

5 Takeaways from the First 15 Weeks: Families

The First 15 Weeks: Lessons from the Journey

01

The Transition to College Takes Time

Adjusting to college is a process, and challenges are often a normal part of that journey.

02

Struggle Does Not Mean Failure

Setbacks happen. What matters most is how students learn, adapt, and move forward.

03

Your Student Still Needs You

Your role may look different, but your encouragement and support remain incredibly important.

04

Mount Union has a Network of Support

Faculty, staff, and peer leaders are here to help students navigate college and find success.

05

Growth is the Goal

A successful first semester isn't about having all the answers, it's about learning, exploring, and growing along the way.
