In the event that a member seeks medical care from a physician or hospital outside of the network, HTH will work with the hospital or doctor’s office to arrange for payment so that the member will not need to pay out of pocket for treatment. HTH does not require use of our contracted community of providers.

Easy Access to Reputable Physicians, Specialists and Facilities

Though students in need of medical care are free to see any doctor they choose, HTH Worldwide has built a reputable provider community. Healthcare standards and practices can vary greatly from country to country, and the HTH Worldwide provider community ensures that students have access to care from English-speaking, Western-trained physicians and specialists. Enrollment

**Online rosters are processed the same business day.** HTH Worldwide has full capability to enroll members and deliver fulfillment materials. HTH has developed online administrative capabilities to streamline work flows and enhance reliability. Most of HTH’s group customer members are enrolled online. HTH creates and delivers a wide variety of fulfillment materials in print or online.

Fulfillment

ID cards are available on the web immediately following processing of rosters. Documents are also sent through the mail to the destination of your choice.

- Option 1: HTH can mail a complete fulfillment package (ID card, certificate, claim forms and privacy policy) to each student individually.
- Option 2: HTH can provide the school’s plan administrator with the fulfillment package for the administrator to distribute.
- Option 3: HTH can send partial fulfillment packages such as the certificate, claim forms and privacy policy to the administrator. The ID cards are sent to each individual enrollee.

When HTH pre-prints your ID cards, each card is attached to a welcome letter, which highlights the valuable benefits of the program and includes an invitation to the student to register online at hthstudents.com. After registering, the student has access to all of the interactive tools.

Invoicing

**Invoices can be customized and printed from the advisors site.** Schools are invoiced from the submitted rosters. An invoice has a cover sheet that lists the total premium owed and an invoice date. Supporting documentation is attached, listing certificate number, name, date of birth, coverage dates, premium amount per person and coverage type. Premiums can be paid by check or credit card up to thirty days after submission of the roster.

Claims Processing

All claims are processed by HTH Worldwide Insurance Services. Claims for reimbursement of medical expenses if not directly billed or for AD&D benefits, would be accompanied by a claim form, available for download from nthadvisors.com and nthstudents.com or by calling the Customer Service Center. Claims can be paid in any currency legally allowable to be sent from the U.S.
VII. International Claims/Cost Management

HTH Worldwide can pay claims via wire transfer in any currency legally allowable to be sent from the United States. Currently, HTH routinely sends funds in over 50 different currencies. Insured individuals are asked at the time of claims submission how they would like to be paid – either via wire transfer or by check. If payable by wire, individuals can then select in which currency they would like to be paid (even if the medical expenses were incurred in another currency) and provides their banking details. If an insured member would like to be paid by check, HTH Worldwide will reimburse the member with a US dollar check, which can be mailed to any location in the world.

I needed medical insurance to meet visa requirements for a trip to Europe. I was delighted by the solution HTH provided. Not only was I able to do everything online, but you responded to my request to provide me a letter to the consulate, and the response time was phenomenal. I will recommend your services to anyone in need.
- Sanjay S.

“I found HTH’s online tools incredibly helpful for looking up brand names of medicines in other countries.”

When I traveled from the US to Colombia and Ecuador, I knew that during my trip I would need new prescriptions—they could not be filled for long enough periods in the U.S. prior to my trip. I found HTH’s online tools incredibly helpful for looking up brand names of medicines in other countries. When I went to a pharmacy to get new prescriptions while in Ecuador, I had no problem finding what I needed. Thanks very much!
- Ruth G.

“I was able to look up a doctor in London online and make an appointment with him the same day.”

I was able to look up a doctor in London online and make an appointment with him the same day. He was professional and friendly, and the whole process couldn’t have gone more smoothly. I was very happy to be able to connect with a qualified professional when outside the U.S. right away. Thank you!
- Ivan S.

“Thanks HTH for such a great product.”

While in the airport some travelers were discussing the travel insurance they had purchased along with all the "What Ifs". When I was asked if I carried travel insurance, I replied, “Yes most definitely. I’ve used this product in the past and I would never travel without it.” When I told them why, they were totally amazed at all the benefits and services the policy includes, and how affordable it is. Thanks HTH for such a great product.
- Randell T.

“They are constantly communicating with me…”

HTH has been incredibly helpful with expediting treatment of our students studying abroad. They are constantly communicating with me and answer all of my questions almost as soon as I send an email. I have been very impressed with HTH.
