ViaQuest

This guide is meant to help focus your efforts. There may be other employers who could be a good match for your major and/or career goals, so we encourage you to view all the employers' opportunities. This guide was printed on 8/30/22 so be aware that there may be changes to the employers in attendance by the event date.

Also note that some employers may set their interview schedules late or add more time slots as the event date gets closer. Keep checking back until you see sessions for which to register.

This is a *speed* interview event. Your interviews will only last 10 minutes. In order to schedule an interview, you must open an account on Handshake, complete your profile (especially GPA, graduation or class year, majors), and set your profile to "public".

If you cannot keep an interview that you signed up for, please return to the site and cancel your time so that another student may have that spot.

NEVER no-show for an interview.

This event is a collaboration among the universities in Northeast Ohio and is being hosted by University of Akron. If you see references to University of Akron, you are in the right place!
