

## **COUNSELING SERVICES WALK-IN HOURS**

Walk-in hours are times that are set aside for students who suddenly need help but do not have a scheduled counseling appointment. During a walk-in appointment, a counselor will provide a consultation to students. A consultation is an informal meeting with a counselor. The counselor acts as an expert, providing advice, guidance, and linkage to ongoing services.

Walk-in hours are being provided during the times listed below, in Student Affairs, located behind the information desk in HPCC across from the University Store.

Remember, all services provided by the Counseling Department are free and confidential to current Mount Union students.
