

NEW RAIDER NEWS

From now through August, you'll receive the weekly New Raider News newsletter, with all the information you need to know as an incoming student. You'll get reminders about next steps and tips to prepare for life on campus. Come fall, you'll be ready.

Bring Your Own Device (BYOD)

The Helpdesk is often asked "Should I get a Mac or Windows PC?" Our normal answer is get a device that you are comfortable using, but you should also consider your intended major.

Whether you are buying a new computer or using a computer you already own you should check out our machine standards on the [BYOD](#) web page. While we do have wireless connectivity in all of our classrooms, we do suggest making sure your computer has ethernet connection, or that you have an adapter. This connection will provide you a more reliable and faster connection. If you have additional questions, or need any help please feel free to contact the IT Helpdesk at helpdesk@mountunion.edu or (330) 829-8726.
