education, states that it is permissible for University of Mount Union to notify the parents of underage students (below 21) when those students are found responsible for alcohol and other drug related offenses. Mount Union endorses the concept that the student, parents and the University are in a partnership in which each partner has the responsibility to promote a healthy and productive educational experience for the student.
The University imposes disciplinary policies and procedures in order to provide a positive learning experience for the student, protect the campus community, and maintain an environment conducive to learning. Students who have violated University alcohol and/or drug policies can benefit from candid discussion with their parents concerning the specifics of their disciplinary violations and how their use of alcohol and/or drugs can detract from their educational goals.
In support of this philosophy, parents and/or guardians of underage students may be notified when the student is found responsible for an alcohol or other drug related offense and a sanction of disciplinary probation or a more severe disciplinary sanction is imposed.
* “Parent” as used in this policy also includes legal guardian.

**State and Federal Laws Pertaining to Alcohol and Other Drugs**
Ohio law prohibits the purchase, consumption or possession of alcoholic beverages by persons under 21 years of age, with a fine up to $1,000 and/or six months imprisonment for the first offense. Possession or display of a fictitious operator’s license is a first degree misdemeanor. The offense includes mere possession of a fictitious license or display of someone else’s valid operator’s license. The maximum penalty for this offense is six months imprisonment and/or a $1,000 fine. If the fictitious operator’s license is used to purchase alcohol or enter an establishment that serves alcohol the minimum fine is $250.

A person who furnishes alcohol to an underage person is guilty of a first degree misdemeanor. The maximum penalty associated with this offense is six months imprisonment and/
or a $1,000 fine. Therefore, a social host risks being fined and imprisoned. It is a minor misdemeanor to possess an open alcoholic container in public. A first conviction for driving under the influence of alcohol or drugs has a penalty of up to $1,075 fine, forfeiture of driving privileges for six months and mandatory three days in jail and/or Driving Intervention Program.

Criminal penalties in Ohio for the illicit use of controlled substances (“drugs”) vary with the type of drug and quantity. For example, possession of less than 100 grams of marijuana is a minor misdemeanor, possessing more than 201 grams is a felony. Possessing cocaine even in small amounts such as 5 gram is a felony.

Possession of drugs is illegal without valid authorization (i.e. a valid doctor’s prescription). While penalties for possession are generally not as great as for manufacture and distribution of drugs, possession of a relatively large quantity may be considered distribution. Penalties for conviction of the sale or attempted distribution of drugs vary according to the amount and type of controlled substance in possession. Penalties can range between second degree misdemeanors and first degree felony. For more information see Ohio Revised Code 2929.13. Under both state and federal laws, penalties for possession, manufacture and distribution are much greater for second and subsequent convictions. Many of these laws dictates mandatory prison terms and require that the full minimum term be served.

Sale and possession of drug paraphernalia is illegal in Ohio. Drug paraphernalia can be classified as any equipment, product or material of any kind that is designed, intended or used for producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling or otherwise introducing into the human body, a controlled substance in violation of Ohio drug law.

The exact legal wording can be found in the Ohio Revised Code, Sections 4301.63.2, 4301.63.3, 4301.63.4, 4301.69: http://codes.ohio.gov/orc/4301

A student who is convicted of any offense under any Federal or State law involving the possession or sale of a controlled substance for conduct that occurred during a period of enrollment for which the student was receiving any federal grant, loan, or work assistance shall not be eligible to receive and federal grant loan or work assistance from the date of that conviction for the period of time specified in the following table:

If convicted of an offense involving the possession of a controlled substance the ineligibility period is:

First offense - 1 year
Second offense - 2 years
Third offense - Indefinite.

If convicted of an offense involving the sale of a controlled substance the ineligibility period is:

First offense - 2 years
Second offense - Indefinite.

A student whose eligibility has been suspended may resume eligibility before the end of the ineligibility period if:

A. The student satisfactorily completes a drug rehabilitation program that complies with criteria set by federal regulations and includes two unannounced drug tests.

OR

B. The student successfully passes two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria set by federal regulations.

OR

C. The conviction is reversed, set aside, or otherwise rendered nugatory.
Health Risks Associated with Alcohol and Other Drug Use/Abuse

**Alcohol**
Alcohol consumption causes a number of changes in behavior and physiology. Even low doses significantly impair judgment, coordination and abstract mental functioning. Statistics show that alcohol use is involved in a majority of violent behaviors on college campuses, including acquaintance rape, vandalism, fights and incidents of drinking and driving. Continued abuse may lead to dependency, which often causes permanent damage to vital organs and deterioration of a healthy lifestyle.

**Cannabis (Marijuana, Hashish)**
The use of marijuana may impair or reduce short-term memory and comprehension, alter sense of time and reduce coordination and energy level. Users often have a lowered immune system and an increased risk of lung cancer.

**Hallucinogens**
Lysergic acid (LSD), mescaline and psilocybin (mushrooms) cause hallucinations. The user may experience panic, confusion, suspicion, anxiety and loss of control. Delayed effects and flashbacks, can occur even when use has ceased. Phencyclidine (PCP) affects the section of the brain that controls the intellect and keeps instincts in check. Because the drug blocks pain receptors, violent PCP episodes may result in self-inflicted injuries.

**Cocaine/Crack**
Cocaine users often have a stuffy, runny nose and may have a perforated nasal septum. The immediate effects of cocaine use include dilated pupils and elevated blood pressure, heart rate, respiratory rate and body temperature, followed by depression. Crack, or freebase rock cocaine, is extremely addictive and can cause delirium, hallucinations, blurred vision, severe chest pains, muscle spasms, convulsions and even death.

**Amphetamines**
Speed, methamphetamine and some diet pills can cause a rapid or irregular heartbeat, tremors and loss of coordination, reduced appetite, irritability, panic and paranoia. Heavy users are prone to violence and psychotic behavior.

**Opiates**
Codeine, heroin, morphine and other opioids cause the body to have diminished pain reactions, drowsiness, respiratory depression and arrest, nausea, confusion, constipation and possibly coma or death.

**MDMA (Ecstasy)**
Short term use of MDMA can cause loss of inhibition, confusion, hallucinations, muscle tension, increased heart rate, increased blood pressure, increased body temperature, dehydration, involuntary teeth clenching, nausea, blurred vision, rapid eye movement, faintness, chills and sweating, impaired memory and learning. Long-term use of MDMA can lead to depression, sleep problems, liver and kidney damage, drug cravings, severe anxiety, paranoia, permanently impaired memory and ability to learn.

**Anabolic Steroids**
Steroid users often experience hypertension, cholesterol changes, liver cysts and cancer, kidney cancer, hostility and aggression, acne, premature stoppage of growth and reproductive side effects for both sexes.

Tobacco Policy
Members of the University community are expected to be discrete and courteous whenever smoking or using other tobacco products. All campus buildings, including residence halls, are tobacco-free. In addition, in compliance with the Smoke Free Workplace Act, smoking is prohibited in all areas which would be considered entrances or exit points to the buildings and/or other areas in which tobacco smoke could easily carry into the buildings. To accommodate the adherence to these restrictions, smoking is only permitted in designated smoking areas. A map of designated smoking areas is available from the Office of Human Resources, located in Beeghly Hall.

Confiscation Policy
If prohibited items are found in a student’s possession on campus, these items will be confiscated by a University staff member. A list of items prohibited in the residence halls can be found in the section of Residence Hall Regulations entitled “Responsibility for Personal and University Property.” In addition to having the item(s) confiscated, students in possession of prohibited items will usually be charged with violating the Student Code of Conduct.
Items confiscated from students will be returned as follows:

- **Alcoholic beverages, containers and paraphernalia (kegs, taps, beer balls, beer funnels or bongs)** – Unless these items are necessary for the disciplinary process, they will be disposed of immediately. If they are retained pending a disciplinary hearing, they will be disposed of when the hearing process has been completed. These items will not be returned to the student.

- **Drugs, drug paraphernalia and items addressed in the Dangerous Weapons or Materials portion of the Student Code of Conduct** – These items will typically be turned over to the Alliance Police Department. Exceptions to this policy will be made only after consultation with the Alliance Police Department and upon completion of the disciplinary hearing process.

- **Pets** – Pets will be removed and turned over to the Stark County Humane Society or other appropriate animal rescue organization if an alternate home is not available within 24 hours.

- **Other prohibited items (appliances, candles, etc.)** – These items will be stored in a secured location. At the end of each semester, residents may make arrangements at the Office of Residence Life to retrieve confiscated items. Students will have two weeks after the end of the spring semester to claim their items. After that time, the University will dispose of all remaining confiscated items.

### Fire Safety Regulations

Students are expected to use good judgment at all times to prevent fires. Tampering with fire equipment or ringing the fire alarm, except in case of fire, violates state laws and University regulations and could result in suspension from the University. Presence on any fire escape is prohibited, unless it is being used to exit the building in the case of a fire. Fire doors in all campus facilities must be closed at all times.

Fire drills are held periodically in all living units. All inhabitants are required by law and University policy to exit the building if a fire alarm is sounding. Failure to do so could result in serious sanctions. Students are expected to follow the posted procedures for the evacuation of the particular area. When a fire alarm rings, students should:

- Close all windows.
- Wear coat and shoes.
- Close the door to their room.
- Leave via the closest exit as quickly as possible.
- Assemble away from the building.
- Adhere to directions given by hall staff, administrators and fire personnel.
- Wait for signal to return to the building.

### Weapons Policy

Ohio law and Mount Union policy prohibit the possession, use or storage of weapons or dangerous materials of any type or description anywhere on Mount Union property. This includes, but is not limited to, firearms, compressed-air guns, pellet guns of any nature, paintball guns, BB guns, illegal knives, swords, brass knuckles and other fighting apparatus, explosive devices, fireworks, ammunition for any prohibited weapon, or any dangerous “ordnance” as defined by Ohio law. In addition, flammable liquids or gases, such as gasoline, kerosene, propane, lighter fluid, etc. may not be used or stored in any residential facility or by students in any other campus building except as approved by appropriate University officials. While state legislation (H.B. 12, effective April 8, 2004) authorizes county sheriffs to issue licenses to carry concealed handguns, these firearms are still prohibited on University property.
Campus Lakes
The campus lakes are for campus beautification only. No one is permitted to be in or on the lake. Boating, swimming, ice skating and all other activities taking place in or on the campus lakes are strictly prohibited.

Residence Hall Regulations
To accomplish the goal of creating a residential environment that is supportive of the educational purposes of our students, certain residence hall policies and procedures have been established. All students at University of Mount Union (both residential and non-residential), as well as all visitors, are expected to abide by the policies of the University. These policies and procedures have been designed to stress the importance of respecting the rights of all members of the campus community, as well as showing regard for University property and the property of others. Thus, the following residence life regulations have been implemented to ensure a residential community in which students feel safe and secure; one in which they can excel academically; and one that promotes social interaction and responsibility.

While this document is thorough, it is general in nature and is not an exhaustive list of all specific behaviors for which students will be held accountable. Students should observe signage in the halls, attend floor/hall meetings, read written materials that are distributed to them and become familiar with all parts of the Student Handbook in order to ensure that they are aware of the expectations placed upon them by the University and the Office of Residence Life.

Students who are alleged to have violated residence hall policies may be referred through the disciplinary process.

Responsibility for Guests
Residents will be held responsible for the behavior of their guests and any other person in their residence hall rooms or apartments and may be charged with violating Mount Union policies and regulations in lieu of or in addition to the guest or visitor.

Residence Hall Hours and Guest Policy
For the safety and protection of residents, all residential facilities are locked 24 hours a day. The exception is Bica-Ross Hall, where the front doors are programmed Monday through Friday from 7:30 a.m. to 4 p.m. to allow those students scheduled for a class in Bica-Ross Hall to be able to use their PurplePlus cards to access the classrooms located in that building. The formal lounges of all living units are always open to guests or residents for studying and conversation. The resident host shall be responsible for the guest and all visitation must be in the lounge area when visitation hours are in effect. (See visitation policy for more specific information.) Additionally, guests may not be left unattended.

Students may host overnight guests of the same gender with the mutual consent of their roommate(s). Guests may not stay for a period longer than three consecutive nights. The guest must observe all campus and residence life policies. The host must escort guests at all times. Guests are not permitted in the residence halls or houses during any designated vacation or break period. Overnight guests are not permitted once the final exam period has begun at the end of each semester. At no time will more than two guests per resident be permitted to stay overnight in a student room.
Visitation Policy

The Visitation Policy in the residence halls and houses is as follows:

1. In all traditional-style halls, campus houses and suite-style halls, students may (with the mutual consent of their roommate) entertain guests of the opposite gender in their rooms Sunday through Thursday from 11 a.m. to 11 p.m. and will have extended visitation hours on the weekends, with 24 hour visitation starting 11 a.m. Friday until 11 p.m. on Sunday. However, guests are not permitted over designated vacation or break periods and, additionally, overnight guests are not permitted during final exam weeks; 24-hour visitation privileges will expire on the last day of class prior to exams.

2. Each visitor must call the host and the host must meet the visitor at the hall entrance and escort the visitor to her/his room. When the visitor leaves the room, she/he shall be escorted out of the residence hall/house. Visitors are to be escorted at all times to ensure privacy, courtesy and security to others in the living unit.

3. During non-visitation hours, halls with more than one lounge may designate the inner lounge as off limits to visitors of the opposite gender.

4. Restroom facilities are provided near the main lounge of each residence hall. Those students visiting friends of the opposite gender should use only these facilities.

5. Consideration for roommates and neighbors is essential. The privilege of having a guest in one’s room, therefore, is dependent upon the mutual agreement of one’s roommate. Additionally, the host is responsible for the behavior of her/his guest at all times. If guests violate University policy or are discourteous or loud residence life staff members may request that they leave the building and the host may face disciplinary action.

Responsibility to Respect the Rights of Others

It is of the utmost importance that students consider the rights of others when making decisions regarding their behavior. So often, one individual’s behavior has negative ramifications upon those around her/him. The following policies emphasize this responsibility.

Noise/Quiet Hours

An atmosphere conducive to study and sleep is necessary in the residential facilities. Established quiet hours are from 11 p.m. until 11 a.m. every day of the week. During reading and final exams period, 24-hour quiet hours will be strictly enforced in and around all of the campus living units. Excessive noise should not be made within 50 feet of any residential building. During quiet hours, noise must not be audible beyond the limits of an individual room/apartment. In addition, residents should not direct the sound from amplification equipment so that it can be heard on the interior or immediate exterior of another building (i.e., speakers may not be placed in or facing windows), nor should residents shout or otherwise create a disturbance from any window. Students should not engage in any sports activity in the residential facilities. This includes the use of water guns and water balloons.

Residents should be aware that sound carries easily through the buildings. Voices, stereos, televisions and bouncing balls can often be heard in other rooms on the floor and the floors above and below. While a resident has the right to listen to music of their choice, other residents have a right to sleep, study or listen to their choice of music without disturbance at any time. Therefore, while established quiet hours do exist, students and/or staff maintain the right to voice a noise complaint at any time, not just during official quiet hours.
Responsibility for Residence Hall/House Security

The security of the residential facilities and the safety of the students who live in them are largely dependent upon the behavior of each resident. The following policies are designed to increase the safety and security of the living units. However, each resident also is asked to use common sense when considering the risks her/his behavior may present to the safety of others.

1. Students may not set any fire within or near a Mount Union residential facility. Cooking indoors with charcoal or any open flame device also is prohibited. Outdoor grills (charcoal only) are permitted only at the Hartshorn, West State Street, and Union Avenue townhouses. Charcoal may not however be stored within any residential facility, including the townhouses. Lighter fluid may not be used or stored in or around any residential facility.

2. Students may not use or possess any prohibited electrical appliances within residential facilities. A list of prohibited appliances can be found in the section of these regulations titled “Responsibility for Personal and University Property.”

3. Students may not possess or burn candles (wickless, decorative or otherwise) nor incense, oil burners, potpourri cookers or candle warmers in residential facilities. In addition, students may not possess or use any type of fog or smoke machine in any residential facility.

4. University keys may not be loaned, duplicated or possessed by anyone other than the student to whom they were issued. Students must return all keys within 24 hours of vacating a room.

5. Students may not lend or alter any Mount Union identification card or use another person’s identification card to enter any university facility or the Mount Union dining facility.

6. Solicitation within campus residence facilities is strictly prohibited. Residence life staff and/or campus security should be notified immediately in the event that anyone is attempting to solicit students door-to-door. Such individuals operating in the residential buildings are considered to be trespassers and may be subject to arrest and prosecution. Students and student organizations wishing to conduct any type of door-to-door activity must first request and be granted permission by the Office of Residence Life.

Responsibility for Fire Safety

1. Students may not set any fire within or near a Mount Union residential facility. Cooking indoors with charcoal or any open flame device also is prohibited. Outdoor grills (charcoal only) are permitted only at the Hartshorn, West State Street, and Union Avenue townhouses. Charcoal may not however be stored within any residential facility, including the townhouses. Lighter fluid may not be used or stored in or around any residential facility.

2. Students may not use or possess any prohibited electrical appliances within residential facilities. A list of prohibited appliances can be found in the section of these regulations titled “Responsibility for Personal and University Property.”

3. Students may not possess or burn candles (wickless, decorative or otherwise) nor incense, oil burners, potpourri cookers or candle warmers in residential facilities. In addition, students may not possess or use any type of fog or smoke machine in any residential facility.

4. Electrical wires should not be run beneath any rug or carpet.

5. University-owned room draperies may not be replaced with anything other than fire-retardant materials. Students may not hang or drape any materials from the ceiling or furnishings in a room.
6. Fire doors and exits may not be blocked or propped open. Presence on any fire escape is prohibited, unless it is being used to exit the building in the case of a fire alarm. Students should never be on the roof or ledge of any building.

7. Students may not leave personal possessions in the hallways at any time. All bicycles must be kept either outside the buildings (on appropriate racks) or in individual student rooms. They cannot be kept in the entryway, stairwell or any other public area in the residential buildings.

8. A student may not pull any fire alarm when no fire is present or falsely report any fire or emergency. Tampering with fire equipment; disconnecting, sounding or otherwise tampering with smoke detectors; and carrying or removing fire extinguishers from their mounts or storage boxes, except in case of fire, are serious violations and may result in legal as well as disciplinary action. False fire alarms may result in a significant charge to the building community as the Alliance Fire Department retains the right to bill the University for any unnecessary calls to which they respond.

9. Tampering with any localized fire alarm or alarm covers also is prohibited. Additionally, this may result in the imposition of a fine for the floor or building community if the person responsible is not determined. This fine is set at $100.

10. Students must evacuate the building quickly and in an orderly manner when a fire alarm has sounded and are not permitted to reenter until authorized to do so by residence life staff, campus security or the Alliance Fire Department.

Responsibility for Personal and University Property

Students are permitted and in fact encouraged to decorate their rooms to reflect their personal taste and make their room feel like a home away from home. However, students are held accountable for any permanent damage that may result from personalizing their rooms. The following guidelines should be taken into account.

1. Students may not remove any University-owned furnishings from their rooms/apartments, nor may they detach any furnishings that are attached to the walls (dressers, desks, mirrors, etc.). Students may not remove University furnishings from the lobby, lounges or any other public areas in the residential facility. Students found to have any lounge or public area furnishings in their rooms/apartments will be referred for disciplinary action.

2. Misuse of tape, decals, nails, etc. on walls, ceilings, doors and floors that requires repainting of the room or labor and materials to correct may result in a damage assessment. (Double-sided foam mounting tape is not recommended.)

3. Students are not permitted to paint or structurally alter their room/apartment in any way.

4. Students are asked to use discretion in decorating with flammable materials. Paper products and certain fabrics create a fire hazard when used in excess. Decorative hangings and draperies placed over doors or entryways are prohibited by fire codes. For reasons of safety, the following items have also been prohibited: live Christmas trees, pine roping or garland and any flammable decorations made of cotton batting, straw, vines, leaves, shrubbery or foam plastic.

5. Candles (wickless, decorative or otherwise), incense, oil burners, candle warmers and potpourri cookers are prohibited in the residential facilities.

6. Appliances approved for use in the residence halls and houses include: small refrigerators (not more than 4.5 cubic feet and/or 34 inches high), small microwaves, hot-air popcorn poppers and coffee or ice tea makers. Due to concerns for fire safety, the possession and/or use of the following appliances is prohibited: sun lamps,
space heaters, toaster ovens, toasters, hot plates, hot pots, electric frying pans or woks, oil-based popcorn poppers, bread makers, electric or outdoor grills and any other appliance with an open heating element. In addition, due to consumer safety warnings, halogen lamps have also been prohibited. A complete listing of items permitted in the apartments is available from the Office of Residence Life.

7. Students who intend to operate a large number of electrical appliances, i.e., stereo, microwave, computer, television, clock/radio, hair dryer, etc. will be required to have a multiple outlet surge protector. In case of overload, this center will automatically shut off, eliminating electrical shorts and the possibility of fires. These surge protectors must be grounded and UL listed.

8. Students may not tamper with any electrical wiring in the residential facilities, including the campus network (cable, telephone and computer hook-ups) as well as smoke/ fire detection systems.

9. Students may not install ceiling fans or window air conditioning units in their living units nor may they utilize free-standing air conditioners in their rooms. Air cleaners, however, are permitted.

10. Window screens may not be unfastened or removed from windows. Residents will be liable for charges to replace window screens that are unfastened or removed.

11. Waterbeds are not permitted in residential facilities.

12. Pets, with the exception of fish, are not allowed in campus housing. If found, pets may be removed and turned over to the Stark County Humane Society or other appropriate animal rescue organization if an alternate home is not available within 24 hours.

13. Students may not deface, steal, harbor or damage any property (including signs) belonging to the University, any member of the campus community or commercial vendor (such as vending or laundry machines, public telephones, etc.)

14. All residential facilities have beds that are both bunkable and loftable. Therefore, students are not permitted to build or bring in lofts to any of the residence halls or houses.

15. Students are expected to keep their rooms clean and orderly at all times. Clothing, blankets, towels or other articles (including empty alcoholic beverage containers, beer signs, etc.) are not to be hung or displayed in windows of residential facilities.

16. Students should not drop, throw or hang any object from windows of residential facilities.

17. The residence hall and/or physical plant staff may conduct periodic room inspections for health and safety violations. A minimum of 24-hours’ notice will be given in advance of the inspection by the staff. However, the University reserves the right to enter any student room/apartment at any time if deemed necessary. The residence life staff will conduct room inspections at the beginning of winter break to ensure that proper winter break closing procedures have been followed.

**Responsibility for Personal Behavior**

1. Possession or consumption of alcoholic beverages except under circumstances authorized by the Mount Union Alcohol Policy is prohibited in campus housing.

2. The manufacture, distribution, sale, offer for sale, use or possession of any illegal drug or narcotic, in addition to the possession or use of drug abuse instruments or paraphernalia, is prohibited.

3. All residential facilities are tobacco-free. The use of any tobacco products (smoke or smokeless) is prohibited in the residence halls, villages and campus houses.
4. Students may not keep weapons or dangerous materials of any type or description, including, but not limited to, firearms, compressed-air guns, pellet guns of any nature, paintball guns, BB guns, illegal knives, swords, brass knuckles and other fighting apparatus, explosive devices, fireworks, ammunition or any other dangerous materials as defined by Ohio law.

5. A student may not harass, haze, verbally abuse, physically assault or cause harm to any resident, guest or staff member in the University residential facilities.

6. Failure to comply with the directions of residence life staff and/or security officers acting in the performance of their duties or to identify one's self to these persons when requested to do so is a serious violation. Students who refuse to present identification or who provide false identification or information when requested by a residence life staff member or security personnel will be referred for disciplinary action.

7. There are times that may necessitate the dissemination of information to all residents of a floor, building or campus house. On those occasions, floor/building/house meetings may be designated as mandatory. Failure to attend meetings designated as mandatory may result in a $25 fine, which will be billed to the student’s account. Students with scheduling conflicts must make arrangements to meet with appropriate staff members prior to the scheduled meeting. Failure to attend a mandatory meeting may also result in disciplinary charges.

Residence Hall Policies and Procedures

Room Assignment and Change Policies

All full-time students, prior to their junior year, are required to live on campus unless a University of Mount Union Petition for Off-Campus Residency Prior to Junior Year is submitted to and approved by the Office of Residence Life. Exceptions will be made for the following reasons:

1. Live with parent/guardian: Students who are living exclusively in the permanent, primary residence of parent(s)/guardian(s) within 45 driving miles of Mount Union.

2. Lived on campus for four semesters but lack the requisite 58 hours for junior standing

3. Married, divorced, widowed or custodial parent (documentation required)

4. Will be 22 years of age or older, prior to September 1 for that academic year

5. Possession of a baccalaureate degree from an accredited four-year college or university (documentation required)

6. Served and honorably discharged from the Armed Forces (documentation required)

7. Medical or financial hardship

Permission to live off campus is only valid as long as the reason for the exemption exists. The University reserves the right to revoke permission granted for off-campus residency when the University deems it necessary or appropriate. The student’s local address and phone number must be maintained through the Office of Residence Life in order for off-campus approval to remain valid. Any student who does not provide an accurate address and phone number by July 1 may be charged for room.

Any student supplying false information on an petition for off-campus residency or failing to immediately notify the Office of Residence Life upon a change in exemption status, with intent to deceive, will be charged for the semester’s or year’s room and be subject
to disciplinary action. In addition, no refunds for room will be issued after the student has checked into the residence hall. Students are reminded that they are responsible for the rules, regulations and policies of Mount Union whether living on or off campus.

Any petitions submitted for medical reasons must be approved through the Office of Student Accessibility Services, Office of Health Services and/or Office of Counseling Services. The appropriate verification from one of these offices should be attached with the petition form.

In addition, all students living in campus housing (with the exception of the apartment-style housing) are required to be on a campus meal plan. New students are required to stay on a full meal plan, which includes unlimited meals per week, the entire first year. After the first year, students will be able to select an alternative meal plan which provides fewer meals but includes flex dollars which are available to use in any campus dining facility.

The Office of Residence Life assigns new students to rooms. Each new student submits a housing form indicating their personal interests, living habits and hall preference. Mutual roommate preference requests are honored whenever possible. An attempt is made to assign students to a roommate who has similar living habits and common interests. The assignment of roommates is a very difficult task and the success of the pairings varies. Consideration for others and the ability to adjust to new situations are two important requirements for a successful room situation. These qualities are difficult to determine from housing forms, but patience, effort and understanding usually resolve any initial difficulties after students live together for a short time. Room and roommate assignments are completed without regard to race, religion, creed, national origin, sexual orientation or disability.

Returning students select their own roommates and rooms during spring semester for the coming academic year. This process is referred to as “room lottery.” Once a student signs up for a room for the next academic year, they have until April 1 in apartments and June 1 in halls and houses to cancel their housing contract for the fall semester. Students canceling their housing contract for the spring semester must do so by December 1. After those dates, students who cancel their housing will be assessed a $150 late cancellation fee.

**Overbooking and Temporary Room Assignments**

Every semester a number of students assigned to rooms in the residence facilities do not report to their campus housing assignments. In anticipation of a certain number of these “no shows” and attrition, and in order to accommodate as many students as possible, it is the University’s practice to assign some students to temporary living spaces when necessary. There can be no guarantee as to specifically when during the academic year a permanent space will be identified for each student assigned to an overbooked space. Students temporarily assigned to overbooked rooms or lounges are required to relocate to a permanent space when one becomes available.

**Administrative Room Reassignments or Removals**

The University reserves the right to make changes in room and residence hall/house assignments whenever it deems necessary. This includes consolidating persons in rooms where the occupancy is less than the designated capacity and closing campus houses if enrollment decreases to an extent where such a move would be in the best interest of the University. In addition, an administrative move or removal may occur when there is strong evidence to suggest that a student has been or may be a danger to her/himself, to other residents or to the facility. Appeals to an administrative move may be made in writing to the vice president for student affairs and dean of students.
Room Change Policy and Procedures
Once a student has been assigned to a room, the student may not move to another room in any residence hall or house without first meeting with their resident director, completing a room change request form and receiving approval from the Office of Residence Life. These forms may be picked up and returned to the Office of Residence Life. There is a "room freeze" during the first two weeks of each semester during which room changes are not permitted. Room change forms require the signatures of both current and prospective roommates, as well as residence hall staff in the building in which the person making the request currently resides and the building to which the student intends to move.

All changes must be properly approved by the office prior to any move taking place. Once a move has been approved, the student will have three days (72 hours) to move into their new room and return the key to their old room to the Key Room in Physical Plant. Failure to do so will result in the student being assessed a charge of $50 to cover the cost of changing the locks on the student’s former room. Any student making an unauthorized move at any time during the semester will be required to move back to their original room assignment and face disciplinary action.

The University reserves the right to reassign individuals to different rooms at any time (including emergencies or temporary assignments pending disciplinary action) if such reassignment is deemed necessary.

Room Consolidation Policy
A student living alone in a standard double room may be offered the opportunity to buy out that room as a “super single.” If that opportunity is either not made available (due to space constraints) or that student does not want to pay the additional price for a single room, they may either be moved into a double room with another student who does not want to pay the additional cost or may have another student moved in with them.

Check-In, Check-Out and Room Condition Report Procedures
Upon checking into a room, all occupants of the room must review and sign a Room Condition Report (RCR) for their room verifying that the information on the RCR regarding the condition of their room and its furnishings at the time of check-in is accurate. The Room Condition Report is a very important document for both the student and the Office of Residence Life. It is a record of the inventory and condition of the room. It is each resident’s responsibility to make sure their RCR is accurate at the time they check-in. If pre-existing damages are not noted on the RCR at check-in, the occupant will not be able to dispute the charges for that damage at the end of the year. After any discrepancies are noted and the RCR is signed by both the occupant and a residence life staff member, it will be kept on file in the hall until check-out.

Should a student complete a room change or move out of the residence halls at any point during the academic year, it is her/his responsibility to have the room inspected by a staff member, using the same RCR completed during check-in. All residents are required to participate in this procedure during check-out at the end of the academic year. After checking the condition of the room against the RCR, any changes in condition are noted on the form. Both the resident and the residence life staff member sign the form, and the student is given a copy of the RCR and the original is turned in to the Office of Residence Life.
If an individual fails to complete a proper check-out with a residence life staff member, she/he will be assessed a $25 improper check-out fee and may forfeit her/his right to appeal assessed damage charges. Failure to return any house or hall keys at the time of checkout will result in a minimum $50 per key charge. Entrance keys to campus houses and apartments will be assessed at a higher rate.

Upon checking out of a room, the occupants of the room should leave the room in the same good order and condition as when they checked in, reasonable wear and tear excepted. If it is determined that a room has been damaged beyond normal wear, the resident(s) of that room will be billed for the damage. Final inspections of the rooms, as well as all common areas in the halls and houses, will be conducted by the professional hall staff and members of the physical plant staff after all of the residents have checked out at the end of spring semester.

Residents will be charged whenever their use of tape, adhesive holders, nails, thumb tacks, decals, glow-in-the-dark solutions, etc. causes damage to walls, ceilings, floors, windows and other surfaces in student rooms and common areas. In addition, if a room is not returned to its original clean condition, an excessive cleaning fee of no less than $25 will be assessed. In suite-style residence halls, students may be charged an additional $25 for excessive cleaning required in the connecting bathroom.

Removal of furniture, lofts, carpets or any other large items from a student room or hallway will also result in a $25 per item removal fee. If students have questions about where to dispose of these items, they should inquire of the resident director. Dumpsters are available in a variety of campus locations at the end of the year.

Students are required to leave the residence halls and houses within 24 hours after their last final exam is completed in both the fall and spring semesters. Students wishing to remain in their halls or houses beyond that 24-hour time period must obtain written permission from the Office of Residence Life by the deadline indicated in the Hall Closing Memo that is sent to each resident prior to the end of the semester. Substantial reason must be given for an extension to be granted. All students must leave the hall by the announced closing time, even if 24 hours have not passed since their last final. Students who do not leave by the announced hall closing time will be billed an improper checkout fee of $25 and may be billed at the weekly summer housing rate if stay exceeds two days.

Residence halls and houses do not officially close during fall break, Thanksgiving break or spring break; however, there is no food service available during those periods. Halls and houses are closed over winter break. Notification of hall closing dates and times, as well as when the halls will reopen, will be communicated to all residents in the Hall Closing Memo that will be distributed to all students at least one week prior to the start of final exams.

Only residents granted permission by the Office of Residence Life will be permitted to remain in campus housing during winter break. Students who are given permission will be required to sign a winter break housing contract and may be required to pay for winter break housing.

**Damage Assessment Policy**

Residents will be billed for damages, lost or stolen University property or unnecessary service or maintenance costs caused by residents and/or their guests within the residence halls or campus houses. The University retains the right to determine whether repair or replacement of the damaged item is necessary, the amount of the damage charge and the amount of the disciplinary fine, if any. Failure to pay assessed fees may result in a hold on the student’s registration, graduation or issuance of a transcript. The Mount Union Physical Plant or a designated contractor will make all repairs. Students should not attempt to
repair broken items as those attempts often result in further damage. Students will have 30 days from notification of damage charges in which to appeal those charges. Appeals must be made in writing to the director of residence life and can be submitted via e-mail to reslife@mountunion.edu.

**Individual Damage Charges**
The method outlined above under checkout procedures will be utilized in assessing individual room damages. Rooms will be checked by professional residence life and physical plant staff after students have checked out. Therefore, damage charges may be assessed that were not noted by the student staff member on the room condition report at the time of check-out. In cases where two or more students occupy the same room and the residents of the room do not report the name of the person responsible for the damage, the charges will be divided and assessed equally between the residents of the room. Students may also be assessed individual damage charges in situations where their actions or involvement were determined by the University to be the cause of property damage or necessary cleaning elsewhere on campus.

**Common Area Damage Charges**
Residents of a floor, residence hall or campus house may be required to share the expense of repair or replacement of any property in areas commonly used by residents and their guests, if the individual(s) responsible for the damage cannot be determined. The common areas include all public areas, such as hallways, restrooms, lounges, stairwells, etc. in a specific building. Charges for damages and/or cleaning will be assessed against residents at the conclusion of the academic year. Determination of the amount of such loss or damage will be made at the sole discretion of the University. Students are responsible for damages done to common areas even if they are not present at the time of the damage.

**Personal Property**
Mount Union assumes no financial responsibility for the loss of personal property by theft, fire, flooding or other causes. Students should check their parents’ homeowners’ or tenants’ insurance policy to ensure adequate coverage of their personal belongings. Keeping track of the room key and securing the room door are two of the easiest ways to safeguard property.

**Lost Keys and Lockouts**
Lost keys should be reported to the Office of Residence Life as soon as possible and arrangements will be made to issue a temporary key or have the lock changed on the student’s room door depending on the situation. A student may get a temporary key from the Physical Plant Key Room. They have three days (or 72 hours) to find their lost keys. If the key(s) is not found in those three days the lock will be re-cored and the student will be charged a $50 re-core charge. This charge will not be removed if the student finds the key after the three days or the re-core has already been completed. Students will be assessed a minimum of $50 for changing the lock and for the issue of new keys. Entrance keys to campus houses and apartments will be assessed at a higher rate.

Lost ID cards should be replaced as soon as possible at the Office of Campus Card and Facilities Scheduling. The charge to replace a lost ID card is $20. There is a variable fee for broken/damaged cards. Replacement for the first broken/damaged card is $5.00, the
second card is $10.00, and the third card is $15.00. Replacement of broken/damaged cards requires that the recognizable pieces be presented to the Office of Campus Card and Facilities Scheduling. If the pieces are not recognizable, a $20 fee will be charged for the replacement. In order to protect personal funds and maintain hall security, students should deactivate their cards online at www.mountunion.edu/manage-your-card in the event the Office of Campus Card and Facilities Scheduling is closed when the ID card is discovered to be missing.

If a student is locked out of her/his room (but has not lost her/his keys), she/he will need to contact Campus Security to be keyed into their rooms. Fees will be assessed for repeated lockouts during an academic year. The first time security has to let a student in a room will be free, the second and third time will cost $2 and additional key-ins will cost $5 each. Please note that this is a privilege that is not to be abused in order to avoid paying for a new room key. The offending student may be charged $25 if she/he cannot produce her/his key upon request.

**Lofting Policy**

Students have the option of choosing to leave their beds on the floor, to bunk their beds (in doubles) or to loft their beds at the standard lofting height. There may be other lofting heights available with the different types of beds provided; however, Mount Union will not honor lofting requests for these intermediate heights. Mount Union will not be responsible for injury to persons or property with the use of either standard or non-standard lofting heights.

Ladders are provided in each room for use with bunked beds or a standard loft. These ladders are not designed for safe use at intermediate heights. If these heights are used, the end of the bed will serve as the ladder. Ladders must remain in the room whether utilized or not.

It is the goal of Mount Union to complete room set-up requests on-campus before the arrival of students in the fall semester. All beds will be in the lofted position upon arrival to campus unless otherwise requested by the residents of the room. Requests can be made by submitting an on-line form at http://portal.mountunion.edu/Forms/Students/Students/BedConfiguration.aspx

Requests made after August 15 will be honored as time permits. Students who choose to use a lofting structure (bunked beds or lofts) in their residence hall/house rooms must follow Mount Union Lofting Policy.

**General Lofting Guidelines**

- Furnishings provided in each room must remain in the room. No existing University furniture may be stored outside of the assigned room and may not be removed from the University premises. Occupants will be responsible for complete replacement costs of items missing from their rooms at checkout. Furniture found abandoned in hallways, basements, lounges, etc. will be removed and full replacement costs will be charged to students at checkout.
- Due to varied ceiling heights, campus house ceilings may not allow for the proper installation of a standard loft. In this case, please contact the Office of Residence Life to discuss lofting options.
- Lofts must be positioned in a manner that will not hamper proper exit from the room. Due to fire regulations, lofts may not obstruct access to any room window, heating unit, or doors. Two feet of clearance/access is preferred between loft and window. Room entry doors must be able to swing fully open.
• In some locations (see individual hall instructions online), students must contact the Mount Union Physical Plant to loft their beds. In locations where students are permitted to loft their own beds, students are responsible for structurally safe lofts. Regardless how a loft is assembled, students are fully responsible for any injury that occurs as a result of lofting their beds.

* See Village Handbook for policies and procedures in our apartment style housing.

**Educational Records Policy**

In accordance with the Family Educational Rights and Privacy Act (commonly referred to as FERPA, or the “Buckley Amendment”) Mount Union has adopted the following policies and procedures to protect the privacy of educational records. Students will be notified of their FERPA rights annually by publication in the University of Mount Union Catalogue, the University of Mount Union Student Handbook, and on the University’s website.

**Definitions**

Mount Union uses the following definitions in this policy:

**Student:** any person who attends or has attended the University.

**Education Records:** any records in whatever form (handwritten, taped, film or other medium) which are maintained by the University and are directly related to a student, with the following exceptions:

1. personal records kept by a University staff member if the record is not revealed to others and is kept in the sole possession of the staff member;
2. student employment records that relate exclusively to the student in the capacity of an employee;
3. records maintained separately from educational records solely for law enforcement agencies of the same jurisdiction;
4. counseling records maintained by the University chaplain or the University counselor;
5. medical records maintained by the University solely for treatment and made available only to those persons providing treatment; and

**Rights Under FERPA**

A student shall have the right and parents of a dependent student may have the right to do the following:

1. inspect and review the student’s education records;
2. request that the student’s educational records be amended to ensure the records are not inaccurate, misleading, or otherwise in violation of a student’s privacy or other rights;
3. consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent;
4. file a complaint with the U.S. Department of Education concerning the failure of the University to comply with the requirements of FERPA; and
5. obtain a copy of the University’s student records policy from the Office of Registration.

**Procedure to Inspect Education Records**

Students may inspect and review their education records upon request to the appropriate record custodian(s). Students must submit a written request that identifies as precisely as possible the record(s) the student wishes to inspect.
Access will be provided within 45 days of the written request. Information contained in the educational records will be fully explained and interpreted to students by University personnel assigned to, and designated by, the appropriate office.

Student records are maintained in the following offices:
1. admissions and academic records in the Office of Registration;
2. financial aid records in the Offices of Student Financial Services;
3. financial records in the Office of Business Affairs;
4. progress and advising records in the departmental offices and faculty offices;
5. learning disability records in the Student Success Center;
6. counseling records in the Office of the College Chaplain, the Office of Counseling Services and the Office of Alcohol, Drug and Wellness Education;
7. academic dishonesty records in the Office of Academic Affairs; and
8. disciplinary and student conduct records in the Office of Student Affairs.

Right of the University to Refuse Access
The University reserves the right to refuse to permit a student to inspect the following information:
1. the financial statements of the student’s parents;
2. letters of recommendation for which the student has waived his or her right of access;
3. records of applicants who were neither admitted to nor attended University of Mount Union;
4. records containing information about more than one student, in which case the University will permit access only to that part of the record that pertains to the inquiring student; and
5. records which are excluded from the FERPA definition of education records.

Right to Challenge Information in Records
Students have the right to challenge the content of their education records if they consider the information contained therein to be inaccurate, misleading, or inappropriate. This includes the opportunity to amend the records or insert written explanations by the student into such records. The student may not initiate a FERPA challenge of a grade awarded unless it was inaccurately recorded. In such cases the correct grade will be recorded.

Procedures for Hearings to Challenge Records
Students wishing to challenge the content of their education records must submit, in writing to the appropriate office, a request for a hearing, which includes the specific information in question and the reasons for the challenge.

Hearings will be conducted by a University official who does not have a direct interest in the outcome of the hearing. Students will be afforded a full and fair opportunity to present evidence relevant to the reasons for the challenge. The hearing officer will render a decision, in writing, within a reasonable period of time, noting the reason and summarizing all evidence presented.

If the hearing results are in favor of the student, the record shall be amended. Should the request be denied, an appeal may be made, in writing, and submitted to the Registrar within 10 days of the student’s notification by the hearing officer. The appeal shall be heard by an Appeals Board of three disinterested senior University officials. The Board will render a decision, in writing, within a reasonable period of time.
Should the appeal decision be in favor of the student, the record shall be amended accordingly. Should the appeal be denied, the student may choose to place a statement with the record commenting on the accuracy of the information in the record and/or setting forth any basis for inaccuracy. As long as the student’s record is maintained by the University, when disclosed to an authorized party the record will always include the student’s statement and the Board’s decision.

Disclosure of Education Records
The University will disclose “non-directory” information contained in a student’s educational record only when written consent of the student, with the following exceptions:

1. to school officials, including teachers, who have a legitimate educational interest in the record;
2. to officials of another school in which the student seeks to or intends to enroll;
3. to federal, state and local agencies and authorities as provided under law;
4. to the parents of an eligible student if the student is claimed as a dependent for income tax purposes;
5. accrediting organizations;
6. to comply with a judicial order or lawfully issued subpoena;
7. emergencies affecting the health or safety of the student or other persons; and
8. as otherwise permitted by FERPA.

Directory Information
Disclosure of directory information normally may be made without the student’s consent. Directory information includes the student’s name; school and permanent addresses; school, permanent and cellular telephone numbers; school mailbox address; school e-mail address; date and place of birth; majors and minors; dates of attendance; enrollment status; class level; degree(s) received and dates of conferral; honors and awards earned; previous institutions attended; weight and height of athletes; participation in officially recognized activities and sports; and photograph.

A student who wishes to have all directory information withheld must submit an “Authorization to Withhold Directory Information” form to the Office of Registration. The hold will become effective the first day of class in the next regular semester (fall or spring). Once filed this request becomes a permanent part of the student’s record until the student instructs the Office of Registration in writing to have the request removed. Because the University’s computer system is unable to put a “hold” on selective directory information, all directory information will be placed on hold or all directory information except name and e-mail address will be placed on hold. Moreover, this request does not restrict the release of this information to individuals and agencies list in “Disclosure of Educational Records” above.

Student Health Care Privacy
During the academic year, a student may be treated at the Student Health Center or, if appropriate, in the Department of Human Performance and Sport Management, while other students may receive counseling by the Office of Counseling Services or the Office of Alcohol, Drug and Wellness Education. On occasion, a student may be seen at a local hospital or by a private physician for tests, x-rays, or treatment. The hospital or physician generally sends a copy of those test results or medical records to the Student Health Center, which maintains them in the student’s health record.

The confidentiality of a student’s health care information is important to the University. Students should know what laws apply and how the University protects the privacy of
student health information. The two main laws governing the confidentiality of student health information are the HIPAA Privacy Rule and the Family Educational Rights and Privacy Act (“FERPA”).

**HIPAA**

Hospitals and private physicians must comply with HIPAA’s Privacy Rule, which controls the use and disclosure of a patient’s protected health information. If a student goes to the hospital or a private physician’s office, it will not be necessary, under HIPAA, for the student (or parent, if the student is a minor) to sign an authorization in order for the hospital or doctor to send a copy of that student’s test results or medical record to a nurse, physician or other health care provider at the Student Health Center.

It also will not be necessary for the student (or parent) to sign an authorization for the hospital or physician to submit a claim for payment to the student’s or parent’s health insurance plan. HIPAA defers to Ohio law in dealing with the rights of parents and children. A student, who has reached the age of 18, may request the hospital or private physician not to disclose medical information to his or her parents. That decision is strictly between the student and physician in private practice, who is not connected with University of Mount Union.

The University encourages students to share their health information with parents.

**FERPA**

The Student Health Center, Department of Human Performance and Sport Management, Office of Counseling Services and Office of Alcohol, Drug and Wellness Education, though they may provide treatment and health-related services, are not covered by HIPAA’s Privacy Rule. Records that are created when the student receives treatment at the Student Health Center, Department of Human Performance and Sport Management, Office of Counseling Services or Office of Alcohol, Drug and Wellness Education are considered “Treatment Records,” which are protected by FERPA. The Student Health Center, Department of Human Performance and Sport Management, Office of Counseling Services, and the Office of Alcohol, Drug and Wellness Education may disclose needed Treatment Records to appropriate medical or health professionals Involved in treating the student, without requiring the student to sign a FERPA Release form.

If the student wishes to allow another party to examine, inspect, or know the content or receive a copy of, his or her Education Records as maintained by the Student Health Center, Department of Human Performance and Sports Management, Office of Counseling Services or Office of Alcohol, Drug and Wellness Education, then the student must first sign a FERPA Release Form.

If students or parents have questions about the application of these privacy laws, please call the director of human resources at (330) 829-6560.

**Statement Regarding Acts of Intolerance and Harassment**

As an educational community, Mount Union has made a commitment to work toward a campus that is free from discrimination and that celebrates the diversity of its various community members. The University will not tolerate behavior that in any way undermines the emotional, physical or ethical integrity of any member of its community. Mount Union seeks to protect and enhance the personal safety, dignity, and self-respect of each member of the campus community. Moreover, the University will use its influ-
ence to encourage the entire community to treat its students, faculty, staff and affiliated visitors in a manner consistent with the principles of this statement. Academic freedom can only exist when all are free to pursue ideas in a non-threatening, non-coercive atmosphere of mutual respect.

It is imperative that campus community members report acts of intolerance. If these acts go unreported, then the opportunity for assistance and education is lost. Silence perpetuates the idea that there are no problems stemming from intolerant behavior at Mount Union. Any incident of discrimination or harassment that involves race, gender, sexual orientation, religion, disability, age, economic status or national origin should be reported.

Nothing in this document shall be construed to limit an individual's rights to freedom of political or artistic expression, or other expressions of an academic nature. In particular, the expression of political opinions about issues both on campus and in the wider national and international community explicitly does not constitute harassment. Works of art created or presented by students, faculty and other members of the community are similarly protected.

**Definition of Harassment**

Harassment includes, but is not limited to, any verbal or non-verbal conduct directed at an individual or group of individuals due to their race, religion, ethnic origin, gender, sexual orientation, or disability, when such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive environment for working, learning, or living on campus. Such harassment may occur between any members of the University community. It is a violation of University policies to engage in harassment or to retaliate against anyone bringing forth a complaint of harassment. False accusations of harassment will not be tolerated and may constitute intimidation and harassment and will be responded to as any other case of harassment. Repeated incidents, even where each would not on its own constitute harassment, may collectively constitute harassment under this definition.

**Specific Types of Harassment**

Certain forms of harassment tend to occur more frequently in society and are therefore described below in more detail.

**Sexual Harassment**

Sexual harassment in all of its manifestations runs counter to the mission of the University of Mount Union and will not be tolerated in the University community. Sexual harassment violates not only the dignity of the individual, but also the integrity Mount Union. All reports of sexual harassment will be promptly investigated and addressed.

It is the goal of the University to eliminate all manifestations of racism from the campus and any incidents of racial harassment will be promptly investigated and addressed.

Definition

Grievance Procedures
Persons who believe they have been harassed are encouraged to discuss the complaint with the associate dean of students or the director of human resources and employee development. All members of the university community are encouraged to utilize the informal grievance procedures as a means of resolving harassment complaints.

Every attempt will be made to protect any alleged victim from further harassment or injury. The University and persons involved in the investigation will make every effort to maintain the confidentiality of the complaint and the investigation.

Procedures for Student to Student/Faculty/Staff Member Harassment

The accused student and the complainant will be afforded all rights outlined in the procedures of the Student Disciplinary Process, which can be found in the Student Handbook.

The hearing officer or Board will make a determination of responsibility based upon the preponderance of evidence. If the accused student is found to be responsible for the alleged harassment, he/she will be sanctioned in accordance with the Student Code of Conduct. Based on Title IX of the 1972 Educational Amendments, the complainant will be informed of the determination of responsibility. However, the Family Educational Right to Privacy Act prohibits the disclosure to the complainant of any sanctions placed against the accused student unless they directly involve the complainant (i.e. letters of apology to complainant, restrictions on contact, etc.), or if the accused student is charged with a crime of violence against the complainant.

Disciplinary action shall be taken against any person found to have willfully falsified a claim of harassment. It is also a violation of this policy to retaliate against another member of the campus community for bringing forward a claim of harassment.

Sexual Assault Responder Program

Often when people hear about sexual assault, they automatically think about rape. However, sexual assaults occur on a continuum of intrusion and violation. If permission has not been given or the individual does not want to engage in the sexual activity or is tricked, coerced or pressured into the behavior, it is sexual assault. It is also sexual assault when sexual behavior occurs when a person is unable to give consent due to being under the influence of alcohol or other drugs.

There are many decisions a person must make during her/his recovery from sexual assault. University of Mount Union provides services that can assist the sexual assault survivor with this process. The Sexual Assault Responder Program is designed for this purpose.

What is a sexual assault responder?

Sexual assault responders are Mount Union faculty and staff members who are trained to help someone who has been sexually assaulted understand their options. They will not make decisions for the person, but will provide her/him with the knowledge s/he needs to make decisions. The responder who is contacted either goes to the person who calls or makes arrangements to meet her/him. The responder assists the person as s/he addresses counseling, medical and legal issues, and helps with any other concerns the person may have. A list of responders can be found on page 73.

Why should someone who has been sexually assaulted call a Sexual Assault Responder?

By contacting a responder, the person can gain valuable assistance and information to help her/him make the many decisions ahead. She/he will also have someone to support her/him during this challenging time. The responder will provide written materials to the
survivor that explains her/his many options. It is important to note that if a member of the Mount Union community informs a responder about an assault, she/he is required by University policy and by law to report the assault to the police and to the Office of Student Affairs. This report does not mean that the survivor has to make a statement or pursue prosecution, just that the police will be informed of what happened. If the survivor is unwilling to make a statement, she/he will need to tell the police this directly. The survivor should be aware that she/he will not be able to control the progress or outcome of a legal investigation, but that her/his wishes will be given serious consideration.

What if someone who has been sexually assaulted doesn’t want to call a responder?
There are decisions that the person needs to make with or without a responder. The person should give serious consideration to getting assistance from a responder or other trained sexual assault advocate. In case the sexual assault survivor decides to work through this process without the benefit of a responder’s assistance, there is additional information below that focuses on the major issues the person will need to address during her/his recovery from sexual assault.

Who else can someone who has been sexually assaulted call for help?
Whether or not the person contacts a responder, it is strongly recommended that she/he call the Rape Crisis Hotline. Workers at the Hotline can answer her/his questions and provide support, hospital advocacy and counseling, as well as, referral to longer-term treatment and help with health and financial issues.

Why should someone who has been sexually assaulted seek counseling?
It is important for someone who has been sexually assaulted to speak to a counselor, not because there is something wrong with her/him, but because she/he has been hurt. Having someone who can listen and help the survivor sort through her/his feelings is an important step toward regaining control of her/his life.

One way a survivor can receive counseling is through the Rape Crisis Hotline. Their counseling services are free and can be long-term, if necessary. There are also support groups available through Rape Crisis.

The Office of Counseling Services is also an excellent way for a survivor to receive free, confidential assistance. The Office of Counseling Services has counselors who can talk with a survivor and help her/him in the process of emotional healing. University counselors meet with students for a limited number of sessions; however, if further counseling is needed they will help the survivor get additional assistance.

The Office of the Chaplain is another option for emotional support. The chaplain can offer spiritual guidance during this challenging time.

Office of Counseling Services - (330) 823-2886
Office of the Chaplain - (330) 823-2838
Should someone who has been sexually assaulted seek medical care?

Receiving medical care as soon as possible following a sexual assault or attempted sexual assault is extremely important for two reasons. First, the survivor may have suffered injuries of which she/he is unaware or unable to determine. Testing, treatment and information regarding sexually transmitted diseases or pregnancy may also be needed.

Second, if the survivor thinks that there may be any possibility that she/he will wish to pursue prosecuting the offender, a medical/legal examination for the collection of evidence is vital. Having evidence collected does not mean prosecution. The forensic evidence will be stored until there has been an investigation. While certain medical assistance can be received from a number of locations, Alliance Community Hospital is the only local place where evidence necessary for medical and forensic evaluation can be collected and secured for legal purposes.

For physical evidence to be present and useful, it is best collected as soon after the assault as possible; preferably within 12-24 hours and no later than 48-72 hours. It is best if the sexual assault survivor does not shower, bathe, douche, brush her/his teeth, eat or drink, or change clothing prior to going to the Emergency Room. Doing so will destroy important physical evidence. If the person does take any of the above actions, it does not mean s/he should not go to the hospital. However, evidence collection may not be as productive. If the person changed clothes, she/he should take all articles of clothing won at the time of the assault to the hospital. These items will need to be retained as evidence.

Since the crime of rape/sexual assault is a felony offense, hospital personnel are required by law to report the assault to a law enforcement officer. If the survivor has not already spoken to a law enforcement officer, hospital personnel will notify the police that an assault has occurred. A law enforcement officer will come to the hospital to speak with the survivor. It is always the survivor’s right to decide whether or not to talk to law enforcement, but the police officer will want to hear directly from the survivor if s/he is unwilling to make a report.

There is no charge for the examination at the hospital if the survivor cooperates with evidence collection. The survivor does not have to request prosecution in order to have the exam for free.

If too much time has passed for a hospital exam to be useful, the survivor can also go to her/his own doctor or the Mount Union Student Health Center for an exam and testing for STDs and pregnancy. In addition, STD testing can be conducted at the Alliance City Health Department or Planned Parenthood of Stark County in Canton. The cost of tests at these facilities is based on a sliding scale. Most college students can expect free or extremely reduced costs. Planned Parenthood also conducts pregnancy tests, as does the Alliance Pregnancy Center. Pregnancy tests at the Alliance Pregnancy Center are free.

Should someone who has been sexually assaulted report the assault?
Mount Union encourages survivors of sexual assault to file a report about the incident. By providing the Alliance Police Department and the Office of Student Affairs with information, the survivor may be able to prevent future assaults against her/himself and others. It is vital that a report is made as soon as possible, particularly if it was a stranger assault. The potential danger to the survivor and the community is higher with stranger assaults. Reporting is not the same as prosecuting. While the investigation and charges placed are not under the control of the survivor, she/he has the opportunity to make her/ his wishes regarding prosecution known.

In order to report to the police, the survivor can call the police department and an officer will meet her/him to take a statement. If the survivor would rather not have the officer come to her/him, s/he can also go to the police department to make a report. If the survivor goes to the hospital for an examination, hospital personnel will contact the police and s/he can make a report there.

Some survivors may be reluctant to make a report if they were drinking at the time of the assault, particularly if they are under the legal age for alcohol consumption. Please be aware that University of Mount Union and the Alliance Police Department are more concerned about sexual assault than underage drinking.

Alliance Police Department - 470 E. Market - 911 or (330) 821-3131

If someone is assaulted by a Mount Union student, on or off campus, the assailant may be charged under the Mount Union Student Code of Conduct. Details of this process can be discussed with the dean or associate dean of students. The decision to place charges is made by the dean of students or his/her representative, but the survivor’s wishes are given serious consideration. The University disciplinary system is an administrative process, not a legal one; therefore, situations that the city prosecutor chooses not to pursue may be able to be addressed through the discipline system.

Hazing Policy
University of Mount Union prohibits hazing by campus groups and/or individuals. Hazing is defined under Ohio Revised Code as “doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes, or creates a substantial risk of causing, mental or physical harm to a person.” Furthermore, the University defines hazing as any action taken or situation created intentionally, whether on or off campus, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. All acts of hazing by any organization or any of its members are strictly forbidden.

Hazing includes but is not limited to the following:
1. any activity that might reasonably bring embarrassment or emotional harm to the individual;
2. any activity that might reasonably bring physical harm to the individual;
3. any activity that requires an unreasonable or inordinate amount of the individual’s time or in any manner impairs the individual’s academic efforts;
4. any activity that involves the forced consumption of any liquid or solid matter;
5. any activity that would degrade or otherwise compromise the dignity of the individual; or
6. any requirement that compels an individual to participate in any activity that is illegal, in violation of the rules and regulations of the University, or contrary to the individual’s moral and/or religious beliefs.

If a member of the University community becomes aware of incidents of hazing or suspicious behavior, she/he should contact the associate dean of students at (330) 823-7288.

Inclement Weather Policy
In the event of severe weather, the decision to totally or partially close the University will be communicated to the campus community by the Administrative Council, via the following steps:
• The vice president for student affairs will notify the University’s Information line at (330) 829-2806.
• The vice president for business affairs will notify Campus Security.
• The vice president for public affairs and marketing will make every effort to notify local television and radio stations by 7 a.m. on the day of the closing.

Parking Policies
Registration
1. All student, faculty and staff vehicles at University of Mount Union must be registered and identified with a parking decal obtained from the Campus Security office. There is no fee for registering vehicles. Vehicle registration forms are available at the Campus Security office lobby or on iRaider under Forms. The information needed is the license plate number, make, model, year, color and owner of the vehicle.
2. Student decals will be assigned based upon residency. If residency changes at any point during the academic year, the student is responsible for contacting the Campus Security office to obtain a new decal.
3. Student parking registrations expire at the end of the academic year, or when a student ceases to be enrolled with Mount Union. Registration also terminates when ownership of the registered vehicle is transferred.
Permits
1. Acceptance of a Mount Union parking permit is an acknowledgement by the registrant that these parking policies have been read and understood and constitutes an agreement by the registrant to abide by the parking policies.
2. The decal must be placed at the bottom of the passenger side windshield and the barcode must be completely visible from the outside.
3. If a new vehicle is purchased (even if the vehicle still has 30-day tags) or any vehicle information should change, a new decal must be obtained from the Campus Security office.
4. Theft, vandalism or trading of decals is strictly prohibited and will result in disciplinary action.
5. Issuance of a parking permit does not assure the driver of an open parking space. Lack of a space is not considered a valid excuse for violation of the policies.

An exception to this schedule of fines is when a vehicle is inappropriately parked in a handicapped parking space. In this instance, the owner of the vehicle will be issued a $25 parking ticket and the vehicle will be towed immediately.

If a vehicle has been booted, a towing service must be contacted to remove the restraint from the vehicle. If the restraint is not removed within 24 hours, the vehicle will be towed at the owner’s expense. Excessive parking violations may also result in disciplinary charges and possible loss of parking privileges on campus.

Ticket fines will be billed to the student’s or employee’s account.

Violations

All parking lots are patrolled daily and fines will be assessed for a variety of violations; including but not limited to:
- parking in the incorrect zone
- unregistered vehicle
- parking in yellow-painted areas
- blocking driveway or access
- parking on sidewalk or grass
- parking in handicap area

1. The registrant is responsible for all violations regardless of who is operating the vehicle at the time the violation occurs.
2. Having four-way flashers on does not make it acceptable to park in a restricted area (service vehicle, fire lane, handicap, etc.)
3. Every attempt is made to maintain parking signs, but vehicle operators are expected to park appropriately, even in the absence of signs.
Appeals
If the recipient of a ticket believes that it was issued in error, the recipient can file an appeal to have the ticket voided. Appeals must be filed within seven calendar days of the infraction date. Appeal forms are available on iRaider under Forms. They are also available in the Campus Security office lobby.
Appeals filed after seven calendar days will not be accepted, and the fine must be paid at the Office of Business Affairs.

Student Parking Zones
All students will be assigned a particular parking zone based upon their residencies. Detailed information on parking zones can be found in the parking policies handout that is distributed to all individuals who register a vehicle and is also available at the Physical Plant office. Zone parking will be enforced from 10 p.m. on Sunday until 6 p.m. on Friday.

Faculty and Staff Parking
Faculty and staff parking areas are located in various locations around campus and are identified by a stencil painted on the ground and at the entrance of the parking lot. Faculty and staff spaces are reserved from 10 p.m. on Sunday until 6 p.m. on Friday.

Visitors
Visitor parking is available on the west side of Beeghly Hall and at the Hoover-Price Campus Center. Visitor spaces are reserved 24 hours a day, seven days a week.

Handicapped Parking Spaces
Anyone parking in a handicapped parking space without a valid state issued handicap pass or a valid Mount Union issued temporary handicap pass will be charged $25 and his or her vehicle will be towed immediately.

Special Passes
Temporary parking passes are available upon request from the Director of Campus Security for the following conditions:

- Temporary Pass – available for one to five days for students who will temporarily have a different car on campus.
- Temporary Handicap Pass – available to students who have been injured or have a condition that makes walking difficult. A written doctor’s excuse may be required.
- Visitor Pass – available for departmental use for special guests, speakers, etc.

Street parking is available as permitted by the City of Alliance.

*Mount Union assumes no responsibility or liability for a motor vehicle or its contents while parked or operated on the property of the University

Refund Policy
Notification of withdrawal and requests for refunds must be done in writing. The process is initiated with a withdrawal form which is available in the Office of Student Affairs in the Hoover-Price Campus Center. The Mount Union Refund Policy can be found in its entirety in the University Catalogue.
Technology Resources
Acceptable Use Policy

Policy Overview
Mount Union makes available technological resources that may be used by University students, faculty and staff. These resources may include administrative software applications, file and print services, VPN, wireless access, network resources, e-mail, library resources, ID card system, multi-media resources, desktop applications and computer resources. These resources are intended to be used primarily for educational purposes, communications and to carry out the legitimate business of the University. Appropriate use of the resources includes instruction, independent study and research, and the official work of the offices and recognized student organizations. The privilege of using computer and network resources extended by the University to specific individuals and organizations is not transferable.

Moreover, the responsible, considerate and ethical behavior expected by Mount Union in all aspects of the community extends to cover the use of campus computer and network resources and the use of networks throughout the world to which Mount Union provides computer access. The University’s guidelines for appropriate use are not meant to be an exhaustive list of what may or may not be done with the University’s computer or network resources.

Those who make use of the network and computing resources must conform at all times to the policies contained herein, as well as the regulations and guidelines of the University as specified in the Student Handbook and the various employee handbooks. These policies exist to safeguard the security and functionality of the campus network and all components therein.

The Technology Resource Acceptable Use Policy is comprised of several components described below including unacceptable use, Technology User Code of Conduct, Network Use Policy, E-mail Policy, Hardware & Software Support Policy and Data Security. For faculty and staff members of the University should also familiarize themselves with the Laptop Usage & Liability Policy as well as the Loaner Equipment Use & Liability Policy as these additional polices may pertain to them.

Unacceptable Use
Unacceptable use of the University’s computer and network resources are described below.

Misuse of Service
Any action that renders facilities unusable to those who rely on them or that interferes with another’s use of facilities constitutes misuse. Examples are failure to respect the priorities posted at a public machine, overuse of resources, damage to software or hardware, sending repeated unwanted electronic mail, neglect or damage of software or hardware, and failure to report known problems.

Breach of Security
Any attempt to circumvent the protection that Mount Union has in place to prevent unauthorized access or any action that reduces the security of the University’s computer and network resources is unacceptable use. Examples are attempts to misappropriate passwords, attempts to gain unauthorized access or sharing your password with others and violating federal, state and local laws related to privacy.
Illegal Use

Any use of computer or network resources in the commission of an illegal act is unacceptable. Examples are violation of licensing agreements, attempting to break into a computer or sending harassing or threatening electronic mail. There are federal, state and local laws that govern certain aspects of computer and telecommunications use. All laws pertaining to tangible documents or instruments apply equally to electronic files. This includes student records. Members of the University community are expected to respect these laws. Any use, even if not specifically prohibited, which falls within these broad categories should be considered inappropriate. If you are unsure of the propriety of an action, contact the Office of Information Technology (IT) for clarification.

Much like laws that govern print and recorded media, U.S. Copyright law protects copyright owners from unauthorized reproduction, adaptation or distribution of digital media. While users in educational settings enjoy limited permission to use copyrighted works under the “fair use” provisions of the copyright law, students and faculty who are engaged in developing web pages and other electronic media are advised to read further what the law allows under these circumstances. A very useful text Commonsense Copyright: A guide for Educators and Librarians by R. S. Talab is available in our Library.

Some points include:
- Excerpts must be brief and confined to a campus network.
- Faculty may keep copies of student work for a maximum of two years as examples of exemplary work.
- Students may show multimedia projects developed in University classes for interview and potential employment as long as they have followed fair use practices.

Additional information on Copyright law can be found at http://www.copyright.gov/title17/.

Peer-to-Peer File Sharing

Peer-to-peer file sharing is prohibited. The Office of Information Technology monitors traffic patterns in order to guarantee acceptable network performance for all users. If IT becomes aware of policy violations or illegal activities in the course of investigating network congestion or problem determination, IT will further investigate by inspecting content stored or shared on its network.

A minimum response to violators of copyright laws, as well as those impeding network performances, will be a warning to cease and desist. In certain circumstances, including those involving repeat offenders, violators will have their access blocked and be turned over to the University judicial process. If contacted by the RIAA (The Recording Industry Association of America), DMCA (Digital Millennium Copyright Act) or by the courts and asked to identify those who are sharing or downloading based on IP addresses, Mount Union will comply with the law.

Unauthorized distribution of copyrighted material, including peer-to-peer file sharing, may subject a student, faculty or staff member to civil and criminal liabilities. Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act 9 Title 17 of the United States Code. These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than $750 and not more than $30,000 per work infringed. For “willful” infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. Willful copyright Infringement can also
result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense. For more information visit the Web site of the U.S. Copyright Office at www.copyright.gov, especially their FAQ’s at www.copyright.gov/help/faq

Systematic Monitoring and Access and Disclosure without Consent
Mount Union is not obligated to monitor the content of e-mail or file space. The Office of Information Technology, however, maintains the rights to monitor, trace, intercept, or block any network traffic for security or management purposes. Mount Union will, as a courtesy, normally try to inform users prior to any inspection, monitoring or disclosure of e-mail or electronic files, except when such notification would be detrimental to an investigation of possible violation of law or University policy. Users are required to comply with University requests for access to and copies of e-mail records and electronic files when access or disclosure is required or allowed by applicable law or policy, regardless whether such records reside on a computer housed or owned by the University. Failure to comply with such requests can lead to disciplinary or legal action pursuant to applicable law or policy, including, but not limited to, appropriate University personnel policies or codes of conduct. In summary, Mount Union shall only permit the individual monitoring, inspection or disclosure of electronic mail, electronic files or network traffic:

• When prior consent has been obtained in writing from the employee and/or student. Consent is given when an individual signs her/his contract or registration. Any employee or student who refuses consent may be denied access to the Internet and electronic mail;
• When required by and consistent with law;
• When there is probable cause or substantiated reason to believe that violations of law or of Mount Union or state policies have taken place;
• When it is for a valid business purpose and there are compelling circumstances; and/or
• Under time-dependent, critical operational circumstances.

Remedial Action and Sanctions for Violations of Technology Policies
Final technical authority for the Mount Union computer network rests with the Office of Information Technology, who may issue training notices, alerts, or warnings for any minor or inadvertent misuse of service or breach of security. Any illegal activity will be reported immediately to the appropriate University official. Final disciplinary authority for misconduct or misuse by members of the Mount Union community rests with the appropriate authorities outlined in the Student Handbook and the various employee handbooks.

Access to Mount Union’s e-mail, network and Internet services are a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the user. This may occur when there is probable cause or a substantiated reason to believe that violations of policy or law have taken place or in exceptional cases when required to meet time-dependent, critical operational needs. Any employee or student who abuses the privilege of University facilitated access to the Internet and e-mail may be subject to disciplinary action up to and including termination or expulsion. If necessary, the University also reserves the right to advise appropriate legal officials of any violations and institute legal proceedings against violators of this policy. Any policy violations should be reported to helpdesk@MountUnion.edu. Acts of retaliation for reporting instances of misuse are prohibited, both by the University and under state and federal law. Reports of misuse cannot be made anonymously, due to the ability of the system to track the originator of any electronic communications.
Technology User Code of Conduct

The following Code of Conduct is intended to instruct technology users in acceptable behavior regarding their use of Mount Union technological resources. This document is not intended to be exhaustive if all possible behaviors that may be deemed inappropriate. Users are expected to adhere to all policies set forth by the University regarding the use of technology resources. Failure to follow the expectations set forth in this Code of Conduct or any other policy of the University regarding use of technology may result in sanctions against the user, including, but not limited to, loss of access to technology resources and/or disciplinary action.

1. Users are responsible for how their accounts are used; therefore, every effort must be made to protect against unauthorized access to accounts. Users must have a password which will protect their accounts from unauthorized use and which will not be guessed easily. If a user discovers that someone has made unauthorized use of her/his account, she/he should change the password and report the intrusion to the Office of Information Technology. Users are required to change their password every 90 days.

2. Users may not intentionally seek information about, browse or obtain copies of or modify files or passwords belonging to other people, whether at Mount Union or elsewhere, unless specifically authorized to do so by those individuals. Also, users may not attempt to intercept, capture, alter or interfere in any way with information on campus or global network paths.

3. Users must not attempt to decrypt or translate encrypted material or obtain system privileges to which they are not entitled. Attempts to do any of the above will be considered serious violations.

4. If users encounter or observe a gap in system or network security, they must report the gap to the Office of Information Technology. Users must refrain from exploiting any such gaps in security.

5. Users must refrain from any action that interferes with the supervisory or accounting functions of the system or that is likely to have such effects.

6. Users must be sensitive to the public nature of shared facilities, and take care not to display sounds or messages that could create an atmosphere of discomfort or harassment for others.

7. Users must avoid tying up computing resources for game playing or other trivial applications, sending frivolous or excessive mail or messages locally or over an affiliated network or printing excessive copies of documents, files, images or data. Users should be sensitive to special needs for software and services available in only one location and cede place to those whose work requires the special items.

8. Users may not prevent others from using shared resources by running unattended processes or placing signs on devices to “reserve” them without authorization.

9. Users may not copy, cross-assemble or reverse-compile any software or data that the University has obtained under a contract or license that prohibits such actions. If it is unclear if it is permissible to take such actions, users should assume that they may not do so.

10. Software may not be copied or used illegally. Website materials must be cited appropriately and permission obtained for the publishing, performing or distribution of copyrighted material.

11. Messages, sentiments and declarations sent as electronic mail or sent as electronic postings must meet the same standards for distribution or display as if they were

*** Users should also familiarize themselves with the Technology User Code of Conduct, Network Use Policy, E-mail Policy, Hardware and Software Support Policy that follow this policy overview.
tangible documents or instruments. Users are free to publish their opinions, but they must be clearly and accurately identified as coming from the particular user or, if a user is acting as the authorized agent of a group recognized by the University, as coming from the group she/he is authorized to represent. Attempts to alter the “From” line or other attribution of origin in electronic mail, messages or postings will be considered violations of University policies.

12. Users may not take any action that damages Mount Union technology resources in any way, including technology found in classrooms, public computing labs, departmental labs, residence halls and University houses, or any other campus location.

13. Users may not establish any computer to function as a server without the knowledge and approval of the Office of Information Technology.

14. Users are required to utilize anti-virus software on their computers. Anti-virus software must be updated regularly.

15. Users may not deploy any network electronic equipment or install wireless access points without express permission from the Information Technology Department.

16. Users who utilize the Mount Union e-mail system are required to comply with state and federal law, University policies, and normal standards of professional and personal courtesy and conduct.

**Network Use Policy**

The Mount Union network is provided for the academic use of students and faculty of the University, as well as to the University administration for conducting official University business. Academic use is determined to be any legitimate use of the network for the purpose of assisting in the conduct of the University’s academic mission. The official conduct of University business is limited to efforts on behalf of the management and administration of the University. The network provides access to the Internet from all offices, residence hall rooms and computer labs, in addition to public access stations in the library. Students living in on campus housing are accorded the privilege of using the network for personal use, as long as such use is in keeping with all applicable policies of the University and state and federal laws, and is not excessive (resulting in diminished service to fellow students).

User access to the network is governed by the acceptable use policy of the University, as well as by the following.

**Servers**

All servers operating on campus must do so with the knowledge and consent of the Office of Information Technology. A server is defined as any computer providing services of any type to other computers on the network or on external networks. Such services could include DNS, DHCP, SNMP, e-mail and application, file and/or printer sharing. In order to request the deployment of a server on the network, written petition must be made, stating:

- The legitimate academic use of the server;
- Intended server operating system;
- All intended server functions and applications, including protocols and services; and
- The identity and function of target subordinate computers/users.

Any computer acting as a server without prior authorization as stated above will be removed from the network. All licensing, operation and support of the hardware and software utilized will be the responsibility of the petitioner, if such petition is granted.
Accounts
All authorized users will be provided an account by which to access the necessary network resources of Mount Union. The information regarding this account, including the account name and password, is privileged and must not be disseminated to anyone other than the account owner for any purpose. Account holders should protect their passwords and keep them confidential. Passwords should be changed frequently.

Any problem resulting from irresponsible use of a password (e.g., a password that can be easily guessed or oral or written dissemination of a password, as well as, passwords that are stored in scripts or saved on an individual machine) may be treated as grounds for action against the account holder. Any attempt to determine the passwords of other users is strictly prohibited.

The following are categories of authorized users:
- Full-time staff of the University
- Current faculty members
- Current students

The following categories of users may be authorized to utilize the University network based on the legitimate need for access to such resources:
- Part-time staff of the University
- Volunteer staff of the University
- Student employees
- Current students on transfer
- Retired members of the faculty and staff
- Guests

Other categories of users may be granted special permission to obtain access to the system at the discretion of the University. Student employees who need to access administrative software and resources due to their employment must be given approval for this access by an office administrator.

Special Access
From time to time, circumstances dictate the provision of short-term, special access to University systems. Such access must be in accordance with the strictest adherence to the user policies stated above and may only be granted by the Information Technology Department after review of a written petition. The petition must state the purpose of the access, the source user name, and the department. Such access will typically be provided only for a limited time and will be allowed only from designated computers. All such petitions that are approved will be maintained on file in the Office of Information Technology. All connections made through such petitions will be monitored.

Network Electronic Equipment
Network electronic equipment, including switches, hubs and routers, may only be installed on campus with the knowledge and consent of the Office of Information Technology. In order to request the deployment of this equipment on the network, written petition must be made stating:
- The legitimate academic use of the equipment;
- The type of equipment wishing to be deployed and for what purpose;
- All intended functions, including protocols and services; and
- The identity and function of target subordinate computers/users.

Any network electronic equipment deployed without prior authorization as stated above will be removed from the network. If a petition is granted, all licensing, operation and support of the hardware and software utilized will be the responsibility of the petitioner.
VPN (Virtual Private Network)
VPN is a resource made available to faculty, staff and non-residential Mount Union students. VPN will allow a user to connect to the campus network from an off campus ISP (Internet Service Provider) and make it appear to the user that they were physically connected to the Mount Union network. VPN will allow users to gain access to their home space (H:\ drive), departmental common space (S:\ drive) and hand-in and handout folders (M:\ drive). VPN will be supported for only specified operating systems. If misuse of this resource occurs or if the user does not comply with the VPN Policy of Mount Union, the Office of Information Technology reserves the right to terminate any VPN connection without notice. Any party found to have violated the VPN policy may be subject to disciplinary action, including termination of VPN access. A copy of the VPN policy can be found on the Office of Information Technology website.

Wireless
Wireless technology is available in specified areas of Mount Union. Use of the wireless information network implies consent to abide by all University policies pertaining to the use of computer resources at Mount Union. Users may not install wireless access points. Any unauthorized wireless access points deployed will be removed from the network.

Campus ID Card System
The Campus ID Card System is a network resource and as such is protected by the rules of this policy. Any party found to violate this policy or damage devices specific to this system, such as door card, vending machine, or laundry readers, may be subject to disciplinary action.

Web Pages
The Mount Union website and individual web pages are network resources and as such are protected by the rules of this policy. Any party found to violate this policy may be subject to disciplinary action.

Any Mount Union entity may request an organizational or personal web page. By using the site you automatically agree to this policy. To request an organizational web page please contact the Information Technology Helpdesk or Office of Marketing. Every Mount Union entity must provide a contact person, who is willing to respond to comments or questions concerning the information the home page and on related documents provided by the entity. In the case of home page for an individual, that individual will act as their own contact person. The name and email address of the contact person must appear at the bottom of the home page along with the date of the last update of the page and/or related documents. In the case of copyrighted material, the representative is responsible for obtaining the necessary permission for posting such material. All material must be suitable for viewing and/or reading by individuals of all ages and conform to copyright laws. These are not limitations of free speech, but represent the policies of this Institution.

Social Media
Social media is defined by Mount Union as public forms of communication that are used via the Internet. This form of communication combines integrated technology, social interaction, and the construction of words and/or pictures. Such sites are as follows but not limited to: LinkedIn, Facebook, Twitter, MySpace, YouTube, Shutterfly, Flickr, Plurk, Blogs, Wiki, Digg, etc or any social site that can be created by a person and utilized as marketing the institution in any manner. Personal sites are permitted and are not held to the approved identity standards of Mount Union, however, any reference to the institution must adhere to the values of the institution. Please reference the Identity Standards to ensure the proper usage of Mount Union policies for written or video communication. Anyone choosing to
create a social media site representing an office, department, organization and/or any site that would be connected to the brand of Mount Union must contact the Office of Marketing. For the Social Media Policy see the Office of Marketing.

**Campus Telephone Service**
The campus telephone service is explained in detail on Office of Information Technology web pages within the portal (iRAIDER). Telephone service includes voice-messaging capabilities. Voice messaging is an electronic voice messaging system that gives users a convenient and dependable way to communicate with people. Voice messaging answers calls when the user is on or away from her/his phone. Users of voice mail must be aware of Mount Union’s voice mail policy. Users of Mount Union’s voice mail system agree to abide by this policy. This policy can be found within the portal (iRAIDER) on the Office of Information Technology pages and instructions for using the voice messaging system can be found there as well.

**E-mail Policy**
Mount Union e-mail is intended to serve the communication needs of the University community. Access to the e-mail system is a privilege. Any e-mail addresses or accounts assigned by the University to individuals, sub-units or functions of the University are the property of the University. The Mount Union network is not intended for private correspondence, as such, all communications on the University’s computer systems, whether personal or business related, are the property of Mount Union. E-mail users are required to comply with state and federal law, University policies and normal standards of professional and personal courtesy and conduct. Unacceptable uses of e-mail and Internet access include, but are not limited to, the following:

- Use for any purposes that violate a federal, state or local law.
- Use for any commercial activities, including commercial advertising unless specific to the charter, mission or duties of Mount Union.

unless expressly authorized to do so. Where appropriate, the following explicit disclaimer shall be included: “The opinions or statements expressed herein are my own and should not be taken as a position, opinion or endorsement by University of Mount Union.”

Restriction of E-Mail Privileges in Response to Resource Limitations, Administrative Procedures, or Policy Violations

The Office of Information Technology of Mount Union sets the amount of disk space available for mailboxes and file space. The Office of Information Technology will announce the limits on an annual basis. On occasion it may become necessary for IT to impose additional limitations on the use of e-mail due to technical necessities or to require purges of information stored on the University servers to preserve the integrity of the system. Users are advised to implement a data recovery plan, for example storing files on a DVDs, CDs or making paper copies, as well as regularly archiving their e-mail messages.

Security

E-mail, as a public record, is subject to the Freedom of Information Act and to subpoena by a court of law. Users should be aware that any information submitted via e-mail is not confidential and could be observed by a third party while it is in transit. Encryption encourages the false belief that privacy can be guaranteed. Users should never put anything in an e-mail message that must be kept confidential. E-mail users should assume that anyone could accidentally or intentionally view the content of their message. E-mail security is a joint responsibility of Mount Union Office of Information Technology and e-mail users. The University will provide the security offered by the currently used software, as well as a “firewall” to prevent unauthorized access to the mail server. Users must take all reasonable precautions, including safeguarding and changing passwords, to prevent the use of the account by unauthorized individuals. Users may not divulge passwords for Mount Union accounts to any other person or allow other persons use of their Mount Union account for any reasons.

Archiving and Retention

The Office of Information Technology does not archive documents. Mount Union records communicated using e-mail or the Internet need to be identified, managed, protected and retained as long as they are needed to meet operational, legal, audit, research or other requirements. Each director is required to comply with approved records retention schedules or to set standards to retain, manage and make accessible in an existing filing system, outside the e-mail system, records needed to support program functions in accordance with Mount Union’s standard practices.

Eligibility for E-Mail Privileges

Students are eligible for e-mail privileges as long as the student is officially registered at Mount Union. Faculty and staff e-mail privileges start on the date employment begins and ends at the close of the business day of the date of employment termination. The Mount Union Office of Information Technology may, under its sole discretion, attempt to redirect e-mail for a reasonable period of time as determined by the University for purposes consistent with this policy and the University’s mission. The University may elect to terminate the individual’s e-mail account or continue the account, subject to approval by appropriate University supervisory and systems operational authority. The Office of Human Resources at Mount Union is responsible for notifying the Office of Information Technology of the date of employment termination.
Hardware and Software Support Policy

University-Owned Desktop Computers
The following outlines support levels provided by the Office of Information Technology for system and application software on University-owned desktops and laptops used by faculty, staff and administrators at the University.

Hardware
All University-owned desktop computers are covered under a warranty period, which varies depending on vendor and model. If a service problem is determined to be hardware-related, support will be obtained for that unit in accordance with the terms of the warranty.

Support Levels for System and Application Software Used on Mount Union Owned Equipment

Level I
Level I software products represent a core set of office automation applications that the University has deemed necessary for fulfillment of position requirements and for which it offers support to faculty, staff and administrators using the applications. These products receive the highest level of user and technical support from the Office of Information Technology. Upgrade and maintenance efforts toward these products supersede efforts on all other administrative products and represent the core set of products initially installed on user desktops. Recommendations for additions and deletions to the core set of applications will be considered and approved by the appropriate governance structure of the University and provided in writing to the Office of Information Technology. Upgrades and fixes to these products will automatically take place and be coordinated by the Office of Information Technology.

Administrative Systems Software
Mount Union utilizes several specialized applications for administrative purposes. All of these applications must be used in the context of all federal guidelines including the Family Educational Right to Privacy Act (www.ed.gov/policy/gen/guid/fpco/ferpa/index.html). Examples of administrative software include, but are not limited to, the following: PowerCampus, Self-Service, Raiser’s Edge, Great Plains, Diebold ID Card system and EMS.

Level II
Level II products represent unique products that are required by a limited number of individual users for administrative tasks specific to their positions. Products at this level will typically be installed on the user’s local disk drive and not on the network, with the user’s data files stored on network drives for backup and recovery purposes. Generally users of these products will consist of less than a dozen users per product. The Office of Information Technology will make the final determination concerning whether these products will be installed on the network or local drives based on the product’s function and application requirements. These products receive a limited level of user and technical support from information technology due to their limited deployment and specialized focus. Users of these products should plan on becoming familiar with these products to a greater degree than products supported at Level I since limited expertise will be developed in the Office of Information Technology to support the product. Upgrades to these products will need to be coordinated and requested by users of the product. Automatic upgrades of the product will not normally be done by the Office of Information Technology. All copies of the product will be maintained at the same version and release level throughout the University. Recommendations with supporting rationale for additions and deletions to this
set of applications will be coordinated and recommended by the individual department in conjunction with the Office of Information Technology.

Level III

Level III products represent unique products that are not included in the Level I or II categories above. The user will install products at this level on the user’s local disk drive. These products will not be installed on network drives, although application files may be stored on network drives for security purposes. These products receive the lowest level of user and technical support from the Office of Information Technology due to their limited deployment, unique focus and individual user preferences. Users of these products should plan on becoming completely familiar with these products and should have expectations of supporting the product themselves. The Office of Information Technology assistance will be available only as time permits after Level I and Level II support needs are met. Upgrades to these products will be at the user’s discretion, but the University’s management reserves the right to remove any illegally obtained or installed software from any University owned computer, or to remove any software that is adversely affecting the operation of any networks to which the microcomputer is connected. The Information Technology Department will also conduct software audits periodically to ensure that the University is in compliance with state and federal laws concerning software use. The user should ensure that all copyright and license requirements are documented and on file for any software installed on her/his computer.

*** Additional software should not be purchased without the knowledge and consent of the Office of Information Technology.

Personally-Owned Computers on Campus

Hardware
No hardware support is available for non-University owned equipment for faculty & staff members. There are several local companies that provide warranty and out-of-warranty repair service on personal computers. You can contact the Helpdesk for recommended vendors.

Other
Personally-owned computers belonging to faculty or staff members in use on campus will be supported for network connectivity only, and then only if they meet the minimum system requirements found in the current user packet or information technology website.
